The Social World of Jesus and the Gospels Bruce J. Malina, 2002-11-01 In order to interpret historical writings the reader must not employ their modern understanding of the world but must strive to grasp the mindset of the original audience To assist the twentieth century New Testament reader in understanding the literal meaning of the New Testament is the goal of this collection of essays The Social World of Jesus and the Gospels provides the reader with a set of possible scenarios for reading the New Testament How did first century persons think about themselves and others Did they think Jesus was a charismatic leader Why did they call God father Were they concerned with their gender roles The eight essays in this collection were previously published in books and journals generally not available to many readers Carefully selected and edited this collection will be both an introduction and an invaluable source of reference to Bruce Malina's thought

Dictionary of Jesus and the Gospels Joel B. Green, Scot McKnight, I. Howard Marshall, 1992-02-18 Edited by Joel B Green Scot McKnight and I Howard Marshall this reference work encompasses everything relating to Jesus and the Gospels

Mockery and Secretism in the Social World of Mark's Gospel Dietmar Neufeld, 2014-04-24 Having established the context of mockery and shame in Ancient Mediterranean cultures Dietmar Neufeld shows how Mark presented Jesus as a person with a sense of honour and with a sense of shame willing to accept the danger of being visible and the mockery it attracted Neufeld also considers the social functions of ridicule mockery more broadly as strategies of social sanction leading to a better understanding of how social religious and political practices and discourse variously succeeded or failed in Mark Finally Neufeld investigates the author of Mark's preoccupation with secrecy showing that his disposition to secrecy in his narrative heightened when the dangers of scorn and ridicule from crowds or persons became pressing concerns In a fiercely competitive literary environment where mocking and being mocked were ever present dangers Mark in his pursuit of authority gains it by establishing a reputation of possessing authentic secret knowledge In short the so called secrecy motif is shown to be deployed for specific strategic reasons that differ from those that have been traditionally advanced

Papyri and the Social World of the New Testament Sabine R. Huebner, 2019-07-11 Explores the socio economic background of people in the New Testament using papyrological evidence from Roman Egypt

Handbook of Biblical Social Values, Third Edition John J. Pilch, Bruce Malina, 2016-11-04 Values are culturally specific This handbook explains select biblical social values in their Mediterranean cultural contexts Some examples of values are altruism freedom family centeredness obedience parenting and power Though the English words for the values described here would be familiar to

readers e.g. altruism the meanings of such words differ between cultures In the Mediterranean world for instance altruism is a duty incumbent upon anyone who has surplus It is interpersonal and group specific In the West especially in the United States altruism is impersonal and universally oriented generosity that operates in a highly organized context This handbook not only presents the Mediterranean meanings of these value words but also contrasts those meanings with Western ones

The Gospel of Matthew John Nolland, 2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story His work explores Matthew's narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative

Pillars in the History of Biblical

Interpretation, Volume 3 Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

The Social Gospel of

Jesus Bruce J. Malina, 2001 Scholars are agreed that the central metaphor in Jesus' proclamation was the kingdom of God But what did that phrase mean in the first century Palestinian world of Jesus Since it is a political metaphor what did Jesus envision as the political import of his message Since this is tied to the political economy how was that structured in Jesus' day How is the violence of Jesus' Mediterranean world addressed in the kingdom And how does self-denial fit into Jesus' agenda

Malina tackles these questions in a very accessible way providing a social scientific analysis meaning that he brings to bear explicit models and a comparative approach toward an exciting interpretation of what Jesus was up to and how his first century audience would have heard him
