Gordon McLester, Laurence M. Hauptman, Judy Cornelius-Hawk, Kenneth Hoyan House, 2019-05-02 Essays exploring the relationship between the Wisconsin Native American tribe and the Episcopal clergy This unique collaboration by academic historians Oneida elders and Episcopal clergy tells the fascinating story of how the oldest Protestant mission and house of worship in the upper Midwest took root in the Oneida community Personal bonds that developed between the Episcopal clergy and the Wisconsin Oneidas proved more important than theology in allowing the community to accept the Christian message brought by outsiders Episcopal bishops and missionaries in Wisconsin were at times defenders of the Oneidas against outside whites attempting to get at their lands and resources At other times these clergy initiated projects that the Oneidas saw as beneficial a school a hospital or a lace making program for Oneida women that provided a source of income and national recognition for their artistry The clergy incorporated the Episcopal faith into an Iroquoian cultural and religious framework the Condolence Council ritual that had a

longstanding history among the Six Nations In turn the Oneidas modified the very form of the Episcopal faith by using their own language in the Gloria in Excelsis and the Te Deum as well as by employing Oneida in their singing of Christian hymns Christianity continues to have real meaning for many American Indians The Wisconsin Oneidas and the Episcopal Church testifies to the power and legacy of that relationship **A Nation within a Nation** L. Gordon McLester III, Laurence M. Hauptman, 2014-03-07 For the first time the Oneidas of Wisconsin tell their own story in this richly diverse authoritative contemporary history A Nation within a Nation gathers first person accounts biographical essays and scholars investigations in a sweeping and provocative consideration of the period of 1900 1969 First Americans Thomas Grillo, 2018-05-22 The little known story of how army veterans returning to reservation life after World War I transformed Native American identity Drawing from archival sources and oral histories Thomas Grillo demonstrates how the relationship between Native American tribes and the United States was reinvented in the years following World War I During that conflict twelve thousand Native American soldiers served in the U S Army They returned home to their reservations with newfound patriotism leveraging their veteran cachet for political power and claiming all the benefits of citizenship even supporting the termination policy that ended the U S government's recognition of tribal sovereignty **Pathways to Excellence**, 1992
