The Populist Mind

EDITED BY NORMAN POLLACK

THE AMERICAN HERITAGE SERIES

The Populist Mind

Norman Pollack

The Populist Mind:

The Populist Mind Norman Pollack, 1967 Who were the populists Jew haters and baiters or humanists Anti intellectual Babbitts or rational radicals Proto fascists or proto reformers Professor Pollack passionately supports the traditional sympathetic liberal portrayal of the movement in his fascinating Introduction Here he breaks lances with the establishment of the revisionist school Richard Hofstadter Oscar Handlin and Seymour Martin Lipset among others The eighty nine documents assembled in this anthology from newspaper articles editorials political speeches and tracts manuscripts letters and books in many cases are reprinted here for the first time They may or may not convince you that Mr Pollack is correct in his counter revisionist interpretation of the Populist movement The documents are specific about the exploitative conditions of the time their causes and their proposed solutions But they leave open for the reader the still ambiguous interpretation of what motivated the participants For example Ignatius onnelley western Populist from Minneapolis wrote in CAESAR S COLUMN 1890 The world today clamors for deeds not creeds for charity not ceremony for love not intellect Are these the words of a messianic crackpot or of an effective radical reformer with a realistic program Was the Young Tom Watson leader of the People s Party in the South friend to the Negro crusading liberal of the period the true Tom Watson Or was a Hyde to this Jekyll ever lurking in his program and personality expressing itself in the virulently anti Semitic anti Catholic anti Negro utterances of the old Thomas E Watson from the floor of the United States Senate As Pollack says at the conclusion of his Introduction A great deal of work remains to be done both in research and interpretation before the Populist movement as a dynamic social force is fully understood This superb collection may suggest paths to that end Publisher **The**

Populist Mind Norman Pollack, 1967 **Populism's Power** Laura Grattan, 2016-01-06 In *Populism's Power* Laura Grattan looks at how populism cultivates the aspirations of ordinary people to exercise power over their everyday lives and their collective fate She considers a range of populist moments and reopens the idea that grassroots movements can play a key role in democratizing power and politics in America *American Political Cultures* Richard J. Ellis, 1993-07-29 This work challenges the thesis first formulated by de Tocqueville and later systematically developed by Louis Hartz that American political culture is characterized by a consensus on liberal capitalist values Ranging over three hundred years of history and drawing upon the seminal work anthropologist Mary Douglas Richard Ellis demonstrates that American history is best understood as a contest between five rival political cultures egalitarian community competitive individualism hierarchical collectivism atomized fatalism and autonomous hermitude **A Conservative History of the American Left** Daniel J. Flynn, 2008-04-29 From Communes to the Clintons Why does Hillary Clinton crusade for government provided health care for every American for the redistribution of wealth and for child rearing to become a collective obligation Why does Al Gore say that it s okay to over represent the dangers of global warming in order to sell Americans on his draconian solutions Why does Michael Moore call religion a device to manipulate gullible Americans Where did these radical ideas come from And how did

they enter the mainstream discourse In this groundbreaking and compelling new book Daniel J Flynn uncovers the surprising origins of today s Left The first work of its kind A Conservative History of the American Left tells the story of this remarkably resilient extreme movement one that came to America s shores with the earliest settlers Flynn reveals a history that leftists themselves ignore whitewash or obscure Partly the Left s amnesia is convenient Who wouldn t want to forget an ugly history that includes eugenics racism violence and sheer quackery Partly it is self aggrandizing Bold schemes sound much more innovative when you refuse to acknowledge that they have been tried and have failed many times before And partly it is unavoidable The Left is so preoccupied with its triumphal future that it doesn t pause to learn from its past mistakes So it goes that would be revolutionaries have repeatedly failed to recognize the one troubling obstacle to their grandiose visions reality In unfolding this history Flynn presents a page turning narrative filled with colorful fascinating characters progressives and populists radicals and reformers socialists and SDSers and leftists of every other stripe There is the rags to riches Welsh industrialist who brought his utopian vision to America one in which private property religion and marriage represented the most monstrous evils and gained audiences with the likes of Thomas Jefferson John Adams and James Madison There is the wife swapping Bible thumper who nominated Jesus Christ for president There is the playboy adventurer whose worshipful accounts of Soviet Russia lured many American liberals to Communism There is the daughter of privilege turned violent antiwar activist who lost her life to a bomb she had intended to use against American soldiers There are fanatics and free spirits perverts and puritans entrepreneurs and altruists and many more beyond A Conservative History of the American Left is a gripping chronicle of the radical visionaries who have relentlessly pursued their lofty ambitions to remake society Ultimately Flynn shows the destructiveness that comes from this undying pursuit of dreams that are utterly unattainable

The Populist Manifesto Emmy Eklundh, Andy Knott, 2020-01-29 This volume brings together a range of scholars dissatisfied with the mainstream of the populism debate It intends to bring forward a perspective which envisions populism not simply as a negative aspect of politics but as a way of doing politics Contemporary politics has been characterised by the overarching presence of populism while simultaneously engendering a sense of fear and extremism around the results of populist movements This collection intends to unpack the true potential for movements from and by the people linking these historically and offering a new lens for thinking about contemporary populism What can we learn from recent events How can these lessons inform how we think about politics for the future Offering this approach from the perspective of populist potential will help us answer these questions and open the debate with contributors from countries or regions that have a tradition of populism privileging them with a deeper understanding

The Tolerant Populists Walter Nugent, 2024-05-31 A political movement rallies against underregulated banks widening gaps in wealth and gridlocked governments Sound familiar More than a century before Occupy Wall Street the People s Party of the 1890s was organizing for change They were the original source of the term populism and a catalyst for the later Progressive Era and New Deal

Historians wrote approvingly of the Populists up into the 1950s But with time and new voices led by historian Richard Hofstadter the Populists were denigrated depicted as demagogic conspiratorial and even anti Semitic In a landmark study Walter Nugent set out to uncover the truth of populism focusing on the most prominent Populist state Kansas He focused on primary sources looking at the small towns and farmers that were the foundation of the movement The result *The Tolerant Populists* was the first book length source based analysis of the Populists Nugent s work sparked a movement to undo the historical revisionism and ultimately found itself at the center of a controversy that has been called one of the bloodiest episodes in American historiography This timely re release of *The Tolerant Populists* comes as the term finds new currency and new scorn in modern politics A definitive work on populism it serves as a vivid example of the potential that political movements and popular opinion can have to change history and affect our future

The Gilded Age Charles W. Calhoun, 2006-09-11 The United States that entered the twentieth century was vastly different from the nation that emerged from the Civil War Industrialization mass immigration the growing presence of women in the work force and the rapid advance of the cities had transformed American society Broad in scope *The Gilded Age* brings together sixteen original essays that offer lively syntheses of modern scholarship while making their own interpretive arguments These engaging pieces allow students to consider the various societal cultural and political factors that make studying the Gilded Age crucial to our understanding of America today Charles W Calhoun connects all of these essays with a comprehensive introduction that places each article in an understandable historical context For the second edition of this successful book each essay was revised and three new pieces have been added that explore technology consumerism intellectual life and race in late nineteenth century America

The Populist Temptation Barry Eichengreen, 2018-05-03 Populism of the right and left has spread like wildfire throughout the world The impulse reached its apogee in the United States with the election of Trump but it was a force in Europe ever since the Great Recession sent the European economy into a prolonged tailspin In the simplest terms populism is a political ideology that vilifies economic and political elites and instead lionizes the people The people populists of all stripes contend need to retake power from the unaccountable elites who have left them powerless And typically populists distrust of elites shades into a catchall distrust of trained experts because of their perceived distance from and contempt for the people Another signature element of populist movements is faith in a savior who can not only speak directly to the people but also serve as a vessel for the plain people s hopes and dreams Going back to the 1890s a series of such saviors have come and gone in the US alone from William Jennings Bryan to Huey Long to finally Donald Trump In *The Populist Temptation* the eminent economic historian Barry Eichengreen focuses on the global resurgence of populism today and places it in a deep context Alternating between the present and earlier populist waves from modern history he argues that populists tend to thrive most in the wake of economic downturns when it is easy to convince the masses of elite malfeasance Yet while there is more than a grain of truth that bankers financiers and bought politicians are responsible for

the mess populists own solutions tend to be simplistic and economically counterproductive Moreover by arguing that the ordinary people are at the mercy of extra national forces beyond their control international capital immigrants cosmopolitan globalists populists often degenerate into demagoguery and xenophobia There is no one solution to addressing the concerns that populists raise but Eichengreen argues that there is an obvious place to start shoring up and improving the welfare state so that it is better able to act as a buffer for those who suffer most during economic slumps For example America s patchwork welfare state was not well equipped to deal with the economic fallout that attended globalization and the decline of manufacturing in America and that played no small part in Trump s victory Lucidly explaining both the appeals and dangers of populism across history this book is essential reading for anyone seeking to understand not just the populist phenomenon but more generally the lasting political fallout that follows in the wake of major economic crises

Populist Discourse Yannis Stavrakakis, 2024-04-26 Populist Discourse Recasting Populism Research offers a refreshingly innovative discourse theory perspective on populist phenomena Reading this book will help you familiarize yourself with the historical genealogy of significant populist phenomena from the end of the 19th century onwards and with the main conceptual theoretical accounts established to analyse them Mainstream conceptualizations of populism in both academia and public discourse are critically discussed in order to map new promising avenues for research Inspired by the works of Ernesto Laclau and Chantal Mouffe the book addresses current challenges within populism research and highlights the new directions that a conceptually nuanced theoretically rigorous and historically informed discursive orientation can contribute to the contemporary study of populism Without sacrificing attention to detail strong bibliographical support and a focus on the future development of populism research Populist Discourse is written in accessible language to engage populism scholars advanced undergraduates and graduate level students within the field of political science Due to its interdisciplinary character it will also appeal to readers associated with various politically informed area studies and the broader field of ideology and discourse analysis

"Man Over Money" Bruce Palmer, 2017-10-10 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Reconsidering American Liberalism James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic *The Liberal Tradition in America* He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz s interpretation of American politics Young s treatment of key movements in our history especially Puritanism and republicanism s early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz

and most contemporary theorists have allowed The breadth of Young's account is unrivaled Reconsidering American Liberalism gives voice not just to Locke Jefferson Hamilton Madison Lincoln and Dewey but also to Rawls Shklar Kateb Wolin and Walzer In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large Young touches upon modern feminism and conservatism multiculturalism postmodernism rights based liberalism and social democracy Out of these contemporary materials Young synthesizes a new position a smarter and tougher liberalism not just forged from historical materials but reshaped in the rough and tumble of contemporary thought and politics This exceptionally timely study is both a powerful survey of the whole of U S political thought and a trenchant critique of contemporary political debates At a time of acrimony and confusion in our national politics Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point Never without his own opinions Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas Although his book is a substantial contribution to political theory and the history of ideas it is always accessible and lively enough for the informed general reader It is essential reading for anyone who cares about the future of U S political thought or indeed about the future of the country itself

Continuity and Change of Party Democracies in Europe Sebastian Bukow, Uwe Jun, 2020-02-19 This special issue of the German Political Science Quarterly addresses the transformation and the sustainability of European party democracies both at the level of party organization as well as party systems and competition The contributions in this volume are dedicated to these areas of change of European party democracies from different perspectives It shows which new dynamics of change can be stated and how they can be explained

The Digital Mind Kristian Bankov, 2022-02-23 This book reveals the core features of digital culture examined by means of semiotic models and theories It positions commercial and market principles in the center of the digital semiosphere avoiding the need to force the new cultural reality into the established textualist or pragmatist paradigms The theoretic insights and case studies presented here argue for new semiotic models of inquiry that include working with big data user experience and netnography along with conventional approaches The book develops a new concept of identity in the digital age analyzing the digital flows of recognition and value which led to the tremendous success of Social Media and the Web 2.0 era Self expression entertainment and consumerism are seen as the major drivers of identity formation in the post truth era where the self can no longer be considered independently of a given person's communication devices where a substantial part of it is stored and actualized It will be of interest to semioticians and researchers working on digital culture

Two-Party Politics in the One-Party South Samuel L. Webb, 2018-05-22 Samuel L Webb presents new evidence that contrary to popular belief voters in at least one Deep South state did not flee en masse from the Republican party after Reconstruction Instead as Webb conclusively demonstrates the party gained strength among white voters in northern Alabama's Hill Country region between 1896 and 1920

Democracies and International Law Tom Ginsburg, 2021-09-30 Contrasts democratic

and authoritarian approaches to international law explaining how their interaction will affect the world in the future

Myth and Southern History: The Old South Patrick Gerster, Nicholas Cords, 1989 Many historical myths are actually false yet psychologically true The contributors to this volume see myth and reality as complementary elements in the historical record Myth and Southern History is as much a commentary on southern historiography as it is on the viability of myth in the historical process Volume 2 The New South offers new perspectives on the North's role in southern mythology the so called Savage South twentieth century black and white southern women and the changes that distinguish the late twentieth century South from that of the Civil War era A Revolt Against Liberalism A.A.M. van der Linden, 2023-04-12

This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it **A Populist Assault** Pauline Adams, Emma S. Thornton, 1982 Sarah E Van De Vort Emery a Michigan woman transplanted from the Finger Lakes region of New York was for many years a voice for Populism in the late 19th century Emery was a woman who believed and acted on her beliefs that freedom and the flowering of the human potential should not give way to the demands of the money power *The Just Polity* Norman Pollack, 1987

The Populist Mind Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Populist Mind has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Populist Mind has opened up a world of possibilities. Downloading The Populist Mind provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Populist Mind has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Populist Mind. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Populist Mind. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Populist Mind, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Populist Mind has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Populist Mind Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
