Hessel, 1983 **Seasons and Feasts of the Church Year** Michael D. Whalen, 2004-10-15 This book provides an introduction to and history of the liturgical year followed by a discussion of each of the major cycles Each chapter includes questions for personal reflection or group discussion **Year D** Timothy Matthew Slemmons, 2012-05-04 Although one often hears of the need to preach the whole counsel of God few resources have seriously and specifically attempted to assist the preacher and planner of worship to do just that until now Year D makes the case for the need and promise of supplementing the Revised Common Lectionary with a fourth year of lections and arranges many previously excluded biblical texts in an orderly one year preaching plan It fills a need widely voiced by preachers that the lectionary effectively limits and censors the functional canon of Scripture Destined to serve as a staple source of significant revitalization in mainline preaching and worship Year D banks on the agency of Word and Spirit to renew the church as few practical proposals have done in the last twenty years lending new focus and impetus for exploring the Bible s forgotten riches A timely and urgently needed return to the sources Year D represents a fresh appropriation of neglected and marginalized texts for preaching worship education and devotion and thus constitutes a substantive scriptural attempt to address what Walter Brueggemann has called the current preaching emergency **Christ, Power and Mammon** Scott Thomas Prather, 2013-08-15 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses questions and concerns from a wide range of academic and lay theological interest He brings Barth and Yoder into dialogue here and examines the three crucial areas the confessional distinction of church and world the demonization of political power and the intrinsic relation between the political and economic powers

While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that

The Fourth Gospel and Its Predecessors Robert Tomson Fortna, 2007-03-01 This is the groundbreaking sequel to Fortna's *The Gospel of Signs* which reconstructed a source underlying the Fourth Gospel narrative Here he not only brings that reconstruction up to date but also provides commentary section by section on both the text of the reconstructed Johannine source and its redaction in canonical John Part One In Part Two Fortna systematically draws together the theological movement from source to present Gospel covering such topics as Christology the value of signs for faith salvation Jesus death eschatology and community and the Jews in relation to geography in the Fourth Gospel This work then provides a comprehensive and unique redaction critical treatment of the whole Johannine narrative

Theologies of the Gospel in Context David Schnasa Jacobsen, 2017-08-25 Many preachers and teachers of preaching talk about the gospel few name it Theologies of the Gospel in Context assembles a gifted group of homileticians who think that preachers need to be able to articulate the gospel not in general but in a certain time and place in context They consider what gospel sounds like for people under oppression in capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism Preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained Homileticians will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology In these pages homiletics is more than technique it is a truly theological discipline
