is a poet and artist from the San Francisco Bay Area who has been tapped into the spirit realm for the past 20 years After dropping out of the Bay Area underground he has finally decided to share with the world his unique understanding of the astral plane and the curious inhabitants therein This large volume presents a poetic and lively take on magical theory and modern Occult philosophies while disclosing some of the authors more personal experiences with aliens and other denizens of the spirit world The text gets deep into the symbolisms of our collective unconscious revealing a truly interconnected understanding of natural morals while at the same time delivering tongue in cheek anti theist arguments sprinkled with a dark and sometimes satanic sense of humor In the spirit of Ragnar Redbeard s Might Is Right the legendary text aptly quoted in Anton LaVey s The Satanic Bible these encoded grimoires are a wild and winding map of a deeper conscious nature Sometimes ranting and often a bit mad were all a bit mad the information is sprinkled with esoteric poetry and symbolic illustrations building into a climax that might come as a bit of a surprise Chaos magician urban shaman synchromystic or perhaps a member of a secret orders or sect Azazel Rama remains a mystery to the modern spiritual community and a rebel against many popular and accepted ideals Come inside and join The Church Of The Free Mind where you will be taken on a wondrous ride through the multiverse of our collective lives BACK COVER COPY Welcome to a world of subversive literature filled with magical wisdom and the decoding of the occult In this volume author Azazel Rama explores the ancient secrets of astral travel and reveals a doorway to the multiverse of endless potential He then reveals how the heretical views of science and nature can slay the dragon of religion with common sense This is not a self help seminar filled with happy sunshine nonsense codes and false rainbows this is a journey into the forbidden The Church of the Free Mind has opened its gates and within this Holy Temple no messiah shall be said to exist Written as a diatribe against words this is the true philosophy of a snake swallowing its own tail Behold the self consuming god that exists within the flesh and souls of all living beings Embark upon a spiritual exploration of a higher order of freedom as it relates to an unconsciously connected society of human animals and learn the moral codes of Mother Nature as she echoes a sense of natural law through the depths of our collective being This collection of essays proposes a way to enter a new cycle of human understanding The Omni Interviews Pamela Weintraub,1984 Passport to the Paranormal Rich Newman,2021-09-08 Real American Hot Spots Every state has its spooky paranormal locations This book lists 200 haunted hotels restaurants bars museums and other haunted spaces that you can visit for yourself in all fifty states In Passport to the Paranormal expert ghost hunter Rich Newman explores the nature of each location s activity and provides historical details You also will find photos that help bring the stories alive These active

locations are operating businesses so you too can experience the haunts and apparitions Gallivant with ghostly gunfighters at Big Nose Kate's Saloon in Tombstone Arizona Take a twirl with the Lady in Blue at the Moss Beach Distillery in California Try not to get pranked by the Sheriff the resident spirit at the Grand Old Lady Hotel in Balsam North Carolina Discover these and hundreds more stories of hauntings specters and things that go bump in the night in this treasure trove of real paranormal activity

Supernatural America Lawrence R. Samuel, 2011-08-03 This book is much more than an authoritative and compelling look at the cultural history of the supernatural over the last century in America it also explains why we want to believe The supernatural psychic phenomena telepathy clairvoyance or ESP communicating with the dead and the sighting and tracking of ghosts has played an integral role in American culture across the last century In fact attention and interest in the supernatural has increased despite our society's reliance upon and enthusiasm for science and technology Even some top scholars officials from the military and police and public figures in places as high as the Oval Office have believed in at least some aspects of the supernatural *Supernatural America A Cultural History* is the first book to examine the cultural history of the supernatural in the United States documenting how the expansion of science and technology coincided with a rise in supernatural paranormal beliefs From the flourishing of spiritism in the 1920s to the early 21st century when the paranormal is bigger than ever this entertaining and educational book explains the irresistible allure of the supernatural in America

Psychological Perspectives on Reality, Consciousness and Paranormal Experience Tony Jinks, 2019-10-03 This book explores various explanatory frameworks for paranormal encounters It opens with the story of an inexplicable human figure seen crossing a secluded hotel corridor interpreted as a ghost by the sole witness The subsequent chapters explore the three most important historical perspectives accounting for this and other types of paranormal experience Each perspective is examined from first principles with specific reference to what happened in the corridor how it happened why it happened and who might be responsible The first perspective considers the experience to be legitimate to be something real and various possibilities are presented that are grounded in the paranormal and parapsychological literature among which a ghost is one putative explanation In turn the second perspective treats the experience as being wholly illegitimate With reference to psychological theory the ghost sighting is a product of erroneous consciousness The third perspective is different yet again and considers the sighting to be authentic but argues that explaining the ghost requires a radical departure from conventional models of reality and consciousness By contrasting these three paths the book provides a valuable resource for readers interested in the philosophical and psychological origins of explanations for paranormal experiences from the 19th century to the present It will appeal to general readers in addition to students and scholars of parapsychology anomalistic psychology and consciousness studies
