The Philosophical Discipline Sir Ganganatha Jha, 1928

Into the Mirror Andy Karr, 2023-05-23

Into the Mirror examines the materialism of the modern world through the profound teachings of Mahayana Buddhism and offers an accessible and powerful method for investigating the way our minds construct our worlds. Into the Mirror combines contemporary Western inquiries into the nature of consciousness with classical Buddhist investigations into the nature of mind to offer deep insights into the nature of reality. Andy Karr invites the reader to make this a personal experiential journey through study, contemplation, and meditation. The first part of the book presents the Mahayana Buddhist approach to the path of freedom from suffering. It explores foundational teachings such as the four truths, the notion of enlightenment, and the practice of meditation from a fresh perspective. The second part deconstructs assumptions about mind and the material world using easily understood tools from contemporary Western philosophy. Part three presents a series of contemplative practices, ethics, and insights starting with the Middle Way teachings on emptiness and interdependence through Yogachara's subtle understanding of non-duality to the view that buddha nature is already within us to be revealed rather than something external to be acquired. Into the Mirror concludes with a call to cultivate compassion for beings and the environment right within this world of illusion.

These are known as inward spiritual disciplines, exercises, and have been practiced for centuries.
