and the outs from being ins Bennett and Abbott conclude that while barbed wire is not the perfect fence touted by manufacturers it is indeed a meaningful thing that continues to influence American identities *Reflexive Poetics* Ethan Lewis,2013-01-16 It is tremendously important that great poetry be written It makes no jot of difference who writes it Ezra Pound's remark makes some polemic but still more prescriptive sense as evaluative of our present situation Some great poetry never mind the far larger quantity of trash is emerging from countless coteries of devoted artists quite plausibly in your community This anthology brings to press fifteen exemplary poets from Springfield Illinois and its environs Yet though endorsing their wider popularity this critical anthology advances an interpretative method We can garner much from reading the justly famed poets reflexively with those lesser known in our midst Any specific poem of the highest quality is informed by and informs through comparison with works of like caliber Indeed the test of an obscure gem inheres in critical comparison And relations never run one way One may well harbor keener appreciation of Wallace Stevens in light of certain works by Corrine Frisch just as Keats and Stevens mutually inform one another The central tenet of this text holds with Eliot and Frost a not so unlikely coupling as might be thought hence a perfect pair to introduce the author's modus operandi that we read relationally No artist has his meaning alone We read C the better to read D D the better to go back and get something more out of A Progress is not the aim but circulation to get among the poems where they hold each other apart in their places as the stars do **Pig** Brett Mizelle,2012-01-01 Known as much for their pink curly tails and pudgy snouts as their low brow choice of diet and habitat pigs are prevalent in popular culture from the Three Little Pigs to Miss Piggy to Babe Today there are more than one billion pigs on the planet and there are countless representations of pigs and piggishness throughout the world's cultures In *Pig* Brett Mizelle provides a richly illustrated and compelling look at the long complicated relationship between humans and these highly intelligent sociable animals Mizelle traces the natural and cultural history of the pig focusing on the contradictions between our imaginative representation of pigs and the real world truth of the ways in which pigs are prized for their meat used as subjects in medical research and killed in order to make hundreds of consumer products *Pig* begins with the evolution of the suidae animals that were domesticated in multiple regions 9 000 years ago and points toward a future where pigs and humans are even more closely intertwined as a result of biomedical breakthroughs *Pig* both examines the widespread art entertainment and literature that imagines human kinship with pigs and the development of modern industrial pork production In charting how humans have shaped the pig and how the pig has shaped us Mizelle focuses on the unresolved contradictions between the fiction and the reality of our relations with pigs *Modern Sonneteers, Hilary Mantel, and Critical Letters* Ethan Lewis,2021-01-13 This series of critiques serves to help demarcate as well as add to three specific literary forums The first section of the book *Modern Sonneteers* discusses the genre plied by countless pens since Petrarch's inception of the sonnet honed by Shakespeare and cultivated through Donne Milton Keats and Wordsworth among others showing that it thrives still The twentieth century yielded a second Sonnet Golden Age

reminiscent of the first at the apex of the English Renaissance Auden Borges Cummings Larkin and Stokes comprise part of the cadre of recent masters The second part of the book *Homage to Hilary Mantel* comprises half a dozen pieces on a pre eminent novelist of our time whose most notable achievement *The Thomas Cromwell Trilogy* enshrines and reconceives an earlier time In counterpoint to her historical fiction literary analyses of Mantel are of necessity new The essays gathered here shed light on her work and spur further inquiry The third section *Critical Letters in Critical Times* compasses pensees written to students colleagues and friends regarding Shakespeare Borges Nabokov Wordsworth Tarrt Schmidt poetry and ethics and the sublime Most of this work is predicated on our unprecedented circumstances ensuing from the COVID 19 pandemic It stands to reason that our literary analyses will be colored by our situation for some critical times to come

**Hog Ties** Richard P. Horwitz, 2002 From Charlotte's Web to Porky Pig and Babe Americans betray a curiously deep regard for pigs *Hog Ties* looks at this phenomenon its relation to American culture and the way in which themes of life and death are played out in the care feeding slaughter and eating of pigs Intermingling silly asides with serious subjects existential concerns with environmental issues the book considers the ways that pigs might help Americans address powerful human concerns
