The Origins Of Folklore:

The History of Folklore in Europe Giuseppe Cocchiara, 1981 **Mapping the History of Folklore Studies** Dace Bula, Sandis Laime, 2017-05-11 This collection of articles provides rich and diverse insights into the historical dynamics of folkloristic thought with its shifting geographies shared spaces centres and borderlands By focusing on intellectual collaboration and sharing the volume also reveals the limitations barriers and boundaries inherent in scholarship and scholarly communities Folklore scholars from Estonia Germany Hungary Latvia Lithuania Sweden and the USA reflect upon a range of related questions including To what extent and in what sense can folklore studies be regarded as a shared field of knowledge Which lines of authority have held it together and what forces have led to segmentation How have the hierarchies of intellectual centres and peripheries shifted over time Do national or regional styles of scholarly practice exist in folkloristics The contributors here pay attention to individual personalities the politics and economics of scholarship and forms of communication as meaningful contexts for discussing the dynamics of folklore theory and methods *The Origins of Folk-Lore* John Fiske, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **History of British Folklore** Richard Mercer Dorson, 1999 First published in 1999 Routledge is an imprint of Taylor Francis an informa company **On the Origin of Myths in Catastrophic Experience, vol. 1: Preliminaries** Marinus Anthony van der Sluijs, 2019-01-01 Creation myths around the world reveal an intricate network of recurrent motifs Many of these are counterintuitive and not widely known describing a time when the sky was low the stars did not yet shine multiple suns appeared the moon was brighter than the sun no land existed deities and mortals maintained frequent contact a world axis in the form of a tree ladder or giant man connected the earth with the sky a devastating flood or fire ended the old order and so forth The present work in multiple volumes aims to find an origin for this cross culturally and internally consistent body of traditions in a series of extraordinary natural events relating especially to the earth s transition from the last glacial period to the Holocene This first volume sets the stage for the interdisciplinary hypothesis Essential lines of research receive a historical introduction comparative mythology catastrophism and the study of the mythical world axis in relation to the earth s rotation Various astronomical and meteorological interpretations that are not strictly catastrophist are explored for several types of myths about the sun the moon and the world axis but leave many of the most intriguing traditions unexplained It is argued that a structural core of the worldwide mythology of creation and destruction in which the cosmic axis takes pride of place points to a specific period of dramatic natural circumstances in real prehistoric time A new synopsis is provided of this universal mythological substrate It emerges that the mythical world axis cannot have been based on a single object seen or imagined at

one of the poles as has usually been supposed This surprising conclusion paves the way for the innovative geomagnetic theory proposed in volume 2 [Folklore for Stalin](#) Frank J. Miller,2020-08-26 After the First Congress of Soviet Writers in 1934 folklore like literature became an instrument of the political propagandist Folklorists devoted considerable efforts to attending to what purported to be a rebirth of the Russian epic tradition producing works of pseudofolklore that as often as not featured Joseph Stalin in the hero's role Miller's account of this curious episode in the history of popular culture and totalitarian politics and his synopses and translations of classic examples of folklore for Stalin seek to serve as a resource not only for the study of contemporary folklore but also for the political scientist [Theory and History of Folklore](#) Vladimir I. Propp,1985 [Origins and Creation Mythology of the Far East](#) DTTV Publications,Norah Romney,2021-04-15 Beliefs about the origin of the Earth and the men animals plants and various topographical features seem to survive with greater persistence than any other trait of primitive culture These beliefs lie at the base of nearly all religions and the myths in which the beliefs are preserved are the foundation of literature Therefore the preservation and study of origin myths are of much importance in the reconstruction of the history of humanity which is the chief aim of anthropology The peoples of the Philippines have rich and varied mythology yet little has been explored but which will one day command much attention Among the Christianized peoples of the plains the myths are preserved chiefly as folk tales but in the mountains their recitation and preservation are a real and living part of the people's daily religious life Very few of these myths are written the great majority are preserved by oral tradition Bizarrely this region's Mythology seems connected to various other world mythologies in some cases almost identical Until recent years it has been believed that all ancient records written in the syllabic alphabets which the Filipinos possessed at the time of the Spanish conquest had been lost [Irish History & Mythology: Exploring The History, Celtic Myths, Folklore, Sagas, Traditions of Ireland](#) History Brought Alive, Are you fascinated by tales of ancient gods goddesses villains and heroes Do you want to learn more about the enchanting history of Ireland and its people Explore Ireland's Rich History Mythology with This Book Discover From the ancient tales of the Tuatha D Danann to the iconic events of the Easter Rising this book takes you on a journey through the ages Learn about the major events in Ireland's history including the Viking invasions the Tudor conquests and the Great Famine You'll gain a deep understanding of the events that have shaped this unique and vibrant country But that's not all you'll also discover the gods goddesses heroes villains and fascinating stories that have been passed down through generations of Irish You'll learn about the mythical land of Tir na Nog the powerful Morrigan the legendary hero C Chulainn and many more Whether you're a history buff or simply looking to explore the captivating world of Irish mythology Irish Mythology History is the perfect read for you Pick up a copy today and prepare to be transported to a world of wonder fascinating facts and intrigue [The Origins of the World's Mythologies](#) E.J. Michael Witzel,2012-12-13 This remarkable book is the most ambitious work on mythology since that of the renowned Mircea Eliade who all but single handedly invented the modern study of myth and

religion Focusing on the oldest available texts buttressed by data from archeology comparative linguistics and human population genetics Michael Witzel reconstructs a single original African source for our collective myths dating back some 100 000 years Identifying features shared by this Out of Africa mythology and its northern Eurasian offshoots Witzel suggests that these common myths recounted by the communities of the African Eve are the earliest evidence of ancient spirituality Moreover these common features Witzel shows survive today in all major religions Witzel s book is an intellectual hand grenade that will doubtless generate considerable excitement and consternation in the scholarly community Indeed everyone interested in mythology will want to grapple with Witzel s extraordinary hypothesis about the spirituality of our common ancestors and to understand what it tells us about our modern cultures and the way they are linked at the deepest level

The Vampire in Folklore, History, Literature, Film and Television ,2015-09-18 This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present More than 6 000 entries document the vampire s penetration of Western culture from scholarly discourse to popular culture politics and cook books Sections by topic list works covering various aspects including general sources folklore and history vampires in literature music and art metaphorical vampires and the contemporary vampire community Vampires from film and television from Bela Lugosi s Dracula to Buffy the Vampire Slayer True Blood and the Twilight Saga are well represented *The History of Chinese Folktales* Liu Shouhua,2025-04-14 The History of Chinese Folktales is the first comprehensive study of Chinese folktale history spanning from the pre Qin period to the 20th century It references over 300 ancient texts and reviews more than 300 representative stories The book highlights three main research areas First motifs and types This involves identifying and categorizing various story motifs and types as well as analyzing subtypes to create a genealogy of folktales a process that reflects cultural exchanges among peoples Second cultural significance Employing historical materialism and cultural anthropology the book explores the cultural implications of folktales linking them to historical and cultural contexts to reveal their essence Third historical geographical comparison This involves a detailed examination of the life history of stories considering historical and geographical contexts to understand their essence and cultural flow A Bibliography of Mythology and Folklore William Swan Sonnenschein,1897 Encyclopedia of American Folklore Linda Watts,2020-07-01 Folklore has been described as the unwritten literature of a culture its songs stories sayings games rituals beliefs and ways of life Encyclopedia of American Folklore helps readers explore topics terms themes figures and issues related to this popular subject This comprehensive reference guide addresses the needs of multiple audiences including high school college and public libraries archive and museum collections storytellers and independent researchers Its content and organization correspond to the ways educators integrate folklore within literacy and wider learning objectives for language arts and cultural studies at the secondary level This well rounded resource connects United States folk forms with their cultural origin historical context and social function Appendixes include a bibliography a category index and a discussion of starting points

for researching American folklore References and bibliographic material throughout the text highlight recently published and commonly available materials for further study Coverage includes Folk heroes and legendary figures including Paul Bunyan and Yankee Doodle Fables fairy tales and myths often featured in American folklore including Little Red Riding Hood and The Princess and the Pea American authors who have added to or modified folklore traditions including Washington Irving Historical events that gave rise to folklore including the civil rights movement and the Revolutionary War Terms in folklore studies such as fieldwork and the folklife movement Holidays and observances such as Christmas and Kwanzaa Topics related to folklore in everyday life such as sports folklore and courtship dating folklore Folklore related to cultural groups such as Appalachian folklore and African American folklore and more

South Asian Folklore Peter J. Claus, Sarah Diamond, Margaret Ann Mills, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

The Oxford Companion to British History John Cannon, Robert Crowcroft, 2015-10-15 Here in a single convenient volume is the essential reference book for anyone with an interest in British history First published in 1997 under the editorship of the late John Cannon and in consultation with over 100 distinguished contributors this Companion has now been updated by Robert Crowcroft to include the very latest scholarship and research It describes and analyses the people and events that have shaped and defined life in Britain over more than 2 000 years of political social and cultural change encompassing topics as diverse as the War of the Roses the Blitz Stonehenge Henry VIII the suffragettes the industrial revolution the NHS the Suez Crisis the TUC and the Afghan campaign Over 4 500 entries provide a wealth of fact and insight on all aspects of the subject and from a variety of perspectives including social political military cultural economic scientific and feminist Entries cover not only monarchs battles and political events but also the wider aspects of British history over the centuries New entries on topics such as alternative vote the 2008 financial crisis Olympics in Britain and the Scottish Independence Referendum and UKIP ensure that the Companion remains relevant and current Useful appendices include maps and genealogies as well as a subject index Coverage includes authors composers and musicians legal and technical terms newspapers and periodicals ranks and orders sport and leisure and scholarship and education For those who like to explore history on the ground there are also entries on individual counties cathedrals and churches palaces and royal residences and a range of other sites of historical significance As well as providing reliable factual information the Companion also offers detailed interpretation and analysis giving readers a sense of how events and personalities relate to each other whilst its multi disciplinary approach places topics in a wide context Whether you need to check the date of the Peasants Revolt understand what happened at the Battle of Imphal find out about the history of maypoles or compare the careers of successive Princes of Wales *The Oxford Companion to British History* is a book no home reference shelf should be without

American Myths, Legends, and Tall Tales Christopher R. Fee, Jeffrey B. Webb, 2016-08-29 A fascinating survey of the entire history of tall tales folklore and mythology in the United States from earliest times to the present including stories and

myths from the modern era that have become an essential part of contemporary popular culture Folklore has been a part of American culture for as long as humans have inhabited North America and increasingly formed an intrinsic part of American culture as diverse peoples from Europe Africa Asia and Oceania arrived In modern times folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories with mass media such as comic books television and films contributing to the retelling of old myths This multi volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it Organized alphabetically the coverage includes Native American creation myths tall tales like George Washington chopping down his father s cherry tree and the adventures of King of the Wild Frontier Davy Crockett through to today s urban myths Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation Special attention is paid to African American folklore Asian American folklore and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic

Journal of American Folklore ,1929 Tales From The Other Side Pasquale De Marco,2025-05-10 Tales From The Other Side is an exploration of the unexplained the supernatural and the paranormal inviting you to venture beyond the ordinary into a realm where the unknown resides Within these pages you will embark on a journey of discovery encountering tales of the afterlife angels and demons ghosts and spirits cryptids and monsters legends and folklore and the occult and the supernatural We will delve into the realm of psychic abilities explore spiritual experiences and confront the unexplained and mysterious that lurk in the shadows of our world Whether you are a seasoned seeker of the paranormal or simply curious about the hidden realms that exist beyond our perception Tales From The Other Side offers a captivating and thought provoking exploration of these fascinating subjects Throughout the book you will encounter a diverse range of perspectives and experiences from those who claim to have witnessed the supernatural firsthand to skeptics who question the validity of such claims We will examine the evidence consider the arguments and ultimately leave it up to you to decide what you believe Our goal is not to provide definitive answers but rather to stimulate your curiosity inspire your imagination and challenge your preconceptions We believe that the world is a far more complex and mysterious place than we can ever fully comprehend and we invite you to embrace the wonder and uncertainty that comes with exploring the unknown Prepare to have your perceptions challenged your beliefs questioned and your mind expanded as we journey together into the enigmatic world of Tales From The Other Side From the depths of the unknown to the heights of the unexplained this book is an invitation to explore the mysteries that lie just beyond our grasp If you like this book write a review on google books
