Stephen R. Donaldson, 1977 **The Existence and Attributes of God (Vol.1&2)** Stephen Charnock, 2023-10-30 In The Existence and Attributes of God Stephen Charnock masterfully constructs a theological treatise that elucidates the nature of God through rigorous philosophical argumentation and profound scriptural engagement Spanning two volumes this work synthesizes insights from classical philosophy with Protestant theology exploring God's existence infinite attributes and moral governance with a clarity that has influenced generations of theologians and philosophers Charnock's literary style is both didactic and contemplative inviting readers to engage deeply with complex doctrinal issues while grounding them in the rich tradition of Reformed theology Stephen Charnock 1628 1680 emerged as one of the leading figures in 17th century Puritan thought writing during a tumultuous period marked by the English Civil War and a climate of religious uncertainty

His experiences as a preacher and his scholarly pursuits at Oxford undoubtedly shaped his profound conviction regarding the rational nature of faith as reflected in his meticulous approach to theology Charnock's legacy as a biblical thinker stems from his persistent quest to illuminate the character of God and understand divine attributes through reasoned discourse This seminal work is a must read for scholars theologians and anyone seeking a deeper understanding of God's nature Charnock's blend of intellectual rigor and spiritual insight provides a rich resource for contemplation and debate making it an enduring contribution to Christian philosophy and apologetics *The Existence and Attributes of God Vol. 2* Stephen

Charnock, 2023-12-01 *The Existence and Attributes of God* is a significant theological book written in the 17th century by Stephen Charnock a Puritan preacher and theologian This edition of *The Existence and Attributes of God Vol 2* is both current and legible with an eye catching new cover and professionally typeset manuscript Some stories are gruesome and bizarre while others softly creep up on you and pull you in This massive dissertation is divided into two parts with each volume delving into essential aspects of God's nature and qualities In the second volume Charnock conducts a thorough analysis of God's existence To establish the existence of an all powerful everlasting and transcendent Creator he digs into philosophical arguments historical viewpoints and scripture allusions The thorough examination of Charnock addresses problems about the origin of the universe and the requirement of a divine person Throughout the book Charnock's language is distinguished by a great reverence for God and a commitment to logical religion investigation He provides theological arguments in a systematic and logical manner that is understandable to both intellectuals and laypeople **The Existence and Attributes of God, Volume 7 of 50 Greatest Christian Classics, 2 Volumes in 1** Stephen Charnock, 2008-09 *The Existence and Attributes of God* comprises the first two volumes of the works of Stephen Charnock 1628-1680 an English puritan divine who was highly skilled in philosophy patristics Reformed theology and Biblical languages These volumes are his abiding monument They are worthy of being compared with the finest in theology When the existence and attributes of God are called into question to whom else can we better go than to Stephen Charnock those things revealed belong to us and to our children forever The material that Charnock discusses is firmly founded in the Word of God Both the Old Testament and the New emphasize these two things First we should study the whole revelation not just some easy or favorite parts of it secondly the study of God's attributes is not dry as dust theology but is practical that is it leads to righteousness Dr Gordon H Clark from a preface to this great work in a Sovereign Grace edition 1958 One of the greatest tragedies in these spiritually starved times is the sad fact that most Christians know so very little about their God It is often said that this is simply because these volumes are exhaustive on the subject Yet it is clearly filled with sublime expositions of the truth regarding God's existence and attributes Charnock displays God's attributes not as impersonal abstractions for the mind to juggle with but as qualities observable in the concrete actions of the living God of which the Bible speaks The technical terms and sometimes arguments of scholastic theology are employed but always with a Biblical orientation Charnock has no desire to

speculate but only to declare the works and ways the nature and character of the God of the Bible The substance of his doctrine is characteristically Puritan and representatively Reformed Dr James I Packer in The Encyclopedia of Christianity Volume II p 410 The possessor of these rare volumes will be blessed by getting acquainted with the incomparable God and thereby will reach a higher plane of spiritual enjoyment never attained before To know Him better is to love Him more
