Social Control In Canada Issues In The Social Construction Of Deviance:

Critical Perspectives on Social Control and Social Regulation in Canada Mitch Daschuk, 2020-08-25T00:00:00Z How does social regulation shape who is deviant and who is normal Critical Perspectives on Social Control and Social Regulation in Canada is an introduction to the sociology of what has traditionally been called deviance and conformity This book shifts the focus from individuals labelled deviant to the political and economic processes that shape marginalization power and exclusion Class gender race and sexuality are the bases for understanding deviance and it is within these relations of power that the labels deviant and normal are socially developed and the behaviours of those less powerful become regulated This textbook introduces readers to theories and critiques of traditional approaches to deviance and conformity Using vivid and timely examples of contemporary social regulation and control this textbook brings to life how forces of social control and marginalization interact with social media sex work immigration anti colonialism digital surveillance and social movements and much more Theories and critiques are clarified with summaries definitions rich illustrative examples discussion questions recommended resources and test banks for instructors Feminism, Law, Inclusion Gayle Michelle MacDonald, Rachel L. Osborne, Charles Smith, 2005 The contributions to this collection are written by legal advocates community activists and legal scholars While the Introduction and Commentary provide a theoretical overview the ten essays examine theories of intersectionality to demonstrate how race class sexual orientation gender and identity have been integrated into legal scholarship and activism in an attempt to shape legal policy and practice Section 1 Theory in Action addresses anti racism in community legal practice the legal construction of women s sexuality as deviant the protection of sexual orientation under human rights legislation and the gender and racial characteristics of the judiciary Section 2 Organizations in Action looks at women s place in the legal profession international women s rights and disrupting discriminatory practices in the workplace Section 3 Law in Action discusses the rights of Native women racial bias in legal judgements and the recognition and protection of same sex spousal rights Feminism Law Inclusion is an important contribution to the ongoing development of this critical discourse *The Montreal Massacre* Peter Eglin, Stephen Hester, 2006-01-01 The Montreal Massacre A Story of Membership Categorization Analysis adopts an ethnomethodological viewpoint to analyze how the murder of women by a lone gunman at the Ecole Polytechnique in Montreal was presented to the public via media publication over a two week period in 1989 All that the public came to know and understand of the murders the murderer and the victims was constituted in the description and commentaries produced by the media What the murders became therefore was an expression of the methods used to describe and evaluate them and central to these methods was membership category analysis the human practice of perceiving people places and events as members of categories and to use these to explain actions This is evident in the various versions comprising the overall story of the Massacre it was a crime it was a tragedy it was a horror story The killer s story is also based on his own categorial analysis

he said his victims were feminists The media commentators formulated the significance of the murders in categorical terms it implicated a wider problem that of violence against women and thus the reasons for the murders were shown to be categorical matters As a contribution to sociology and as a demonstration of the significance of ethnomethodology for understanding social life the book reveals the methodical and particularly categorical character of how sense is made of events such as this and how such methodical and categorical resources are central to human interaction *Rethinking Normalcy* Rod Michalko, Tanya Titchkosky, 2009 The chapters in this book exemplify ways of questioning our collective relations to normalcy as such relations affect the lives of both disabled and currently non disabled people Pub desc *White Unwed Mother ; The adoption mandate in postwar Canada* Valerie J Andrews, 2018-11-01 In postwar Canada having a child out of wedlock invariably meant being subject to the adoption mandate Andrews describes the mandate as a process of interrelated institutional power systems which together with socio cultural norms ideals of gender heteronormativity and emerging sociological and psychoanalytic theories created historically unique conditions in the post WWII decades wherein the white unmarried mother was systematically separated from her baby by means of adoption This volume uncovers and substantiates evidence of the mandate ultimately finding that at least 350 000 unmarried mothers in Canada were impacted **Touching Encounters** Kevin Walby, 2012-09-15 Often depicted as deviant or pathological by public health researchers psychoanalysts and sexologists male with male sex and sex work is in fact an increasingly mainstream pursuit Based on a qualitative investigation of the practices involved in male with male or m4m Internet escorting *Touching Encounters* is the first book to explicitly address how masculinity and sexuality shape male commercial sex in this era of Internet communications By looking closely at the sex and work of male escorts Kevin Walby tries to reconcile the two extremes of m4m sex the stereotypical idea of a quick cash transaction and the tendency toward friendship and mutuality In doing so Walby draws on the work of Foucault to make visible the play of power in these physical and commercial relations between men At once a revelation to the sociology of work and a much needed critical engagement with queer theory *Touching Encounters* responds to calls from across the social sciences to connect Foucault with sociologies of sex sexuality and intimacy Walby does this and more retying this sexual practice back to society at large *Canadian Journal of Criminology*, 1998 **Prairie Rising** Jaskiran K Dhillon, 2017-04-24 In 2016 Canada s newly elected federal government publically committed to reconciling the social and material deprivation of Indigenous communities across the country Does this outward shift in the Canadian state s approach to longstanding injustices facing Indigenous peoples reflect a transformation with teeth or is it merely a reconstructed attempt at colonial Indigenous settler relations *Prairie Rising* provides a series of critical reflections about the changing face of settler colonialism in Canada through an ethnographic investigation of Indigenous state relations in the city of Saskatoon Jaskiran Dhillon uncovers how various groups including state agents youth workers and community organizations utilize participatory politics in order to intervene in the lives of Indigenous youth living under conditions of

colonial occupation and marginality In doing so this accessibly written book sheds light on the changing forms of settler governance and the interlocking systems of education child welfare and criminal justice that sustain it Dhillon s nuanced and fine grained analysis exposes how the push for inclusionary governance ultimately reinstates colonial settler authority and raises startling questions about the federal

A Sociology of Crime Stephen Hester, Peter Eglin, 2017-05-15 A Sociology of Crime has an outstanding reputation for its distinctive and systematic contribution to the criminological literature Through detailed examples and analysis it shows how crime is a product of processes of criminalisation constituted through the interactional and organizational use of language In this welcome second edition the book reviews and evaluates the current state of criminological theory from this grammatical perspective It maintains and develops its critical and subversive stance but greatly widens its theoretical range including dedicated chapters on gender race class and the post als including postcolonialism It now also provides questions exercises and further readings alongside its detailed analysis of a set of international examples both classical and contemporary

Canadian Perspectives on the Sociology of Education Cynthia Levine-Rasky, 2009 This collection of original essays examines the complex relationship between schooling and society By taking a critical approach the text urges readers to formulate difficult questions about the practice of teaching and the experience of schooling The text also illustrates the multiple forces that come into play for both educators and for students and challenges the reductive and pragmatic approach adopted in conventional education courses
