The Opportunist John Douglas, 2014-10-31 Most of us think we know ourselves and some of us actually do Clive Mason was neither he didn't care Our protagonist for he could hardly be called a hero was one of the fortunate people he loved what he did did it well and was successful For him it wasn't the money though that helped but the buzz he felt when he'd completed what he'd set out to do Many experience a Road to Damascus moment in their lives and Mason is one of those Though those of us who have experienced it know it can come in many different forms

Masters of Deceit: The Story of Communism in America and How to Fight It J. Edgar Hoover, 2020-09-28 Many Americans have not stopped to realize what a Soviet America would mean The communists however have no doubts Their blueprints are already made So at the very outset let us look at their dream and see what it would mean to you and me and all the people we know In June 1957 Nikita Khrushchev Soviet Communist Party boss was interviewed before a nation wide American television audience With calm assurance he stated I can prophesy that your grandchildren in America will live under socialism And please do not be afraid of that Your grandchildren will not understand how their grandparents did not understand the progressive nature of a socialist society William Z Foster former National Chairman of the Communist Party of the United States now Chairman Emeritus of the Party's National Committee also predicted that this nation will one day become communist when he stated in 1949 in dedicating his book *The Twilight of World Capitalism* To My Great Grandson Joseph Manley Kolko Who Will Live in a Communist United States These words of Russia's top Party boss and one of the highest ranking communists in the United States reveal the nature of the enemy we face To make the United States a communist nation is the ambition of every Party member regardless of position or rank He works constantly to make this dream a reality to steal your rights liberties and property Even though he lives in the United States he is a supporter of a foreign power espousing an alien line of thought He is a conspirator against his country The communist is thinking in terms of now in your lifetime Remember that within four decades communism as a state power has spread through roughly 40 per cent of the world's population and 25 per cent of the earth's surface Some years ago communists were complaining that their fatherland Soviet Russia was encircled a

communist island in a capitalist sea Today the situation is changed The world communist movement is on the march into Germany the Balkans the Middle East stretching across the plains of Asia into China Korea and Indochina Communists have never won over an entire country by a free election and have never hesitated to shed blood if this would best serve their purposes Moreover in noncommunist countries thousands of Party members are working for Moscow Communists firmly believe they are destined to conquer the world This belief is held in the United States too A disciplined Party of hard core fanatical members is now at work with their fellow travelers sympathizers opportunists and dupes Communists in our country though small in numbers do not feel lonely They have faith in the big Red brother who will come to their help William Z Foster s hope a Red America is today inspiring thousands of Party members and sympathizers to determined effort They want to add America to Soviet Russia s list of conquests Integral Psychotherapy R. Elliott Ingersoll, David M. Zeitler, 2010-08-01 Introduces integral psychotherapy to scholars practicing psychotherapists and general readers An Outsider's Guide to Antifa - Volume II Matthew Knouff, 2018-04-30 The second volume of an all encompassing series on the Antifa movement This edition discusses issues with the political spectrum and how political beliefs within Antifa fail to adhere to the left right political paradigm Various political factions philosophical influences and current points of unity are also discussed Issues such as the non aggression principle and gun rights also discussed Some historical content **Splitting the Difference** Martin Benjamin, 1990 Politics is often characterized as the art of compromise the implication being that compromise is desirable and that insight imagination discipline and skill are all necessary for a compromise Compromise in ethics however is quite another matter there it is usually regarded as a sign of weakness or lack of integrity From Socrates and Sir Thomas More to Elizabeth Cady Stanton Gandhi and Martin Luther King Jr we honour these men and women not only for the nature of their convictions but also for their unwavering refusal to compromise **An Act to Combat International Terrorism** United States. Congress. Senate. Committee on Governmental Affairs, 1978 **Jockeying for the American Presidency** Lara M. [Liar's Poker \(25th Anniversary Edition\): Rising Through the Wreckage on Wall Street \(25th Anniversary Edition\)](#) Michael Lewis, 2014-10-27 The time was the 1980s The place was Wall Street The game was called Liar's Poker Before there was Flash Boys and The Big Short there was Liar's Poker A knowing and unnervingly talented debut this insider's account of 1980s Wall Street excess transformed Michael Lewis from a disillusioned bond salesman to the best selling literary icon he is today Together the three books cover thirty years of endemic global corruption perhaps the defining problem of our age which has never been so hilariously skewered as in Liar's Poker now in a twenty fifth anniversary edition with a new afterword by the author It was wonderful to be young and working on Wall Street in the 1980s never before had so many twenty four year olds made so much money in so little time After you learned the trick of it all you had to do was pick up the phone and the money poured in your lap This wickedly funny book endures as the best record we have of those heady frenzied years In it Lewis describes his own rake's progress through a powerful investment bank From an unlikely beginning art history at Princeton he rose in two short years from Salomon Brothers trainee to Geek the lowest form of life on the trading floor to Big Swinging Dick the most dangerous beast in the jungle a bond salesman who could turn over millions of dollars worth of doubtful bonds with just one call As he has continued to do for a quarter century Michael Lewis here shows us how things really worked on Wall Street In the Salomon training program a roomful of aspirants is stunned speechless by the vitriolic profanity of the Human Piranha out on the trading floor bond traders throw telephones at the heads of underlings and Salomon chairmen Gutfreund challenges his chief trader to a hand of liar's poker for one million dollars
