Roberto Bergalli, Colin Sumner

Social Control And Political Order European Perspectives At The End Of The Century:

Social Control and Political Order Roberto Bergalli, Colin Sumner, 1997-04-08 This vibrant collection of essays offers a profound and timely assessment of issues surrounding the concept of social control and indicates its significance for the new political orders developing in contemporary Europe The contributors debate the issues relating to the future of social control from a range of perspectives They outline its history and politics in both the Anglo American sociology and the Hispanic world they discuss the weaknesses of the concept and assess its relevance for contemporary Europe The Blackwell Companion to Criminology Colin Sumner, 2008-04-15 The Blackwell Companion to Criminology provides a contemporary and global resource to scholarship in both classical and topical areas of criminology Written accessibly and with its international perspective and first rate scholarship this is truly the first global handbook of criminology Editors and contributors are international experts in criminology offering a comparative perspective on theories and systems Contains full discussion of key debates and theories the implications of new topics studies and ideas and contemporary developments Coverage includes class gender and race criminal justice juvenile delinquency punishment mass media international crimes and social control

Colin Sumner David Moxon, 2020-01-28 This book explores the work of criminologist Colin Sumner It re presents his arguments and ideas on Marxism ideology censure deviance crime underdevelopment social control and the media situating them in their wider social context Moxon argues that Sumner should be restored within the criminology discipline as a pioneer who has produced works of great theoretical sophistication and insight By systematically considering Sumner s entire output the book shows how his thought involved a gradually deepening understanding of his core notion of ideological censure His writing is also marked by a growing unease with the effects of late modern capitalism and the quagmire of censoriousness rife in the 21st century This book makes clear that Sumner s work was remarkably prescient and his ideas may help up to make sense of complicated times *Social Control* James J. Chriss, 2010-11-10 Explains and conceptualizes social control in its diversity This title includes treatments of informal control socialization group formation and the controls exerted in everyday life as well as medical control norms regarding health and illness particularly with regard to notions of normal behaviour

The Finnish Yearbook of International Law 1997 Martti Koskeniemi, Kari Takamaa, 1998-12-01 Despite its Finnish initiative and pedigrees The Finnish Yearbook of International Law does not restrict itself to purely Finnish topics On the contrary it reflects the many connections in law between the national and the international The Finnish Yearbook of International Law annually publishes in both English and French articles of high quality dealing with all aspects of international law including international law aspects of European law with close attention to developments that affect Finland Its offerings include longer articles of a theoretical nature exploring new avenues and approaches shorter polemics commentaries on current international law developments book reviews and documentation of relevance to Finland s foreign relations not easily available elsewhere The Finnish Yearbook offers a fertile ground for the expression of and reflection on

the connections between Finnish law and international law as a whole and insight into the richness of this interaction C.

Wright Mills and the Criminological Imagination Jon Frauley, 2016-03-03 In spite of its widespread use within criminology the term criminological imagination as derived from C Wright Mills classic *The Sociological Imagination* has yet to be fully developed and clarified as an analytic concept capable of guiding theorizing or empirical enquiry This volume with a preface by Elliot Currie engages with and reflects on this concept exploring C Wright Mills work for criminological enquiry Bringing together the latest work of leading scholars in the fields of criminology and sociology from around the world C Wright Mills and the Criminological Imagination investigates the emergence and lineage of a criminological concept indebted to Mills thought adapting and applying it to a specifically criminological context With attention to theoretical concerns and as well as the application of the criminological imagination in concrete empirical research this volume sheds new light on the methodological and analytical aspects of the criminological imagination as a multifaceted concept and explores the possibilities that it offers for the emergence of an imaginative criminological practice As such it will appeal to scholars across the social sciences with interests in sociology and social theory criminology criminal justice studies law and research methods

Surveillance, Crime and Social Control Dean Wilson, Clive Norris, 2017-05-15 Post 9 11 the need for an expansion of surveillance and greater expenditure on surveillance capabilities has been argued for by government and industry to help combat terrorism This has been coupled with increasing incorporation of surveillance technologies into the routine practice of criminal justice This important collection draws together key contemporary writings to explore how the surveillance gaze has been directed in the name of crime control Key issues include theories on surveillance CCTV undercover police surveillance bodies databases and technologies and surveillance futures It will be an essential collection for law librarians and criminologists

Crime and Transition in Central and Eastern Europe Alenka Šelih, Aleš Završnik, 2012-04-24 Full scale political change affects every level of a society but perhaps nowhere as strikingly as in the areas of crime policy and law enforcement Over the past two decades the European nations that have moved from totalitarianism toward democracy have come to embody this trend yet reliable sources on crime and law enforcement in these countries have not been readily accessible to the West Representing viewpoints seldom available to outsiders the contributors to *Crime and Transition in Central and Eastern Europe* analyze changes in criminal activities and crime control strategies in the region explain the political background underlying these developments and assess their long term social impact Experts from Slovenia Hungary Croatia Serbia the Czech Republic Poland Bosnia and Herzegovina discuss the politicization of crime the ongoing paradoxes regarding civil liberties and the future of crime policy in comparative and country specific terms Among the topics featured in the book Crime and crime control in transitional countries politics the media and public perception of crime surveillance from national security to private industry penal policy and political change emerging trends economic and organized crime human trafficking juvenile delinquency new perspectives on corruption in

the region With this fascinating insight Crime and Transition in Central and Eastern Europe is a singular reference for researchers and policymakers in criminology and political science and historians with a special interest in European affairs and policy Improving Future(s) Valeska Henze,2014-10-13 **Urban Governance in Europe** Felix Eckhardt,Ingemar Elander,2011-06-28 Hauptbeschreibung This book looks at the consequences and implications of an emerging new way of local politics in Europe With the term governance^{1 2} changes in the political and social constitution of cities are analysed Based on theoretical and empirical studies by scholars from ten countries different aspects of urban governance^{1 2} will be presented
