Social Crisis Of Our Time:

The Social Crisis of Our Time Wilhelm Röpke, The Social Crisis of Our Time Wilhelm Roepke, 2017-07-28 Roepke's *The Social Crisis of Our Time* is a series of blasts against the malformations of economics the Nazi and Communist forms of collectivism both come in for severe criticism Roepke shows the process by which the Western liberal tradition itself makes possible these rebellions against open economic systems The drive toward social welfare full employment policies and the state management of fiscal fluctuations all lead away from free societies no less than market economies *The Social Crisis of Our Time* Wilhelm Theodor Röpke, 1950 Italian Critics of Capitalism Lorella Cedroni, 2010-03-31 Over the last hundred years the history of capitalism hardly supports the idea of a dynamic equilibrium between democracy and capitalism The unprecedented triumph of global capitalism and its stronger power of transformation are changing the nature of political community and its institutions transforming the conditions of democratic politics and governance The writings collected in this volume present leading statements of theories of democracy and capitalism in Italy starting from Vilfredo Pareto who firstly focused on the transformation of democracy into a plutocracy in which vested interests use the government as a tool for their own profit until Norberto Bobbio who expressed a strong defence of democracy and a deep critique of capitalism As Marx Weber and Schumpeter from different perspectives have pointed out capitalism rather than just an economic mode of organization is a mentality a social logic a form of living that influences and reshapes political structures and culture The globalized economic order is challenging the foundations and political principles upon which liberal democracy is based Global markets have unleashed economic forces that are becoming too powerful for democratic institutions to control Even if the formal elements of democracy still survive the government by the people for the people is declining elections debates parties are evacuated and bypassed by new less accountable processes Political Views and Ideas R. A neoliberal revolution? Hugh Pemberton,James Freeman,Aled Davies,2024-07-09 This book examines the Thatcher government s attempt to revolutionise Britain s pensions system in the 1980s and create a nation of risk taking savers with an individual stake in capitalism Drawing upon recently released archival records it shows how the ideas motivating these reforms journeyed from the writings of neoliberal intellectuals into government and became the centrepiece of a plan to abolish significant parts of the UK s welfare state and replace these with privatised personal pensions Revealing a government that veered between political caution and radicalism the book explains why this revolution failed and charts the malign legacy left by the evolutionary changes that ministers salvaged from the wreckage of their reforms The book contributes to understanding of policy change Thatcherism and international neoliberalism by showing how major reforms to social security could reflect neoliberal thought and yet profoundly disappoint their architects
