Thyer,Monica G. Pignotti,2015-05-15 Science is a way of thinking about and investigating the accuracy of assumptions about the world It is a process for solving problems in which we learn from our mistakes Social work has a long history of social reform and helping efforts Let us continue this by paying attention to the important message of this book Eileen Gambrill PhD School of Social Welfare University of California at

Berkeley From the Foreword Although many psychosocial interventions used in social work practice have strong research evidence supporting their efficacy a surprising number do not potentially resulting in harmful outcomes In this book the authors cast a critical eye on the reality of commonly used scientific and pseudoscientific practices in social work today Stressing the need for separating research based practices from those not supported by adequate levels of evidence they examine the scientific and pseudoscientific bases for popular social work interventions used in a variety of treatment settings The text examines the misuse of legitimate research and describes how social work education training can and should discourage pseudoscience The concluding chapter describes pathways through which social work practice can become more firmly grounded in contemporary scientific research This engaging book is intended for courses in critical thinking and evidence based practice and is a valuable resource for all social work students and practitioners Key Features Promotes critical thinking regarding the evidence based research or lack thereof behind a variety of social work interventions Written by renowned social work educators Addresses the history and characteristics of pseudoscience Examines pseudoscience practices in assessment and work with children adolescents adults and individuals with developmental difficulties *Social Work Practice with Groups, Communities, and Organizations* Charles A. Glisson, Catherine N. Dulmus, Karen M. Sowers, 2012-08-14 A solid theory to practice guide to contemporary mezzo and macro social work Written by a renowned team of scholars *Social Work Practice with Groups Communities and Organizations* focuses on the contemporary theory and practice of social work Each chapter delves deeply into the key theoretical considerations surrounding a particular practice area exploring the clinical implications of each Spanning the full range of both mezzo and macro practice areas the authors thoroughly look at the assessment of and interventions with group community organizational and institutional settings The most authoritative book in this field *Social Work Practice with Groups Communities and Organizations* features A focus on evidence based approaches to assessment and intervention for each practice area discussed Comprehensive coverage of the most important new and emerging practice technologies in mezzo and macro social work Current and emerging demographic social political and economic trends affecting mezzo and macro practice An array of pedagogical aids including Key Terms Review Questions for Critical Thinking and Online Resources Content closely aligned with social work accreditation standards EPAS Providing a solid review of the entire scope of contemporary mezzo and macro social work practice *Social Work Practice with Groups Communities and Organizations* is both an indispensable educational text for students and a valuable working resource for practitioners who work with groups communities and organizations of all sizes **Social Work Practice with the Elderly** Marvin David Feit, Michael J. Holosko, 2004 The third edition describes significant practice issues and challenges facing gerontological social workers working with the fastest growing demographic cohort in North America Insightful and creative practitioners provide current accounts and case examples from their work in a variety of settings The material includes both micro and macro practice and offers a focus on advanced specialty practice while also

providing an advanced generalist model All the chapters have been rewritten and updated by adding related additional readings and websites Six new chapters have been added on sensory impairment HIV AIDS elder abuse community assisted living rural elderly retirement and volunteerism Social Work Practice with the Elderly offers an exciting collection of well crafted readings and will be useful for any social work student at the undergraduate or graduate level It will also be a valuable resource for those in other helping professions who work side by side with social workers in this field nurses physiotherapists music and art therapists psychologists physicians recreational therapists speech and language therapists and clergy

Human Behavior for Social Work Practice Wendy L. Haight,Edward H. Taylor,Ruth Soffer-Elnekave,2020-04-15 Featuring an interdisciplinary developmental ecological systems framework Human Behavior for Social Work Practice Third Edition helps students implement a consistent system through which to approach multifaceted social issues in any environment Students will learn that by effectively connecting theory to practice they can develop successful strategies to use as they encounter complex issues currently facing social workers whether it be in inner city schools or rural nursing homes with individuals of different ages ethnicities and socioeconomic status This text examines social work issues at various points in human development using specific programs and policies to illustrate developmentally and culturally sensitive social work practice Excerpts from interviews with practicing social workers highlight real life experiences and introduce a variety of policy contexts Part 3 of the text focuses on social work issues affecting individuals across the lifespan and around the globe through chapters on disability and stigmatization race racism and resistance women and gender and terrorism
