The Present State Of Scholarship In Fourteenth Century Literature:

The Present State of Scholarship in Fourteenth-century Literature Thomas Darlington Cooke, 1982 *The Present State of Scholarship in Historical and Contemporary Rhetoric* Winifred Bryan Horner, 1990 In the years since its publication in 1983 *The Present State of Scholarship in Historical and Contemporary Rhetoric* has become a classic in its field proving to be an invaluable resource for students of rhetoric and composition as well as for scholars in English speech and philosophy This revised and updated edition defines the field of rhetoric as no other volume has Publishers website **Literary Practice and Social Change in Britain, 1380-1530** Lee Patterson, 2024-06-12 As a traditional site of historical criticism medieval studies is particularly well placed to benefit from the recent reemergence of historicism in literary studies But this new critical historicism differs from the traditional criticism in both method and interests differences that are well illustrated by this collection A concern with politics a reliance on the materials of economic and social history a conception of writing as a form of social practices a focus upon the forces of change in medieval culture and unwillingness to observe the usual distinction between literary and historical texts and a historicization of their own activity these characteristics make these essays a significant contribution to medieval studies Moreover both in conception and execution the essays reject the barrier that the humanist account of history has erected between a Middle Ages stigmatized as distant and other and a Renaissance consecrated as the beginning of the modern world Thus they invite the attention of nonmedievalists especially Renaissance specialists who wish to test their assumptions about medieval literature against some of the best recent work in the field The authors consider a wide range of materials Three of the essays explore Chaucer's career as a bureaucrat a diplomat and a poet Other topics include Langland's self constitution in *Piers Plowman* the medieval production and modern reception of the mystery plays Hoccleve's innovative strategies for offering political advice to his king and the ideological and psychological interests that governed the idea of the city in sixteenth century Scotland All scholars and studies of the Middle Ages comparative literature and literature and language programs generally will appreciate this ground breaking collection Contributors Anne Middleton Paul Strohm Lee Patterson David Wallace Larry Scanlon Theresa Coletti Louise Fradenburg This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Guillaume de Machaut** Lawrence Earp, 2013-08-21 First published in 1996 Routledge is an imprint of Taylor Francis an informa company **Bulletin Bibliographique de la Société Internationale Arthurienne** International Arthurian Society, 1985 **A Reference Guide for English Studies** Michael J.
