*Language and Power on the Rhetorical Stage* Fiona Harris Ramsby, 2020-12-30 Through a fusion of narrative and analysis *Language and Power on the Rhetorical Stage* examines how theater can enact critical discourse analysis and how micro instances of iniquitous language use have been politically and historically reiterated to oppress and deny equal rights to marginalized groups of people Drawing from Aristophanes rhetorical plays as a template for rhetoric in action the author poses the stage as a rhetorical site whereby we can observe see and feel 20th century rhetorical theories of the body Using critical discourse analysis and Judith Butler's theories of the performative body as a methodological and analytical lens the book explores how a handful of American plays in the latter part of the 20th century the works of Tony Kushner Suzan Lori Parks and John Cameron Mitchell among others use rhetoric in order to perform and challenge marginalizing language about groups who are not offered center stage in public and political spheres This innovative study initiates a conversation long overdue between scholars in rhetorical and performance studies as such it will be essential reading for academic researchers and graduate students in the areas of rhetorical studies performance studies theatre studies and critical discourse analysis

Butterworth, Nancy R. Gómez, 2021-02-17 Democracy is venerated in US political culture in part because it is our democracy As a result we assume that the government and institutions of the United States represent the true and right form of democracy needed by all This volume challenges this commonplace belief by putting US politics in the context of the Americas more broadly Seeking to cultivate conversations among and between the hemispheres this collection examines local political rhetorics across the Americas The contributors scholars of communication from both North and South America recognize democratic ideals as irreducible to a single national perspective and reflect on the ways social minorities in the Western Hemisphere engage in unique political discourses The essays consider current rhetorics in the United States on American exceptionalism immigration citizenship and land rights alongside current cultural and political events in Latin

America such as corruption in Guatemala women's activism in Ciudad Juárez representation in Venezuela and media bias in Brazil Through a survey of these rhetorics this volume provides a broad analysis of democracy It highlights institutional and cultural differences in the Americas and presents a hemispheric democracy that is both more pluralistic and more agonistic than what is believed about the system in the United States In addition to the editors the contributors include Jos Cortez Linsay M Cramer Pamela Flores Alberto González Amy N Heuman Christa J Olson Carlos Piovezani Clara Eugenia Rojas Blanco Abraham Romney Ren Agustín de los Santos and Alejandra Vitale      **Visual Rhetoric** Lester C.
