The Origins Of Palestinian Nationalism Institute For Palestine Studies:

The Origins of Palestinian Nationalism Muhammad Y. Muslih, 1988 This book is the only work of its kind devoted exclusively to the institutional framework of Palestinian politics from 1856 until December 1920 when the third Palestinian Arab Congress was held in Haifa to decide the future of Palestine Muslih's book is also the first to present in detail the ideologies of Ottomanism and Arab nationalism and the ways in which they relate to Palestine In the groundbreaking analysis that considers the entire context of Arab politics Muhammad Muslih articulates a new interpretation for the emergence of Palestinian nationalism and one which will foster a better understanding of centuries old attachment of the Arab

Palestinians to their land and their struggle for its independence **Palestinians Born in Exile** Juliane Hammer, 2009-08-17 In the decade following the 1993 Oslo Peace Accords some 100 000 diasporic Palestinians returned to the West Bank and Gaza Among them were children and young adults who were born in exile and whose sense of Palestinian identity was shaped not by lived experience but rather through the transmission and re creation of memories images and history As a result returning to the homeland that had never actually been their home presented challenges and disappointments for these young Palestinians who found their lifeways and values sometimes at odds with those of their new neighbors in the West Bank and Gaza This original ethnography records the experiences of Palestinians born in exile who have emigrated to the Palestinian homeland Juliane Hammer interviews young adults between the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people **Religion, Politics, and the Origins of Palestine Refugee Relief** A. Slaves and Slave Agency in the Ottoman Empire Stephan Conermann, Gül Şen, 2020-05-11 Slaves and Slave Agency in the Ottoman Empire offers a new contribution to slavery studies relating to the Ottoman Empire Given the fact that the classical binary of slavery and freedom derives from the transatlantic experience this volume presents an alternative approach by examining the strong asymmetric relationships of dependency documented in the Ottoman Empire A closer look at the Ottoman social order discloses manifold and ambiguous conditions involving enslavement practices rather than a single universal pattern The authors examine various forms of enslavement and dependency with a particular focus on agency i.e. the room for maneuver which the enslaved could secure for themselves or else the available options for action in situations of extreme individual or group dependencies

Governments-in-Exile in Contemporary World Politics Yossi Shain, 2024-11-01 Exiled governments play a crucial role in long standing national conflicts around the world They have an enormous impact on transnational politics and the world order First published in 1991 Governments in Exile in Contemporary World Politics examines the odd but pivotal place that governments in exile have in international politics In a variety of case studies and theoretical essays by eminent scholars this volume deals with many volatile and news making national situations in Palestine Afghanistan Iran southwest

Africa Cambodia Armenia Ireland among others that span a range of geopolitical regions It addresses diverse issues that are central to political science such as the limits of sovereignty the role of host states the elusive nature of representation in the absence of effective control over a home territory international legitimation and recognition governments in exile as political tools in the hands of their foreign patrons and the actual and symbolic importance of governments in exile in the preservation of diasporic nations and cultures The book fills a unique place in the literature on international politics by covering and comparing a truly international range of cases of governments in exile *Averting Palestinian Unilateralism* Dore Gold,2010

Dance and Authenticity in Israel and Palestine Elke Kaschl,2003-08-01 Dance and Authenticity is an ethnography of dance performance and cultural form It describes how dabkeh a type of dance performed at Palestinian weddings became a model for the Israeli Jewish debkah as a means of affirming Israeli Jewish belonging and common society The Palestinian dabkeh in turn acquired nationalist meanings especially after the 1967 war and the occupation of the West Bank The book traces the history of these competing and conflicting dance forms basing the argument principally on the ethnographic study of two Palestinian and one Israeli Jewish dance group conducted between 1998 and 1999 The result is a fascinating parallel ethnography showing how the ethnography of dance forms contributes to evolving notions of collective national and political identity in a context of unequal power The Hundred Years' War on Palestine Rashid Khalidi,2020-01-28 A landmark

history of one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East told through pivotal events and family history In 1899 Yusuf Diya al Khalidi mayor of Jerusalem alarmed by the Zionist call to create a Jewish national home in Palestine wrote a letter aimed at Theodore Herzl the country had an indigenous people who would not easily accept their own displacement He warned of the perils ahead ending his note in the name of God let Palestine be left alone Thus Rashid Khalidi al Khalidi s great great nephew begins this sweeping history the first general account of the conflict told from an explicitly Palestinian perspective Drawing on a wealth of untapped archival materials and the reports of generations of family members mayors judges scholars diplomats and journalists The Hundred Years War on Palestine upends accepted interpretations of the conflict which tend at best to describe a tragic clash between two peoples with claims to the same territory Instead Khalidi traces a hundred years of colonial war on the Palestinians waged first by the Zionist movement and then Israel but backed by Britain and the United States the great powers of the age He highlights the key episodes in this colonial campaign from the 1917 Balfour Declaration to the destruction of Palestine in 1948 from Israel s 1982 invasion of Lebanon to the endless and futile peace process Original authoritative and important The Hundred Years War on Palestine is not a chronicle of victimization nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides In reevaluating the forces arrayed against the Palestinians it offers an illuminating new view of a conflict that continues to this day **Refuge and Resistance** Anne Irfan,2023-07-18 Shortlisted

2024 Academic Book Award Palestine Book Awards In the decades after World War II the United Nations established a global

refugee regime that became central to the lives of displaced people around the world. This regime has exerted particular authority over Palestinian refugees who are served by a specialized UN body, the Relief and Works Agency (UNRWA). Formed shortly after the 1948 war, UNRWA continues to provide quasi-state services such as education and health care to Palestinian refugee communities in the Middle East today. This book is a groundbreaking international history of Palestinian refugee politics. Anne Irfan traces the history and politics of UNRWA's interactions with Palestinian communities, particularly in the refugee camps where it functioned as a surrogate state. She shows how Palestinian refugees invoked internationalist norms to demand their political rights while resisting the UN's categorization of their plight as an apolitical humanitarian issue. *Refuge and Resistance* foregrounds how nonelite activism shaped the Palestinian campaign for international recognition, showing that engagement with world politics was driven as much by the refugee grass roots as by the upper echelons of the Palestine Liberation Organization. It demonstrates that refugee groups are important actors in global politics, not simply aid recipients. Recasting modern Palestinian history through the lens of refugee camps and communities, *Refuge and Resistance* offers vital new perspectives for understanding politics beyond the nation state.
