Quinlan-McGrath,2013-02-20 Today few would think of astronomy and astrology as fields related to theology Fewer still would know that physically absorbing planetary rays was once considered to have medical and psychological effects But this was the understanding of light radiation held by certain natural philosophers of early modern Europe and that argues Mary Quinlan McGrath was why educated people of the Renaissance commissioned artworks centered on astrological themes and practices *Influences* is the first book to reveal how important Renaissance artworks were designed to be not only beautiful but also perhaps even primarily functional From the fresco cycles at Caprarola to the Vatican s Sala dei Pontefici to the Villa Farnesina these great works were commissioned to selectively capture and then transmit celestial radiation influencing the bodies and minds of their audiences Quinlan McGrath examines the sophisticated logic behind these theories and practices and along the way sheds light on early creation theory the relationship between astrology and natural theology and the protochemistry physics and mathematics of rays An original and intellectually stimulating study *Influences* adds a new dimension to the understanding of aesthetics among Renaissance patrons and a new meaning to the seductive powers of art

Roman Visual Culture Alexis Culotta, 2025-10-01 This book examines Roman fa ades decorated with fresco and sgraffito between the fifteenth and sixteenth centuries that once enveloped the central rioni of Rome within a web of symbolic social political and familial allegiances that transformed a street side stroll into a visually engaging experience Today many of these faces are lost and our understanding of what they comprised is frighteningly incomplete This book offers a refreshed look at this often forgotten facet of Renaissance visual culture to reignite interest in the tradition before its last remnants disappear In addition to offering a new compilation of these documented fa ades this book also places new emphasis on the making and meaning of these painted faces to provide new insights into the place of the decorated fa ade at the intersections of patron identity and painterly innovation in a city working tirelessly to reinvent itself      **The Renaissance** Alison M.
