William Franklin, 1996-06-01 This review of the Apostolicae

Curae presents six essays by American and British contributors both Anglican and Roman Catholic on the 100th anniversary of the papal condemnation of Anglican Orders. The book also includes the English translation of the original papal document and the Anglican response to it at that time. An introduction by R. William Franklin describes the history of the tensions between the two churches and the theological differences between them. Franklin helps the reader understand the relevance of these 100 year old documents to today's ecumenical concerns and hopes. From the Foreword: This forthright and unequivocal pronouncement which the Roman Catholic Church has never rescinded or modified is of such critical importance to the Anglican Roman Catholic relations that it deserves to be memorialized in print a hundred years later and to be examined in depth both on the account of the arguments it deployed and of the consequences that have flowed and still flow from it. Hugh Montefiore, Bishop of Birmingham, ret. *The Ordination of Women--pro and Con*, Michael Pollock Hamilton, Nancy S. Montgomery, 1975. *American Originals*, Paul Keith Conkin, 1997. In a work of striking breadth and clarity, Paul Conkin offers an even handed and in depth look at the major American made forms of Christianity—a diverse group of religious traditions each of which reflects a significant break from western Christian orthodoxy.
