The Prince in the Tower Frederick A. De Armas,1993 Calderon de la Barca s *La vida es sueno* 1636 has proven to be more popular than any of Shakespeare s plays in a number of European countries during the last three centuries This book is an attempt to capture the openness in contemporary scholarly discourse **Legends of Love** Celestine Moonshadowe, In the celestial realm of Aethoria where floating islands drifted through clouds of stardust and crystal spires reached toward infinity Princess Lyrlei stood upon the Observatory of Eternal Light Her silver hair cascaded down her back like liquid moonbeams and her violet eyes reflected the countless stars that served as both her kingdom s crown jewels and its guiding lights Tonight however those same stars seemed to whisper warnings The convergence approaches Your Highness said Master Astronomer Valdris his weathered hands trembling as he adjusted the great telescope that had watched over Aethoria for a thousand years The prophecy speaks true when seven stars align in the constellation of Destiny s Heart a choice must be made that will determine the fate of our realm Lyrlei pressed her palms against the crystalline railing feeling the familiar hum of magic that flowed through every stone of her floating palace Below them the lesser islands of her kingdom sparkled with the warm light of enchanted hearths where her people lived in harmony with the celestial forces that governed their lives But harmony she had learned was a fragile thing Tell me again what the ancient texts say she whispered though she knew the words by heart Valdris cleared his throat and spoke in the ritual tone reserved for prophecies When seven stars converge in love s own constellation the daughter of sky must choose between duty s chain and passion s liberation Should she choose the path of ancient obligation prosperity and peace shall reign eternal Should she choose the path of her heart s true calling great change shall come either salvation or devastation as love itself shall determine **The Darker the Night, the Brighter the Stars** Paul Broks,2018-07-03 When celebrated neuropsychologist Paul Broks s wife died of cancer it sparked a journey of grief and reflection that traced a lifelong attempt to understand how the brain gives rise to the soul The result of that journey is a gorgeous evocative meditation on fate death consciousness and what it means to be human The

Darker the Night The Brighter the Stars weaves a scientist's understanding of the mind its logic its nuance how we think about what makes a person with a poet's approach to humanity that crucial and ever elusive why It's a story that unfolds through the centuries along the path of humankind's constant quest to discover what makes us human and the answers that consistently slip out of our grasp It's modern medicine and psychology and ancient tales history and myth combined fiction and the stranger truth But most importantly it's Brooks story grounded in his own most fascinating cases as a clinician patients with brain injuries that revealed something fundamental about the link between the raw stuff of our bodies and brains and the ineffable selves we take for who we are Tracing a loose arc of loss acceptance and renewal he unfolds striking imaginative stories of everything from Schopenhauer to the Greek philosophers to jazz guitarist Pat Martino in order to sketch a multifaceted view of humanness that is as heartbreaking as it is affirming

The Unbroken Wholeness Power of God Don Christie, 2002-09 This book is all about experiencing the awesome WHOLENESS power of God through a life of discipleship and prayer The book is a call to get back to the simple basics of the Bible using the wholeness and oneness principles as a guide In a few of the later chapters the book explores some simple but remarkable number patterns such as the mathematical constants for light time gravity creation fire and many more all of which were encoded in the Psalms 3000 years ago about 2 900 years before they were known These simple number patterns such as 19 for electricity 27 for light 29 for creation fire and 38 for gravity all have key words in the first few verses of the Psalm number that is the same exact number of the math constant The book also explores a few ELS or what is called Equidistant Letter Sequences to show hidden codes in the Bible There also is a unique matrix code for the World Trade Center attack included Many more interesting Bible numbers that equal modern day scientific theory and fact are found in the Tabernacle of Moses and other places in the Bible The book brings out the wholeness principles contained in the Bible and how to apply them to your life The book also validates the fact that the Bible contains the simple mathematical evidence for the existence of God with patterns of numbers that are way beyond chance

Shadows Recollecting Justin Skarott, 2013-03-16 Shadows Recollecting is the story of the shaman Antonie and his elevation to doing the impossible His mentor and also a seer named Santorias An observer named Malcolm and Antonie's girlfriend Katelin It is also about lightning and rain and of wielding these powers The story also centers around an old world enemy led by Black known simply as the Shadow Assembly from a distant world called Tendragos Antonie becomes the vessel of a God and becomes the sole force for the destruction of the entire world of Tendragos though this is unclear to him There are few survivors in this post apocalyptic world but their answer is to live a simple medieval existence and remain hopeful for the future Antonie must save the village from the return of Black and when his duty is done the villagers think him gone for good

Laoism: The Complete Teachings of Lao Zi Tao Huang, 2000-08 Laoism is the first ever book on the complete teachings of Lao Zi an ancient Chinese philosopher sage It is also the first English depiction to distinguish Lao Zi's teachings from Taoism a native

religion of China Endless revelations and commentaries on his text of Tao Te Ching text have been and continuously exist in Chinese and many other languages but not yet a complete work between the text and its poetic summary the Lao Zi s self invented fourteen character couplet The couplet as old as the text has been circulating secretly only in a few monasteries This makes the writers throughout the history not being able to get a full picture on his work and the public inaccessible The completion of such a project must be a combination of the spiritual inclination into the text and the heart sealed connection with Lao Zi s spirit The time has come Grace in the Valley Heath Adamson,2018-10-02 Perhaps no psalm is more widely known than Psalm 23 Spoken by David during a time of great stress and difficulty it summons us to lie down in green pastures and walk thru the valley of the shadow of death Yet so often it seems we do just the reverse lying down in the valley and fixating on the danger fear and uncertainty We wonder where God has gone and why he doesn t make things right never considering that perhaps what we perceive as a spiritual trial is actually an invitation from God In this inspirational examination of Psalm 23 Heath Adamson asks the provocative question What if the green pasture and valley of the shadow of death is the same place Uncovering the rich historical and spiritual context of the shepherd s psalm he explores how God has provided a place of rest for each of us even in the times of unrest uncertainty moral ambiguity and fear **Ptolemy's**
