and the army that has seized his home and land waits tensely for their enemy to arrive Israeli A-4 Skyhawk Units in Combat Shlomo Aloni,2013-01-20 An illustrated combat history of the A 4 Skyhawk which flew numerous attack missions in Israeli service and initiated the Israeli Air Force's transition from French to US aircraft The light and agile A 4 Skyhawk was the first modern American jet to be offered to the Israeli Air Force marking the point where the US took over from France as Israel's chief military supplier Deliveries began too late for the A 4 to fight in the Six Day War but it soon formed the backbone of the IAF's ground attack force From 1969 to 1970 it flew endless sorties against Egyptian forces in the War of Attrition Then during the Yom Kippur War five squadrons of A 4s saw combat and 50 planes were lost as they battled against the Arab armored onslaught Using previously unpublished first hand accounts and rare photography from the IAF archives and pilots private collections Shlomo Aloni tells the definitive history of the IAF's A 4 squadrons including the story of Ezra BABAN Dotan who became an ace with a unique double kill of MiG17s **The Battle for the Black Mind** Karida L. Brown,2025-05-13 From a NAACP award winning historian and Fulbright scholar a history of education in the United States from the end of the Civil War to the historic ruling of Brown v Board of Education In *The Battle for the Black Mind* Dr Karida Brown explores the struggle to define and control the education of African Americans amid shifting societal attitudes and forms of systemic exclusion From the perspective of freed slaves seeking empowerment and liberation through education to the white elites aiming to shape the future of the workforce and consolidate power *The Battle for the Black Mind* explores the formation of segregated education systems and the influence of philanthropic organizations religious institutions and Black educators themselves in shaping these structures It also examines the global reach of these education models particularly their impact on African societies under colonial rule Ultimately Dr Brown presents a critical investigation of the foundational roots of racial inequality in American education arguing that it wasn't just about the separation of institutions but about controlling access to the ideals of American democracy Basic Training for the Fight of Your Life, the Final Stand Robert Mayhew,2013-02 The purpose of the book is to revive the spirit of real Christianity in the United States stand against our Adversary and turn from our collective moral drift Done as an analogy by telling my experiences in Basic Training in the Army and how those experiences relate to Christianity The book is divided into three parts The first part is Individual Training skill sets For example my volunteering in the Army and the transition from civilian to soldier Likewise the transition from not being a Christian to voluntarily wanting to be one and the transition that takes place Another is my experience on a compass course where I started out doing well but got lost and finally found my way to the finish I compare the compass to the Bible and relate it to life Other examples as well The second part is Opposing Forces Training where I learned how the enemy operates and received training focused around defeating him I apply that to learning the ways of Satan because just like a victorious army you must know your spiritual enemy to be successful against him And the third and last phase is the reclamation which is brought about only by the application of the first two phases That is reinforced by quotes from
