Weep With Me Joyce C. Harte, 2021-02-19 This groundbreaking anthology represents the critical inquiry of literary scholars into the trope of loss and mourning in the work of women writers from the Caribbean archipelago There is a great deal of recent scholarly interest in the relationship of loss and mourning yet there are no books specifically devoted to an examination of this trope in the works of Caribbean women writers To fill this gap this collection of original essays examines subjects that encompass the brutality of slavery oppressive dictatorships AIDS and the catastrophe of the Mount Pele volcano that appear in the writings of women from the English Spanish and French speaking Caribbean It is an important addition to the contemporary discourse on loss and mourning The project is an exciting and vital one because it brings together a multiplicity of perspectives and critical approaches to examine the works of writers such as Jean Rhys Jamaica Kincaid Julia Alvarez and Maryse Condé What emerges is a complex portrait of loss mourning and remembrance that both enriches and challenges customary discourses of loss mourning and melancholia **The Routledge Encyclopedia of Indian Writing in**

Freedom in Postcolonial Literatures and Cultures Annalisa Oboe, 2011-03-30 Modern ideas of freedom and human rights have been repeatedly contested and are hotly debated at the beginning of the third millennium in response to new theories, needs and challenges in contemporary life. This volume offers culturally diverse contributions to the debate on freedom from the literatures and arts of the postcolonial world, exploring experiences that evoke, desire, imagine and perform freedom across five continents and two centuries of history. *Experiences of Freedom* opens with an introductory philosophical essay by Achille Mbembe and is divided into four sections that consider resisting history and colonialism, the right to move and to belong, the right to believe in free futures, imaginative freedom and critical engagement. Each section contains a piece of creative writing directly connected to these topics from authors Chris Abani, Anita Desai, Caryl Phillips and Alexis Wright, followed by a selection of critical essays. Contributors: Chris Abani, Rochelle Almeida, Gil Anidjar, Jogamaya Bayer, Elena Bernardini, Anne Collett, Carmen Concilio, Paola Della Valle, Roberto Derobertis, Anita Desai, Lorna Down, Francesca Giommi, Gareth Griffiths, Dave Gunning, John C. Hawley, Peter H. Marsden, Russell McDougall, Achille Mbembe, Cinzia Mozzato, Kevin Newmark, Berndt Ostendorf, Mai Palmberg, Owen Percy, Kirsten Holst Petersen, Caryl Phillips, Annel Pieterse, Christiane Schlöte, Nermeen Shaikh, Patrick Williams, Alexis Wright and Robert J. C. Young. *Global Secularisms in a Post-Secular Age* Michael Rectenwald, Rochelle Almeida, George Levine, 2015-10-16 *Global Secularisms* addresses the state of and prospects for secularism globally. Drawing from multiple fields, it brings together theoretical discussion and empirical case studies that illustrate on the ground extant secularisms as they interact with various religious, political, social and economic contexts. Its point of departure is the fact that secularism is plural and that various secularisms have developed in various contexts and from various traditions around the world. Secularism takes on different social meanings and political valences wherever it is expressed. The essays collected here provide numerous points of contact between empirical case studies and theoretical reflection. This multiplicity informs and challenges the conceptual theorization of secularism as a universal doctrine. Analyses of different regions enrich our understanding of the meanings of secularism, providing comparative range to our notions of secularity. Theoretical treatments help to inform our understanding of secularism in context, enabling readers to discern what is at stake in the various regional expressions of secularity globally. While the bulk of the essays are case-based research, the current thinking of leading theorists and scholars is also included. *Britain's Anglo-Indians* Rochelle Almeida, 2017-04-26 Anglo-Indians form the human legacy created and left behind on the Indian subcontinent by European imperialism. When Independence was achieved from the British Raj in 1947, an exodus numbering an estimated 50,000 emigrated to Great Britain between 1948 and 1962 under the terms of the British Nationality Act of 1948. But sixty odd years after their resettlement in Britain, the First Wave Anglo-Indian immigrant community continues to remain obscure among India's global diaspora. This book examines and critiques the convoluted routes of adaptation and assimilation employed by immigrant Anglo-Indians in the process of finding their niche within the context of globalization in contemporary multi-cultural Britain. As they

progressed from immigrants to settlers they underwent a cultural metamorphosis The homogenizing labyrinth of ethnic cultures through which they negotiated their way Indian Anglo Indian then Anglo Saxon effaced difference but created yet another hybrid identity British Anglo Indianness Through meticulous ethnographic field research conducted amidst the community in Britain over a decade Rochelle Almeida provides evidence that immigrant Anglo Indians remain on the cultural periphery despite more than half a century Indeed it might be argued that they have attained virtual invisibility in having created an altogether interesting new amalgamated sub culture in the UK this Christian minority has ceased to be counted both among South Asia s diaspora and within mainstream Britain Through a critical scrutiny of multi ethnic Anglophone literature and cinema the modes and methods they employed in seeking integration and the reasons for their near invisibility in Britain as an immigrant South Asian community are closely examined in this much needed volume The Kingdom of Insignificance Joanna Nizynska,2013-03-31 In one of the first scholarly book in English on Miron Bia oszewski 1922 1983 Joanna Ni y ska illuminates the elusive prose of one of the most compelling and challenging postwar Polish writers Ni y ska s study exemplary in its use of theoretical concepts introduces English language readers to a preeminent voice of Polish literature Ni y ska explores how a fusion of seemingly irreconcilable qualities such as the traumatic and the everyday imbues Bia oszewski s writing with its idiosyncratic appeal Bia oszewski s A Memoir of the Warsaw Uprising 1977 revised 1991 describes the Poles heroic struggle to liberate Warsaw from Nazi occupation in 1944 as harrowing yet ordinary His later prose represents everyday life permeated by traces of the traumatic Ni y ska closely examines the topic of autobiography and homosexuality showing how Bia oszewski discloses his homosexuality but paradoxically renders it inconspicuous by hiding it in plain sight Depression and the Soul John R. Peteet,2011-01-07 In Depression and the Soul John Peteet proves the old adage that the best physician is also a philosopher He considers how to approach the problem of depression within a larger context and reviews current concepts of successful living relative to the heart emotion and volition the mind cognition and coping and the soul the self in relation to transcendent reality Each chapter goes on to further explore the relationship between depression and the context of a patient s entire life This is done through consideration of how the existential struggles of depressed individuals engage their spiritual lives by reviewing current empirical literature on depression and spirituality comparing the perspectives of various spiritual traditions or world views and summarizing ways that spirituality and depression interact Handbook of Bereavement Research and Practice Margaret S. Stroebe,2008 In this state of the art volume leading international scholars and clinicians provide a comprehensive and cross disciplinary overview of how rigorous research on bereavement translates into practice They identify new developments and controversies in the field relating new theories to concepts from attachment theory and emotion theory The effects of societal change and of national and international events on personal and public mourning are examined along with other areas of interest to practitioners such as grief and disaster posttraumatic growth and cultural competence in helping diverse clients cope with grief and

bereavement New analyses use longitudinal data sets to trace patterns of adjustment trajectories of grieving over time and the use of coping resources The contributors also explore emerging research on the consequences of losing a loved one disenfranchised grieving continuing bonds and other critical areas Researchers and practitioners will find much to enrich and deepen their work in this thought provoking volume Cover PsycINFO Database Record c 2012 APA all rights reserved
