Remains of Socialism Maya Nadkarni, 2020-07-15 In *Remains of Socialism* Maya Nadkarni investigates the changing fates of the socialist past in postsocialist Hungary She introduces the concept of remains both physical objects and cultural remainders to analyze all that Hungarians sought to leave behind after the end of state socialism Spanning more than two decades of postsocialist transformation *Remains of Socialism* follows Hungary from the optimism of the early years of transition to its recent right wing turn toward illiberal democracy Nadkarni analyzes remains that range from exiled statues of Lenin to the socialist era Bambi soda and from discredited official histories to the scandalous secrets of the communist regime s informers She deftly demonstrates that these remains were far more than simply the leftovers of an unwanted past Ultimately the struggles to define remains of socialism and settle their fates would represent attempts to determine the future and to mourn futures that never materialized

Feminist Time Against Nation Time Victoria Hesford, Lisa Diedrich, 2009-12-01 *Feminist Time Against Nation Time* offers a series of essays that explore the complex and oftentimes contradictory relationship between feminism and nationalism through a problematization of temporality Although there has been much recent discussion in the U S of the wars in Afghanistan and Iraq and the War on Terror as signaling a new period of permanent war feminist voices have not been at all prominent in this discussion This collection considers not only the ways in which public spaces for dissent are limited but also the ways in which the time for such dissent is cut short *Feminist Time Against Nation Time* combines philosophical examinations of *Women s Time* by Julia Kristeva and *The Time of Thought* by Elizabeth Grosz with essays offering case studies of particular events including Kelly Oliver s essay on the media coverage of the U S wars on terror and in Afghanistan and Iraq and Betty Joseph s on the anti colonial uses of women s time in the creation of nineteenth century Indian nationalism *Feminist Time Against Nation Time* juxtaposes feminist time against nation time in order to consider temporalities that are at once contrary to but also drawing toward each other Yet Hesford and Diedrich also argue that because as an untimely project feminism necessarily operates in a different temporality from that of the nation againstness is also used to provoke a rupture a momentary opening up of a disjuncture between the two that will allow us to explore the possibilities of creating a space and time for feminists to think against the current of the present moment

Let's Twist Again Karin Taylor, 2006 This book explores the lives of young Bulgarians in the Cold War era when the Communist Party saw dance hits like *The Twist* as a menace to youth and society It investigates the Party s efforts to shape youth into socialist personalities and to create a socialist mass culture in the face of Westernization On the basis of biographical interviews the book takes a critical look at the popular view of youth enthusiasm for Western rock and lifestyles as resistance Young Bulgarians scarcely challenged the socialist order But at the same time the Party failed to impose its notion of conformity on the self proclaimed Beatles generation
