Social Death And Resurrection Slavery And Emancipation In South Africa:

Social Death and Resurrection John Edwin Mason, 2003 What was it like to be a slave in colonial South Africa What difference did freedom make John Edwin Mason presents complex answers after delving into the slaves experience within the slaveholding patriarchal household primarily during the period from 1820 to 1850 *Slavery, Emancipation and Colonial Rule in South Africa* Wayne Dooling, 2008 Slavery Emancipation and Colonial Rule in South Africa examines the rural Cape Colony from the earliest days of Dutch colonial rule in the mid seventeenth century to the outbreak of the South African War in 1899 For slaves and slave owners alike incorporation into the British Empire at the beginning of the nineteenth century brought fruits that were bittersweet The gentry had initially done well by accepting British rule but were ultimately faced with the legislated ending of servile labor To slaves and Khoisan servants British rule brought freedom but a freedom that remained limited The gentry accomplished this feat only with great difficulty Increasingly their dominance of the countryside was threatened by English speaking merchants and money lenders a challenge that stimulated early Afrikaner nationalism The alliances that ensured nineteenth century colonial stability all but fell apart as the descendants of slaves and Khoisan turned on their erstwhile masters during the South African War of 1899 1902 [The Hidden History of South Africa's Book and Reading Cultures](#) Archie L. Dick, 2013-06-17 The Hidden History of South Africa's Book and Reading Cultures shows how the common practice of reading can illuminate the social and political history of a culture This ground breaking study reveals resistance strategies in the reading and writing practices of South Africans strategies that have been hidden until now for political reasons relating to the country's liberation struggles By looking to records from a slave lodge women's associations army education units universities courts libraries prison departments and political groups Archie Dick exposes the key works of fiction and non fiction magazines and newspapers that were read and discussed by political activists and prisoners Uncovering the book and library schemes that elites used to regulate reading Dick exposes incidences of intellectual fraud book theft censorship and book burning Through this innovative methodology Dick aptly shows how South African readers used reading and books to resist unjust regimes and build community across South Africa's class and racial barriers

Khoesan and Imperial Citizenship in Nineteenth Century South Africa Jared McDonald, 2023-04-24 This volume explores the formative and expressive dynamics of Khoesan identity during a crucial period of incorporation as an underclass into Cape colonial society Khoesan and Imperial Citizenship in Nineteenth Century South Africa emphasises loyalism and subjecthood posited as imperial citizenship as foundational aspects of Khoesan resistance to the debilitating effects of settler colonialism The work argues that Khoesan were active in the creation of their identity as imperial citizens and that expressions of loyalty to the British Crown were reflective of a political and civic consciousness that transcended their racially defined place in Cape colonial society Following a chronological trajectory from the mid 1790s to the late 1850s author Jared McDonald examines the combined influences of colonial law evangelical humanitarianism imperial commissions

of inquiry and the abolition of slavery as conduits for the notion of imperial citizenship As histories and legacies of colonialism come under increasing scrutiny the history of the Khoesan during this period highlights the complex nature of power and its imposition and the myriad nuanced ways in which the oppressed react resist and engage This book will be of interest to scholars and students working on British imperialism in Africa as well as histories of settler colonialism nationalism and loyalism

The Black Atlantic's triple burden Adekeye Adebajo, 2025-06-10 This volume demonstrates the continuities of five centuries of European slavery and colonialism in Africa the Caribbean and the Americas examining calls for reparations in all three regions for crimes against humanity Authored by eminent scholars largely based in these areas it contributes to transforming educational curricula globally This collection is a comprehensive multidisciplinary and enables cross regional comparisons to be drawn ensuring that important global events are read from diverse perspectives The volume is aimed at subject area experts as well as students in diverse areas of the humanities and beyond who seek a sound introductory reference book to these important historical subjects to which they are often not exposed The authors thus represent a multi disciplinary group encompassing diverse fields such as history international relations politics economics sociology anthropology literature and languages The book introduces readers to foreign language historical sources often inaccessible to an English speaking audience on these pivotal topics

Recaptured Africans Sharla M. Fett, 2016-11-23 In the years just before the Civil War during the most intensive phase of American slave trade suppression the U S Navy seized roughly 2 000 enslaved Africans from illegal slave ships and brought them into temporary camps at Key West and Charleston In this study Sharla Fett reconstructs the social world of these recaptives and recounts the relationships they built to survive the holds of slave ships American detention camps and ultimately a second transatlantic voyage to Liberia Fett also demonstrates how the presence of slave trade refugees in southern ports accelerated heated arguments between divergent antebellum political movements from abolitionist human rights campaigns to slave trade revivalism that used recaptives to support their claims about slavery slave trading and race By focusing on shipmate relations rather than naval exploits or legal trials and by analyzing the experiences of both children and adults of varying African origins Fett provides the first history of U S slave trade suppression centered on recaptive Africans themselves In so doing she examines the state of recaptivity as a distinctive variant of slave trade captivity and situates the recaptives story within the broader diaspora of Liberated Africans throughout the Atlantic world

Encyclopedia of Antislavery and Abolition Peter Hinks, John McKivigan, 2006-11-30 The emergence of a sophisticated antislavery ideology and the rise of organized opposition to slavery in the Atlantic World in the eighteenth and nineteenth centuries represented nothing less than one of the great intellectual and social revolutions in the history of the world An institution which by the early eighteenth century was near axiomatically accepted as necessary useful and thoroughly in accord with Judaeo Christian tenets and virtues and which profoundly informed the lives of millions of people had by the mid nineteenth century come increasingly to be viewed as the chief vector

of evil and the Devil in the world the very quintessence of evil as some called it and the chief repository of all that was socially politically and especially economically archaic and stagnant This encyclopedia is organized around three principal concerns the illustration and explication of the various forms of antislavery and its emergence as an organized movement the immediate precipitants of abolition and the processes of its passage and the enactment of emancipation and its consequences While the earliest expressions of antislavery may have only comprised one or a few isolated voices the antislavery most commonly reviewed here is that animated by a systematic and ardent opposition to slavery and intended to mobilize large numbers of people to attack and end the institution A wide variety of people and organizations nurtured and extended this antislavery religious figures political economists slaves sailors artisans missionaries planters captains of slave ships democratic enthusiasts and others were all involved along with the various organizations secular religious or otherwise with which they were associated Antislavery was by no means exclusively or even principally the work of an intellectual elite and the force of all from the lowly and unlearned to the privileged and prominent is represented The presence of slavery continued to be attacked in the contracting Ottoman Empire in the early twentieth century in Liberia in the 1930s in Saudi Arabia in the mid twentieth century and even in the latter years of the century in countries like Sudan Pakistan India and others in Southeast Asia The entries have a worldwide focus covering antislavery movements and important developments in slavery abolition and slave emancipation in many places around the globe Other entries cover individuals groups events documents and organizations related to the history of abolition and emancipation over the last two centuries Coverage also address a wide range of topics issues and ideas related to the broad topic of ending historical systems of slavery and human bondage Besides over 400 cross referenced entries most of which conclude with lists of additional readings the encyclopedia also includes an Introduction tracing the history of abolition and emancipation a selected general bibliography a guide to related topics numerous illustrations and a detailed subject index

Changing Childhoods in the Cape Colony S.

Duff,2015-05-26 This book opens up histories of childhood and youth in South African historiography It looks at how childhoods changed during South Africa s industrialisation and traces the ways in which institutions first the Dutch Reformed Church and then the Cape government attempted to shape white childhood to the future benefit of the colony

Humanitarian Intervention and Changing Labor Relations ,2010-12-17 In 1807 the British Act for the Abolition of the Slave Trade received the Royal Assent The Act represented the first significant attempt by a Great Power to exert global influence over the development of human rights and relatedly labor conditions worldwide The essays presented in this book by an international panel of historians and social scientists aim to shed light specifically on the changes which the legal abolition of the slave trade brought about directly and indirectly in the labor relations of different regions and continents The sixteen essays discuss the connected developments in the Americas Brazil the Caribbean and the United States Africa Cameroon the Cape Colony the Belgian Congo and the Netherlands Indies Java

Slave Trade and Abolition Vanessa S.

Oliveira,2021-01-26 Well into the early nineteenth century Luanda the administrative capital of Portuguese Angola was one of the most influential ports for the transatlantic slave trade Between 1801 and 1850 it served as the point of embarkation for more than 535 000 enslaved Africans In the history of this diverse wealthy city the gendered dynamics of the merchant community have frequently been overlooked Vanessa S Oliveira traces how existing commercial networks adapted to changes in the Atlantic slave trade during the first half of the nineteenth century Slave Trade and Abolition reveals how women known as donas a term adapted from the title granted to noble and royal women in the Iberian Peninsula were often important cultural brokers Acting as intermediaries between foreign and local people they held high socioeconomic status and even competed with the male merchants who controlled the trade Oliveira provides rich evidence to explore the many ways this Luso African community influenced its society In doing so she reveals an unexpectedly nuanced economy with regard to the dynamics of gender and authority
