The Only True America Following The Trail Of Lewis And Clark:

The Only True America David R. Hauser, 2000-08-14 Probing the Journals of Lewis and Clark far more closely than other works the book develops the understanding that these Enlightenment gentlemen from Virginia gradually entered the unfamiliar world of the West and Native American animism and magic and they responded differently Clark adapted and learned from the Indians whereas Lewis resisted them as savages Clark returned after having envisioned a landscape of hope and lives a long life of service to native tribes Lewis saw a landscape of despair and in the three remaining years of his life encountered conflict and disappointment Both perspectives on the West are still alive Some find in the virtual obliteration of Native American cultures and the despoiling of the land itself the loss of the West But another impulse toward energy inventiveness and community spirit seems alive especially evident in the smaller cities and larger towns along the route of the explorers In such places the landscape of hope is very much alive The experience of Lewis and Clark then parallels our experience today

President by Massacre Barbara Alice Mann, 2019-08-27 *President by Massacre* pulls back the curtain of expansionism revealing how Andrew Jackson William Henry Harrison and Zachary Taylor massacred Indians to open land to slavery and oligarchic fortunes *President by Massacre* examines the way in which presidential hopefuls through the first half of the nineteenth century parlayed militarily mounted land grabs into Indian hating political capital to attain the highest office in the United States The text zeroes in on three eras of U S expansionism as it led to the massacre of Indians to open land to African slavery while luring lower European classes into racism s promise to raise white above red and black This book inquires deeply into the existence of the affected Muskogee Creek Shawnee Sauk Meskwaki Fox and Seminole before and after invasion showing what it meant to them to have been so displaced and to have lost a large percentage of their members in the process It additionally addresses land seizures from these and the Tecumseh Tenskwatawa Black Hawk and Osceola tribes *President by Massacre* is written for undergraduate and graduate readers who are interested in the Native Americans of the Eastern Woodlands U S slavery and the settler politics of U S expansionism

After Lewis and Clark Robert M. Utley, 2004-01-01 In 1807 a year after Lewis and Clark returned from the shores of the Pacific groups of trappers and hunters began to drift West to tap the rich stocks of beaver and to trade with the Native nations Colorful and eccentric bold and adventurous mountain men such as John Colter George Drouillard Hugh Glass Andrew Henry and Kit Carson found individual freedom and financial reward in pursuit of pelts Their knowledge of the country and its inhabitants served the first mapmakers the army and the streams of emigrants moving West in ever greater numbers The mountain men laid the foundations for their own displacement as they led the nation on a westward course that ultimately spread the American lands from sea to sea **Congressional Record** United States.
