Socialist The Men Who Made It:

The Christian Socialist, 1851 *People's History and Socialist Theory (Routledge Revivals)* Raphael Samuel, 2016-05-12
First published in 1981 this book brings together different types of work by numerous fragmented groups in the field of Marxist history and puts them in dialogue with each other It takes stock of then recent work explores the main new lines and looks at the political and ideological circumstances shaping the direction of historical work past and present The scope of the book is international with contributions on African history fascism and anti fascism French labour history and the transition from feudalism to capitalism It also incorporates feminist history and gives attention to some of the leading questions raised for social history by the women s movement *The University Socialist Club and the Contest for Malaya* Edgar Liao, Cheng Tju Lim, Guo Quan Seng, 2012 The book using a small group of left wing student activists as a prism explores the complex politics that underpinned the making of nation states in Singapore and Malaysia after World War Two While most works have viewed the period in terms of political contestation groups the book demonstrates how it is better understood as involving a shared modernist project framed by British planned decolonization This pursuit of nationalist modernity was characterized by an optimism to replace the colonial system with a new state and mobilize the people into a new relationship with the state according them new responsibilities as well as new rights This book based on student writings official documents and oral history interviews brings to life various modernist strands liberal democratic ethnic communal and Fabian and Marxist socialist seeking to determine the form of post colonial Malaya It uncovers a hitherto little seen world where the meanings of loud slogans were fluid vague and deeply contested This world also comprised as much convergence between the groups as conflict including collaboration between the Socialist Club and other political and student groups which were once its rivals while its main ally eventually became its nemesis Publisher s description **Socialist Cities** Richard W. Judd, 1989-07-28
Socialist Cities is a comparative treatment of grass roots Socialist successes It marks the first comprehensive look at the urban working class base of the American Socialist movement in the early part of the century and reveals the importance of municipal politics as an organizing strategy The author assesses the reactions of both workers and non workers to the party and provides a fresh perspective on the perennial question of why socialism failed in America He demonstrates that the subtle and ongoing dialogue between the party s own internal theoretical and tactical weaknesses and the broader class and structural obstacles against which it struggled contributed to its failure *The Woman Patriot* Minnie Bronson, 1921
Consumers' Cooperation, 1926 *Consumer's Cooperation*, 1928 **The Woman Citizen**, 1918 *The Woman's Journal*, 1918 *The Socialist Spirit*, 1901
