Keyes, 2024-02-27 Education is Freedom explores the transformative power of education and its ability to liberate individuals and societies from the constraints of ignorance, inequality, and oppression. In this book, author James Keyes explores the ways education empowers people to take control of their lives, to pursue their dreams, and to contribute to the world in meaningful and fulfilling ways. He provides a roadmap to the why, what, and how of learning. The book outlines the importance of education for all mankind, the power of education to change our world, and the wisdom to unlock our personal freedom while preserving our democracy. Where does humanity go to school? Democracy across the world is at risk. With the polarization of today's society, the foundational right to freedom of speech is now being challenged from all sides. The truth is under siege as misinformation and hostility have replaced critical thinking and civil discourse. Our freedom of self-determination has a prerequisite: an informed electorate. If that electorate is armed with false information or is influenced by outside forces, their actions and reactions can put democracy in jeopardy. Today more than ever, we must nurture the

education knowledge and wisdom of individuals to discern right from wrong truth from fiction and success from failure If learning is the key to success then how can humanity advance its own cause Our forefathers recognized that an educated populace was the very foundation of democracy Education is a self help guide for humanity that allows us to individually and collectively understand the roadmap to freedom For the individual education is the one common denominator that separates those who are free from the ones trapped in their own reality Someone can take your money your material things your job but they can't take away what you know With knowledge you can replace anything lost you can be free to explore the world you are beholden to no one Whatever challenges or adversity you face in life embracing a learning mentality will empower you and set you free Humanity must indeed go back to school because the future is in our hands [The Credit Investor's Handbook](#) Michael Gatto, 2023-12-27 Prepare for or enhance a career investing in the credit markets with this authoritative guide The leveraged credit market is currently valued at over 4 trillion and is one of the fastest growing asset classes fueling demand for well trained credit analysts The Credit Investor's Handbook Leveraged Loans High Yield Bonds and Distressed Debt is the definitive guide for young investment professionals embarking on a career investing in the leveraged credit markets whether public private performing or distressed Experienced professionals will also immensely benefit from this guide as they refine their investment skills Michael Gatto has twenty five years of investing experience in the debt markets at Silver Point Capital a 20 billion credit focused fund and Goldman Sachs Special Situations Group Furthermore he is an adjunct professor at Columbia Business School and Fordham University's Gabelli School of Business Michael brings these experiences together in this comprehensive manual teaching the skills to succeed in the dynamic and complex credit markets Michael brings highly complex case studies to life using decades of his first hand war stories and combines them with reflections from leading industry professionals often infused with humor to make the book accessible readable and fun Michael's seven step credit analysis process will prepare you for a career in credit investing at the top buy side and sell side firms on Wall Street by teaching you the technical skills needed to invest in the debt markets Whether you are analyzing a loan origination in the private debt market a new issue of a broadly syndicated loan BSL a high yield bond HY or a secondary trade the comprehensive knowledge gained from this book will equip you to make well founded investment recommendations Additionally an entire section devoted to distressed debt investing incorporates a practitioner's perspective on the nuances of bankruptcy and restructurings to develop strategies to profit from opportunities in this opaque market In clear straightforward terms accessible to the layperson Michael explains strategies pursued by distressed companies such as J Crew and Serta that have led to creditor on creditor violence giving you an insider's perspective on some of the least understood transactions in the distressed arena You will Gain In Depth Knowledge Understand the complexities of credit markets from trading dynamics to historical credit cycles allowing you to identify debt investment opportunities and avoid pitfalls Master the Analytical Framework Learn Michael's seven step process for analyzing credit investments including
