*Colossal Heads of the Olmec Culture* University of California, Berkeley. Archaeological Research Facility, C. William Clewlow, 1967     [The Olmec World](#) Ignacio Bernal, 2023-11-15     **The Olmec Head** David Westheimer, 1974-01-01 Sam Bell accompanied by four trucks eight drivers the boss's assistant and a beautiful woman is attempting to smuggle a massive piece of pre-Columbian sculpture out of Mexico Waiting for him along the way are breakdowns shootouts hijackings accidents treachery and the Mexican Police     *Discovering the Olmecs* David C. Grove, 2014-11-01 An eminently readable account of this ancient Mesoamerican civilization and the experiences of the archaeologists who have unearthed its history Choice The Olmecs are renowned for their massive carved stone heads and other sculptures the first stone monuments produced in Mesoamerica Seven decades of archaeological research have given us many insights into the lifeways of the Olmecs who inhabited parts of the modern Mexican states of Veracruz and Tabasco from around 1150 to 400 BC and there are several good books that summarize the current interpretations of Olmec prehistory But these formal studies don't describe the field experiences of the archaeologists who made the discoveries What was it like to endure the Olmec region's heat humidity mosquitoes and ticks to bring that ancient society to light How did unforeseen events and luck alter carefully planned research programs and the conclusions drawn from them And importantly how did local communities and individuals react to the research projects and discoveries in their territories In this engaging book a leading expert on the Olmecs tells those stories from his own experiences and those of his predecessors colleagues and students Beginning with the first modern explorations in the 1920s David Grove recounts how generations of archaeologists and local residents have uncovered the Olmec past and pieced together a portrait of this ancient civilization that left no written records The stories are full of fortuitous discoveries and frustrating disappointments helpful collaborations and deceitful shenanigans What emerges is an unconventional history of Olmec archaeology a lively introduction to archaeological fieldwork and an exceptional overview of all that we currently know about the Olmecs     **The Olmecs** Hourly History, 2019-06-17 Many ancient civilizations are described as mysterious but few offer as many puzzles and unanswered questions as the Olmecs Arriving in lands near the Gulf of Mexico around 1500 BCE they introduced new ideas in engineering agriculture and religion yet their origins remain unknown Just as suddenly as they appeared they vanished around 400 BCE leaving behind no written records but a legacy that shaped nearly every Mesoamerican culture that followed Inside you'll explore Origins The Olmec Enigma The Fall of San Lorenzo Were Jaguars and Feathered Serpents The Rise of La Venta The Disappearance of the Olmecs And much more Scholars continue to debate the nature of the Olmecs were they indigenous innovators or arrivals from distant lands Some argue they were one of many early cultures while others call them the mother culture of Mesoamerica Less than a century ago their very existence was still questioned This concise guide tells the story of the Olmecs through their unique legacy and mysterious artifacts Whether you're a history enthusiast or simply curious about one

of the world's most enigmatic civilizations this book offers an accessible and thought provoking introduction Get your copy today and uncover the secrets of the Olmecs

Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity FEATURES A two volume A to Z work available in a choice of print or electronic formats 350 signed entries each concluding with Cross references and Further Readings 150 figures and photos Front matter consisting of an Introduction and a Reader s Guide organizing entries thematically to more easily guide users to related entries Signed articles concluding with cross references      *The Promise Kept* A. diverse philosophies and cosmologies and much more an evaluation of claims regarding imagined imports of technical cultural religious and practical artifacts Slack examines numerous Afrocentrist claims including that cultural tutors from black Africa roamed early Europe Muslim Spain and pre Columbian Mesoamerica and even traveled to ancient China with all sorts of cultural intellectual and scientific contributions The author concludes that most damaging to the credibility of Afrocentrists is their willingness to adopt any and every theory that supports their ideological thesis of African cultural supremacy overtly or covertly based upon race Open your mind to an honest and impartial view of world history with *White Athena* Volume 2

**The Colossal** Peter Mason, 2013-06-01 Peter Mason takes a bold multidisciplinary approach in this account of the idea of the colossal in culture He gathers instances of the colossal throughout history including the obelisks of Egypt the Colossus of Rhodes the Roman Colosseum the heads of the Olmecs and the stone statues of Easter Island using historical and archaeological evidence to position them within the context of time and culture Mason establishes a vision of the colossal that encompasses both the colossal in scale and another overlooked sense of the word the archaic Greek kolossos a ritual effigy and its modern equivalents Combining fascinating detail with a rigorous account that spans three millennia The Colossal argues that the artist who best understood and tapped into the kolossos was Alberto Giacometti Mason shows that the Swiss sculptor and painter's work articulated themes of death and mourning in ways rarely seen since the art of archaic Greece themes most evident in his enigmatic work *The Cube* From the monolithic sculptures of long dead civilizations to Giacometti's imposing and unsettling heads The Colossal is an innovative book that traces unexplored thematic threads through visual history

*The Olmec World - San Lorenzo and La Venta* History Americas, 2025-09-28 Beneath the swamps and jungles of Mexico's Gulf Coast more than three thousand years ago the first great civilization of the Americas rose and flourished Known today as the Olmecs these ancient people carved colossal stone heads from volcanic basalt raised vast earthen pyramids from the floodplains and shaped a symbolic world of jaguars serpents and sacred rulers who stood as mediators between gods and humankind Their influence rippled outward across Mesoamerica setting the stage for the Maya Zapotec Teotihuacan and Aztec civilizations that followed The Olmec World San Lorenzo and La Venta takes readers deep into the heartland of this enigmatic culture From the engineering marvels of San Lorenzo's basalt drains to the sacred pyramids and buried offerings of La Venta this book explores how the Olmecs

transformed an unforgiving landscape of rivers and swamps into a stage for cosmic drama Through their art monuments and rituals the Olmecs articulated the first draft of Mesoamerican civilization an enduring blueprint of sacred kingship cosmic alignment and monumental architecture But the Olmecs remain as elusive as they are monumental They left no long texts no chronicles of their rulers only fragments stone clay jade and mystery Were they truly the Mother Culture of Mesoamerica the progenitors of all that followed or one of many Sister Cultures flourishing together in a vast mosaic of innovation Their story is one of discovery and debate of colossal achievements and lingering enigmas This volume offers both a comprehensive introduction and a captivating narrative of the Olmec world its geography ecology art religion and legacy Written for mystery seekers history enthusiasts and lovers of ancient civilizations it brings to life the culture that stood at the dawn of the Americas a civilization both foundational and forever enigmatic
