The Practice Of Moral Judgment:

The Practice of Moral Judgment Barbara Herman,1993 Barbara Herman argues for a radical shift in the way we perceive Kant's ethics She convincingly reinterprets the key texts at once allowing Kant to mean what he says while showing that what Kant says makes good moral sense She urges us to abandon the tradition that describes Kantian ethics as a deontology a moral system of rules of duty She finds the central idea of Kantian ethics not in duty but in practical rationality as a norm of unconditioned goodness This book both clarifies Kant's own theory and adds programmatic vitality to modern moral philosophy

The Practice of Moral Judgment Barbara Herman,1996 Barbara Herman argues for a radical shift in the way we perceive Kant's ethics She convincingly reinterprets the key texts at once allowing Kant to mean what he says while showing that what Kant says makes good moral sense This book both clarifies Kant's own theory and adds programmatic vitality to modern moral philosophy

Moral Literacy Barbara Herman,1993 **Kant's Ethical Thought**

Allen W. Wood,1999-08-28 A major new study of Kant's ethics Kantian Commitments Barbara Herman,2022-02-24 Kantian Commitments comprises ten essays that represent a series of efforts to rethink many of the fundamentals of Kant's ethics and to draw out some implications for moral theory and practice In Part One Herman revisits and revises central pieces of Kant's moral framework offering a new understanding of the formulas of the categorical imperative revisiting the idea of exceptions to duties and sharpening the contrast between the value commitments of Kantian theory and other deontologies especially recent contractualisms The working hypothesis is to take seriously the idea that the formulas of the categorical imperative frame an account of moral reasoning with standards of validity and soundness which enable moral judgment to explicate the connection between our rational natures and our duties Part Two takes on some less central but important topics which are informed by the arguments of Part One the rationale for Kant's moralized view of history the implications of a Kantian view of morality for social pluralism the fit of Kant's conception of moral psychology with affect centered theories of human development the motivation behind Kant's argument for indirect duties to animals and the place of the idea of the highest good in a morally good life Throughout Herman aims to explore core Kantian commitments through a program of inquiry that peels away layers of assumption often brought to Kant's texts Removing these obstacles clarifies the ambition and scale of Kantian theory

Kantian Moral Theory And The Destruction Of The Self Sandra Jane Fairbanks,2019-03-01 This book explains Kantian morality against an interrelated set of criticisms that constitute the most influential contemporary critique of Kantian morality It demonstrates that a theory which emphasizes the guidance of impartial moral principles does not threaten a person's feelings of attachment

Moral Judgments as Educated Intuitions Hanno Sauer,2022-11-01 An argument that moral reasoning plays a crucial role in moral judgment through episodes of rational reflection that have established patterns for automatic judgment foundation Rationalists about the psychology of moral judgment argue that moral cognition has a rational foundation Recent challenges to this account based

on findings in the empirical psychology of moral judgment contend that moral thinking has no rational basis In this book Hanno Sauer argues that moral reasoning does play a role in moral judgment but not as is commonly supposed because conscious reasoning produces moral judgments directly Moral reasoning figures in the acquisition formation maintenance and reflective correction of moral intuitions Sauer proposes that when we make moral judgments we draw on a stable repertoire of intuitions about what is morally acceptable which we have acquired over the course of our moral education episodes of rational reflection that have established patterns for automatic judgment foundation Moral judgments are educated and rationally amenable moral intuitions Sauer engages extensively with the empirical evidence on the psychology of moral judgment and argues that it can be shown empirically that reasoning plays a crucial role in moral judgment He offers detailed counterarguments to the anti rationalist challenge the claim that reason and reasoning play no significant part in morality and moral judgment and the emotionist challenge the argument for the emotional basis of moral judgment Finally he uses Joshua Greene s Dual Process model of moral cognition to test the empirical viability and normative persuasiveness of his account of educated intuitions Sauer shows that moral judgments can be automatic emotional intuitive and rational at the same time

A Nietzschean Metaethics David Emmanuel Rowe,2019-10-17 This book develops a novel interpretation of the late nineteenth century German philosopher Friedrich Nietzsche as holding a distinct and original metaethical position a theory about our practice of ethics David Emmanuel Rowe characterizes it as a human centered metaethics A central achievement of A Nietzschean Metaethics is to bring Nietzsche into a conversation with the analytic metaethical tradition To do so Rowe interprets Nietzsche s use of such concepts as the notorious will to power his ideal agent the superman or bermensch nihilism the eternal recurrence Perspectivism and Being and Becoming The result is a view of Nietzsche as a radical moral error theorist which is to say he defends the view that all statements that appeal to some value for their truth are false This theory is radical because Nietzsche argues that insofar as language requires certain concepts for its truth it is in error in virtue of an appeal to some value Rowe also offers a view where the increase in one s power is a standard by which one can make sense of Nietzsche s so called re evaluation of all values By means of this resolution Nietzsche criticizes some contemporary themes in metaethics such as particular views about moral motivation reasons moral error theory and agency
