Discourse on the State and Grandeurs of Jesus Pierre de Bérulle,2023-11-30 Pierre de B rulle 1575 1629 is one of the foremost personalities of early modern Catholicism As the founder of the French school of spirituality he has exercised a profound influence on the Church from the seventeenth century to the present day Until now however very little of B rulle s writings have been available in English This volume provides the first complete English translation of his best known work first printed in Paris in 1623 and titled Discourses on the State and Grandeurs of Jesus by the Ineffable Union of the Deity with Humanity and the Submission and Servitude that Is Due Him and His Most Holy Mother in Response to This Wondrous State Composed in his maturity this work expresses B rulle s theology of the Man God whose self emptying has enabled us to become capable of God In contrast to other spiritual writers who taught that mystical union with God follows the extinction of all sensory and conceptual awareness and all activity of willing B rulle s focus is on the faithful soul s participation in what he

calls Jesus states or inner dispositions The state that B rulle describes and honors supremely in this text is Jesus state of self emptying in the mystery of the Incarnation In the hypostatic union our humanity in Christ is lifted up to heaven and Christ is the first fruit of humanity made divine the firstborn among many brothers Through him we become children of God by adoption participants in God s divine being This is an outstanding translation conveying not only the meaning but also the beauty and rhetorical features of the original The Discourses will repay reading as a poignant source of personal devotion a primary text of the Catholic Reformation and a classic of spiritual theology

The Bride of Christ - A Metaphor for the Church Norbert Schnell, 2020-01-01 Lumen gentium the Dogmatic Constitution on the Church of the Second Vatican Council uses various images to speak about the Church This study is about the Church as the Bride of Christ Unlike the great images of the Church as the People of God and the Body of Christ the image of the Church as the Bride of Christ has never been extensively examined since the Second Vatican Council The current research is a biblical and systematic theological study of this image Its main question is what this metaphor can tell us about the essence of the Church and what its consequences are for the life of the Church today Norbert Schnell priest of the Archdiocese of Utrecht rector of Bovendonk training college for the priesthood and permanent diaconate Breda Netherlands
