The Power Broker Robert Moses And The Fall Of New York Part 3

Alex S. Vitale

The Power Broker Robert Moses And The Fall Of New York Part 3:

The Park and the People Roy Rosenzweig, Elizabeth Blackmar, 1992 Delineate the politicians business people artists immigrant laborers and city dwellers who are the key players in the tale In tracing the park s history the writers also give us the history of New York They explain how squabbles over politics taxes and real estate development shaped the park and describe the acrimonious debates over what a public park should look like what facilities it should offer and how it should accommodate the often incompatible

Governing New York State Jeffrey M. Stonecash, 2001-02-08 An indispensable guide to New York State s politics political institutions and public policies

The Boulevard Book Allan B. Jacobs, Elizabeth MacDonald, Yodan Rofe, 2003-08-29 A celebration of the multiway boulevard and an argument for its revival with design guidelines and historic examples First built in Europe and grandly imported to the United States in the mid nineteenth century the classic multiway boulevard has been in decline for many years victim of a narrowly focused approach to street design that views unencumbered vehicular traffic flow as the highest priority The American preoccupation with destination and speed has made multiway boulevards increasingly rare as artifacts of the urban landscape This book reintroduces the boulevard tree lined and with separate realms for through traffic and for slow paced vehicular pedestrian movement as an important and often crucial feature of both historic and contemporary cities It presents more than fifty boulevards as varied as Avenue Montaigne in Paris C G Road in Ahmedabad India and The Esplanade in Chico California celebrating their usefulness and beauty It discusses their history and evolution the misconceptions that led to their near demise in the United States and their potential as a modern street type Based on wide research The Boulevard Book examines the safety of these streets and offers design guidelines for professionals scholars and community decision makers Extensive plans cross sections and perspective drawings permit visual comparisons The book shows how multiway boulevards respond to many issues that are central to urban life including livability mobility safety interest economic opportunity mass transit and open space

Waiting 'Til the Midnight Hour Peniel E. Joseph, 2007-07-10 This vibrant and expressive history of the Black Power movement captures the voices and personalities at the forefront of change Philadelphia Inquirer With the rallying cry of Black Power in 1966 a group of black activists including Stokely Carmichael and Huey P Newton turned their backs on Martin Luther King s pacifism and building on Malcolm X s legacy pioneered a radical new approach to the fight for equality Drawing on original archival research and more than sixty original oral histories Peniel E Joseph vividly invokes the way in which Black Power redefined black identity and culture and in the process redrew the landscape of American race relations In a series of character driven chapters we witness the rise of Black Power groups such as the Student Nonviolent Coordinating Committee and the Black Panthers and with them on both coasts of the country a fundamental change in the way Americans understood the unfinished business of racial equality and integration Waiting Til the Midnight Hour traces the history of the Black Power movement that storied group of men and women who would become

American icons of the struggle for racial equality A Washington Post Book World Best Nonfiction Book of 2006 Grand Urban Rules Alex Lehnerer, 2009 Grand Urban Rules offers a compilation and discussion of significant rules invented and implemented by European North American and Asian cities The reader does not only get an overview of the functionality and repercussions of these rule sets but also gains insight into the context and situation of the specific city through the lens of rule based governance a city's code as the inverted abstracted and extracted image of a city's actual situation Setting standards is first and foremost a cultural act We map cities by their rules The publication is based on a database of approximately 100 relevant urban rules researched over the past three years at the ETH Zurich These rules describe built form with regard to physical characteristics qualities and consequences as well as the distribution of program density urban performance and aesthetics Publisher's description *Understanding Urban Politics* Timothy B. Krebs, Arnold Fleischmann, 2020-02-17 In *Understanding Urban Politics* Institutions Representation and Policies Timothy B Krebs and Arnold Fleischmann introduce a framework that focuses on the role of institutions in establishing the political rules of the game the representativeness of city government the influence of participation in local democracy and how each of these features influences the adoption and implementation of public policies Part 1 lays the groundwork for the rest of the book by exploring the many meanings of urban analyzing what local governments do and providing a history of American urban development Part 2 examines the organizations and procedures that are central to urban politics and policy making intergovernmental relations local legislatures and the local executive branch Part 3 looks at elections and voting local campaigns and non voting forms of participation The four chapters in Part 4 focus on the policy process and the delivery of local services local government finances Building the City economic development land use and housing and policies affecting the quality of life public safety the environment morality issues and urban amenities Krebs and Fleischmann bolster students learning and skills with guiding questions at the start of each chapter which ends with key terms a summary discussion questions and research exercises The appendix and website aid these efforts as does a website for instructors *New York Recentered* Kara Murphy Schlichting, 2019-04-23 The history of New York City's urban development often centers on titanic municipal figures like Robert Moses and on prominent inner Manhattan sites like Central Park New York Recentered boldly shifts the focus to the city's geographic edges the coastlines and waterways and to the small time unelected locals who quietly shaped the modern city Kara Murphy Schlichting details how the vernacular planning done by small businessmen and real estate operators performed independently of large scale governmental efforts refigured marginal locales like Flushing Meadows and the shores of Long Island Sound and the East River in the late nineteenth and early twentieth centuries The result is a synthesis of planning history environmental history and urban history that recasts the story of New York as we know it **Modern Coliseum** Benjamin D. Lisle, 2017-07-05 In *Modern Coliseum* Benjamin D Lisle tracks changes in stadium design and culture since World War II Featuring over seventy five images documenting the transformation of the

American stadium over time Modern Coliseum will be of interest to a variety of readers from urban and architectural historians to sports fans *City of Disorder* Alex S. Vitale, 2009-03 2009 Association of American University Presses Award for Jacket Design In the 1990s improving the quality of life became a primary focus and a popular catchphrase of the governments of New York and many other American cities Faced with high levels of homelessness and other disorders associated with a growing disenfranchised population then mayor Rudolph Giuliani led New York's zero tolerance campaign against what was perceived to be an increase in disorder that directly threatened social and economic stability In a traditionally liberal city the focus had shifted dramatically from improving the lives of the needy to protecting the welfare of the middle and upper classes a decidedly neoconservative move In *City of Disorder* Alex S Vitale analyzes this drive to restore moral order which resulted in an overhaul of the way New York views such social problems as prostitution graffiti homelessness and panhandling Through several fascinating case studies of New York neighborhoods and an in depth look at the dynamics of the NYPD and of the city's administration itself Vitale explains why Republicans have won the last four New York mayoral elections and what the long term impact Giuliani's zero tolerance method has been on a city historically known for its liberalism

World's Fairs in the Cold War Arthur P. Molella, Scott Gabriel Knowles, 2019-09-13 The post World War II science based technological revolution inevitably found its way into almost all international expositions with displays on atomic energy space exploration transportation communications and computers Major advancements in Cold War science and technology helped to shape new visions of utopian futures the stock in trade of world's fairs From the 1940s to the 1980s expositions in the United States and around the world from Brussels to Osaka to Brisbane mirrored Cold War culture in a variety of ways and also played an active role in shaping it This volume illustrates the cultural change and strain spurred by the Cold War a disruptive period of scientific and technological progress that ignited growing concern over the impact of such progress on the environment and humanistic and spiritual values Through the lens of world's fairs contributors across disciplines offer an integrated exploration of the US USSR rivalry from a global perspective and in the context of broader social and cultural phenomena faith and religion gender and family relations urbanization and urban planning fashion modernization and national identity all of which were fundamentally reshaped by tensions and anxieties of the Atomic Age

Preserving South Street Seaport James M Lindgren, 2019-08-27 Preserving South Street Seaport tells the fascinating story from the 1960s to the present of the South Street Seaport District of Lower Manhattan Home to the original Fulton Fish Market and then the South Street Seaport Museum it is one of the last neighborhoods of late 18th and early 19th century New York City not to be destroyed by urban development In 1988 South Street Seaport became the city's 1 destination for visitors Featuring over 40 archival and contemporary black and white photographs this is the first history of a remarkable historic district and maritime museum Lindgren skillfully tells the complex story of this unique cobblestoned neighborhood Comprised of deteriorating 4 5 story buildings in what was known as the Fulton Fish Market the neighborhood was

earmarked for the erection of the World Trade Center until New Jersey forced its placement one mile westward After Penn Station's demolition had angered many New York citizens preservationists mobilized in 1966 to save this last piece of Manhattan's old port and recreate its fabled 19th century Street of Ships The South Street Seaport and the World Trade Center became the yin and yang of Lower Manhattan's rebirth In an unprecedented move City Hall designated the museum as developer of the twelve block urban renewal district However the Seaport Museum whose membership became the largest of any history museum in the city was never adequately funded and it suffered with the real estate collapse of 1972 The city bankers and state bought the museum's fifty buildings and leased them back at terms that crippled the museum financially That led to the controversial construction of the Rouse Company's New Fulton Market 1983 and Pier 17 mall 1985 Lindgren chronicles these years of struggle as the defenders of the people oriented museum and historic district tried to save the original streets and buildings and the largest fleet of historic ships in the country from the schemes of developers bankers politicians and even museum administrators Though the Seaport Museum's finances were always tenuous the neighborhood and the museum were improving until the tragedy of 9/11 But the prolonged recovery brought on dysfunctional museum managers and indifference if not hostility from City Hall Superstorm Sandy then dealt a crushing blow Today the future of this pioneering museum designated by Congress as America's National Maritime Museum is in doubt as its waterfront district is eyed by powerful commercial developers While Preserving South Street Seaport reveals the pitfalls of privatizing urban renewal developing museum corporate partnerships and introducing a professional regimen over a people's movement it also tells the story of how a seedy decrepit piece of waterfront became a wonderful venue for all New Yorkers and visitors from around the world to enjoy This book will appeal to a wide audience of readers in the history and practice of museums historic preservation urban history and urban development and contemporary New York City This book is supported by a grant from Furthermore a program of the J M Kaplan Fund

Lewis Mumford, a Life Donald L. Miller, 2002 Malcolm Cowley called Lewis Mumford the last of the great humanists and indeed in more than six decades of writing Mumford made contributions to history philosophy literature art architectural criticism and urban planning The author of some thirty books Mumford produced a body of work almost unequaled in the twentieth century for its range and richness A New York Times Notable Book Donald Miller's engagingly written biography reveals Mumford's full and fascinating life Based on ten years of research and unprecedented access to original and private papers Miller penetrates Mumford's reserved public persona and takes in the complete man his works as well as his days as he struggles to transform the world and his own life in decades marked by unparalleled change Miller is an excellent critical guide to Mumford's voluminous writing The New Yorker A gracefully written biography Francesca McKeon San Francisco Chronicle With this large large spirited life of Lewis Mumford Miller takes his place in the first rank of contemporary American biographers David McCullough *Nightclub City* Burton W. Peretti, 2013-04-19 In the Roaring Twenties New York City nightclubs and speakeasies became hot spots where traditions

were flouted and modernity was forged With powerful patrons in Tammany Hall and a growing customer base nightclubs flourished in spite of the efforts of civic minded reformers and federal Prohibition enforcement This encounter between clubs and government generated scandals reform crusades and regulations helped to redefine the image and reality of urban life in the United States Ultimately it took the Great Depression to cool Manhattan s Jazz Age nightclubs forcing them to adapt and relocate but not before they left their mark on the future of American leisure Nightclub City explores the cultural significance of New York City s nightlife between the wars from Texas Guinan s notorious 300 Club to Billy Rose s nostalgic Diamond Horseshoe Whether in Harlem Midtown or Greenwich Village raucous nightclub activity tested early twentieth century social boundaries Anglo Saxon novelty seekers Eastern European impresarios and African American performers crossed ethnic lines while provocative comedienues and scantily clad chorus dancers challenged and reshaped notions of femininity These havens of liberated sexuality as well as prostitution and illicit liquor consumption allowed their denizens to explore their fantasies and fears of change The reactions of cultural critics federal investigators and reformers such as Fiorello La Guardia exemplify the tension between leisure and order Peretti s research delves into the symbiotic relationships among urban politicians social reformers and the business of vice Illustrated with archival photographs of the clubs and the characters who frequented them Nightclub City is a dark and dazzling study of New York s bygone nightlife

The Limitless City Oliver Gillham, 2002-03 One of the great debates of our time concerns the predominant form of land use in America today the all too familiar pattern of commercial and residential development known as sprawl But what do we really know about sprawl Do we know what it is Where did it come from Is it really so bad If so what are the alternatives Can anything be done to make it better The Limitless City offers an accessible examination of those and related questions Oliver Gillham an architect and planner with more than twenty five years of experience in the field considers the history and development of sprawl and examines current debates about the issue The book offers a comprehensive definition of sprawl in America traces the roots of sprawl and considers the factors that led to its preeminence as an urban and suburban form reviews both its negative impacts loss of open space increased pollution gridlock as well as its positive aspects economic development personal freedom privacy considers responses to sprawl including smart growth urban growth boundaries regional planning and the New Urbanism looks at what can be done to improve and counterbalance sprawl The author argues that whether we like it or not sprawl is here to stay and only by understanding where it came from and why it developed will we be able to successfully address the problems it has created and is likely to create in the future The Limitless City is the first book to provide a realistic look at sprawl with a frank recognition of its status as the predominant urban form in America now and into the near future Rather than railing against it Gillham charts its probable future course while describing critical efforts that can be undertaken to improve the future of sprawl and our existing urban core areas

Future Visions of Urban Public Housing (Routledge Revivals) Wolfgang F. E. Preiser, David P. Varady, Francis P. Russell, 2017-08-03 First published in

1994 this book brings together the papers presented at the International Forum on Future Visions of Urban Public Housing held on November 17 20 1994 in Cincinnati Ohio Participants included public housing officials academics practitioners and public housing residents who came together to debate compare and analyse practices and issues in urban and public housing in industrialised nations The 55 collected papers address the following key topics public housing policy comprehensive neighbourhood planning for public housing public housing in the urban design context quality of design standards and guidelines for public housing resident participation and enhanced self sufficiency in public housing public housing alternatives revitalising and rehabilitating public housing the Elderly Children and special populations in public housing The findings suggest new directions for policy and agendas for action *The Year of Peril* Tracy Campbell, 2020-05-19 This fascinating chronicle of how the character of American society revealed itself under the duress of World War II places today's myriad social traumas and dislocations in perspective George Will Washington Post The Second World War exists in the American historical imagination as a time of unity and optimism In 1942 however after a series of defeats in the Pacific and the struggle to establish a beachhead on the European front America seemed to be on the brink of defeat and was beginning to splinter from within Exploring this precarious moment Tracy Campbell paints a portrait of the deep social economic and political fault lines that pitted factions of citizens against each other in the post Pearl Harbor era even as the nation mobilized government aided industrial infrastructure blossomed and parents sent their sons off to war This captivating look at how American society responded to the greatest stress experienced since the Civil War reveals the various ways both good and bad that the trauma of 1942 forced Americans to redefine their relationship with democracy in ways that continue to affect us today **Making Housing Happen, 2nd Edition** Jill Suzanne Shook, 2012-09-19 The growing housing crisis cries out for solutions that work As many as 3 5 million Americans experience homelessness each year half of them women and children One in four renters spends more than half of their income on rent and utilities more than 30 percent is considered unaffordable With record foreclosures and 28 percent of homes underwater middle and low income homeowners are suffering Many congregations want to address this daunting problem yet feel powerless and uncertain about what to do The good news is that churches are effectively addressing the housing crisis from Washington State to New York City where an alliance of sixty churches has built five thousand homes for low income homeowners with virtually no government funding or foreclosures This book not only presents solid theological thinking about housing but also offers workable solutions to the current crisis true stories by those who have made housing happen Each story features a different Christian denomination geographic area and model adaptive reuse cohousing cooperative housing mixed income mixed use inclusionary zoning second units community land trusts sweat equity and more Making Housing Happen is about vision and faith relationships and persistence Its remarkable stories will inspire and challenge you to action This new edition includes significant new material especially in light of the ongoing mortgage crisis *Formulating American Indian Policy in New York State,*

1970-1986 Laurence M. Hauptman, 1988-01-01 This is the first descriptive analysis of how American Indian policies are made both at the statewide and at agency levels Pertinent to all states the study describes New York's historic policies and emphasizes that improving Indian lifestyles or attracting Indians to government employment is handicapped by their overall distrust of state intentions a distrust caused by the continued impasse on American Indian land claims Employing archival records never before used as well as a plethora of interviews with state officials and American Indians over a fifteen year period Hauptman concludes that critical policy changes are needed to build lasting trust Civil Rights in New York City Clarence Taylor, 2011 Clarence Taylor is Professor of History and Black and Hispanic Studies at Baruch College and Professor of History at the Graduate Center City University of New York Book Jacket **Remaking the Rust Belt** Tracy Neumann, 2016-06-28 Remaking the Rust Belt tells the story of how local leaders throughout the Rust Belt adapted internationally circulating ideas about postindustrial redevelopment to create the jobs and amenities they believed would attract middle class professionals but in so doing widened and deepened economic inequality among urban residents

Reviewing **The Power Broker Robert Moses And The Fall Of New York Part 3**: Unlocking the Spellbinding Force of Linguistics
