Biblical Ethics and Social Change Stephen Mott Professor Emeritus of Social Ethics Gordon-Conwell Theological Seminary, 2011-03-23 This scholarly synthesis of biblical studies and Christian social ethics is designed to provide a biblical argument for intentional institutional change on behalf of social justice Stephen Charles Mott provides a biblical and ethical guide on ways to implement that change The first part of the book providing the biblical theology of intentional social change deals with the central concepts in biblical and theological ethics grace evil love justice and the Reign of God Christian social change must be rooted not only in justice but in the grace received through the death and resurrection of Christ The second part evaluates ethical and theological methods for carrying out that intentional social change It offers a study of evangelism counter community civil disobedience armed revolution and political reform It shows the contribution of each as well as the strong limitations of each used in isolation A recurring theme of the book is the scriptural insistence on the priority of justice as taking upon oneself the cause of the oppressed Justice is understood on bringing back into the community those who are near to falling out of it Political authority has a vital role in social change for justice It is essential that a Christian use all available and legitimate means of meeting basic needs by providing for all what is essential for inclusion in society In this revised edition Mott updates the contemporary illustrations and includes his own further reflections in the last thirty years on this topic

Just Peacemaking Glen Harold Stassen, 1992-01-01 Believing Christians should direct their energies toward finding a set of criteria and a model for a just peace instead of just war Stassen bases his peace theory on the new reality of our world recent Biblical interpretation and on the experiences of people who lived in the face of oppression and nuclear threat

On War and Morality Robert L. Holmes, 2014-07-14 The threat to the survival of humankind posed by nuclear weapons has been a frightening and essential focus of public debate for the last four decades and must continue to be so if we are to avoid destroying ourselves and the natural world around us One unfortunate result of preoccupation with the nuclear threat however has been a new kind of respectability accorded to conventional war In this radical and cogent argument for pacifism Robert Holmes asserts that all war not just nuclear war has become morally impermissible in the modern world Addressing a wide audience of informed and concerned readers he raises dramatic questions about the concepts of political realism and nuclear deterrence makes a number of persuasive suggestions for nonviolent alternatives to war and presents a rich panorama of thinking about war from St Augustine to Reinhold Niebuhr and Herman Kahn Holmes s positions are compellingly presented and will provoke discussion both among convinced pacifists and among those whom he calls militarists Militarists we realize after reading this book include the majority of us who live a friendly and peaceful personal life while supporting a system which if Holmes is correct guarantees war and risks eventual human extinction

A Cry For Help Mipo E. Dadang, 2022-05-30 The gospel of Christ is a gospel of peace yet Christianity has not escaped the specter of religious violence The legacy of the church has not only been one of patient suffering and forgiving love but also of brutal bloodshed With tensions between Christians and non Christians on the rise in many areas of the world the question of how the church is to respond to religious violence is a pressing one encompassing issues of ecclesiology theology and missiology Dr Mipo E Dadang explores the contextual realities that have led some believers in Northern Nigeria to embrace violence as a justifiable response to persecution Drawing on extensive interviews he provides an overview of the history of the church in the region the impact of local theologies and traditions on mindsets and behaviors and the insight of local believers into the catalysts and solutions to violent conflict Alongside this phenomenological study he provides a powerful biblical and theological foundation for understanding bloodshed as a violation of God's created order He weaves together biblical teachings the example of the early church and the theology of Martin Luther to demonstrate that the people of God are called to reject prevent and eliminate violence replacing it with creative alternatives This deeply powerful book has implications for every Christian seeking to live out the gospel of Christ in peaceful co existence with their neighbors

Covenant of Peace Willard M. Swartley, 2006 One would think that peace a term that occurs as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley's *Covenant of Peace* remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message *Covenant of Peace* confronts readers anew with the compelling New Testament witness to peace *What on Earth?* Philip Blair, 1993 Written with erudition and simplicity this is a review of the Church's
