Jones, 2015-10-14 Every successful sports coach knows that good teaching and social practices are just as important as expertise in sport skills and tactics Now in a fully revised and updated third edition Understanding Sports Coaching is still the only introduction to theory and practice in sports coaching to fully explore the social cultural and pedagogical concepts underpinning good coaching practice The book examines the complex interplay between coach athlete coaching programme

and social context and encourages coaches to develop an open and reflective approach to their own coaching practice It covers every key aspect of coaching theory and practice including important and emerging topics such as athletes identities athlete learning emotion in coaching coaching ethics professionalization talent identification and development coaching as a micro political activity Understanding Sports Coaching also includes a full range of practical exercises and extended case studies designed to encourage coaches to reflect critically upon their own coaching strategies their interpersonal skills and upon important issues in contemporary sports coaching This is an essential textbook for any degree level course in sports coaching and for any professional coach looking to develop their coaching expertise **A Textbook for an Introductory**

Course in Sociology Jose A. Fadul,Ronan S. Estoque,2010-11-09 The inexpensive paperback edition of the textbook for an introductory course in sociology Thinking About Law Richard Johnstone,Richard Ingleby,2020-07-23 There is more to law than rules robes and precedents Rather law is an integral part of social practices and policies as diverse and complex as society itself Thinking About Law offers a comprehensive introduction to the ways in which law has been presented and represented It explores historical sociological economic and philosophical perspectives on the major legal and political debates in Australia today The contributors examine the position of Aborigines in the Australian legal system and the impact of the Mabo case divisions of power in Australian society and law the question of objectivity in law the relationship between legislation and social change judicial decision making and other issues Accessibly written Thinking About Law is essential reading for students and anyone interested in understanding our legal system Controversial Issues in Adventure Programming Bruce Martin,Mark Wagstaff,2012-05-04 Controversial Issues in Adventure Programming offers an engaging approach to the consideration of enduring current and emerging issues in the field Written primarily for upper level undergraduate and graduate students the text presents 20 issues in a debate format challenging students to participate in critical discourse concerning these issues as practitioners in the field of adventure programming Respected authors Bruce Martin and Mark Wagstaff have assembled a team of more than 50 contributors from around the globe to reassess some of the underlying assumptions on which adventure programming is based They have critically examined implications of new developments for emerging practice and discussed how best to position the field of adventure programming in addressing broader societal concerns To set the stage for the debate each issue is prefaced with a general overview including the evolution of the issue and its significance in light of broader social concerns Then contributors present the pros and cons of each issue A debate format helps students develop an understanding of the key points around each issue while also becoming familiar with current research pertinent to these issues This approach also encourages students to grapple with these issues and begin to develop their own informed thoughtful perspectives as they prepare for careers in adventure programming Controversial Issues in Adventure Programming is divided into two parts Part I begins by discussing issues of ongoing concern in the field including the certification debate motorized versus nonmotorized forms of outdoor recreation and

program accreditation In part II contemporary and emerging issues are presented such as the use of online educational programming in the field of adventure programming As a reference for practitioners and policy makers **Controversial Issues in Adventure Programming** offers new and updated perspectives on enduring and emerging issues as well as a synthesis of the most recent related scholarly literature In addition the text serves as a resource in understanding how the adventure programming industry can contribute to addressing issues of broad concern in society such as public health global climate change stewardship of public lands and waterways and education reform **Controversial Issues in Adventure Programming** encourages readers to participate in some of the central debates occurring in the field In particular this timely resource will help students broaden their understanding of the field as they critically examine and respond to a range of enduring contemporary and emerging topics in adventure programming **Globalisation For Sale** Cobus Swardt-Kraus,2014-07-16 First published in 2001 Understanding and managing global financial flows and their impact of social spaces and people is one of the most complex and difficult tasks facing politicians and social theorists today Helping to meet the challenges posed by these changes this important volume focuses on three question central to the interplay between globalisation valorisation and marginalization **Encyclopedia of Death and Dying** Glennys Howarth,Oliver Leaman,2003-12-16 In recent years there has been a massive upsurge in academic professional and lay interest in mortality This is reflected in academic and professional literature in the popular media and in the proliferation of professional roles and training courses associated with aspects of death and dying Until now the majority of reference material on death and dying has been designed for particular disciplinary audiences and has addressed only specific academic or professional concerns There has been an urgent need for an authoritative but accessible reference work reflecting the multidisciplinary nature of the field This Encyclopedia answers that need The Encyclopedia of Death and Dying consolidates and contextualizes the disparate research that has been carried out to date The phenomena of death and dying and its related concepts are explored and explained in depth from the approaches of varied disciplines and related professions in the arts social sciences humanities medicine and the sciences In addition to scholars and students in the field from anthropologists and sociologists to art and social historians the Encyclopedia will be of interest to other professionals and practitioners whose work brings them into contact with dying dead and bereaved people It will be welcomed as the definitive death and dying reference source and an essential tool for teaching research and independent study **Beyond the Facts** James W. Cortada,2025-08-07 This book describes tacit knowledge what it is how it used and its role in our current data driven world It argues that fuzzy hard to describe information is greater and more important than just hard facts What is tacit knowledge It is what we might consider knowledge that is unable to be fully communicated knowledge that we understand implicitly but it is a bit hard to explain For example it is the kind of knowledge one needs to ride a bicycle but that cannot be described precisely on paper in the way one might be able to explain how to cook a dish Tacit knowledge is the least understood type of information and one of the most difficult to

communicate Yet there is more tacit knowledge in our lives than the specific facts one can find in a book on the Internet or in the simple form of a fact This book is designed to introduce the reader to the concept of tacit knowledge and how to recognize and use it This book offers definitions of tacit knowledge and compares the topic to explicit knowledge then describes how the former is used today The author argues that both types are used today and explains how one can use both types of knowledge in their lives Topics include The role of tacit knowledge in business and government The wide use of Knowledge Management techniques in tacit knowledge and the newly emerging set of ideas quietly spreading in the workplace called Critical Systems Thinking How one can understand and apply tacit knowledge How AI can apply tacit knowledge And more This book is essential primer to understanding tacit knowledge and learning how to use it to your advantage

Sociological Quest An Introduction To The Study Of Social Life: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year.

Sociological Quest An Introduction To The Study Of Social Life : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
