The Private Eye Of Craig Brown Parodies:

The Private Eye Book of Craig Brown Parodies Craig Brown, 1995 *Ninety-Nine Glimpses of Princess Margaret*
Craig Brown, 2018-08-07 Rollicking irresistible unputdownable For anyone who swooned to Netflix's *The Crown* this book will be manna from heaven Hamish Bowles *Vogue* *Ninety Nine Glimpses of Princess Margaret* is a brilliant eccentric treat Anna Munday *The Wall Street Journal* I ripped through the book with the avidity of Margaret attacking her morning vodka and orange juice The wisdom of the book and the artistry is in how Brown subtly expands his lens from Margaret's misbehavior to those who gawped at her who huddled around her pens poised over their diaries hoping for the show she never denied them Parul Sehgal *The New York Times* Brown has done something astonishing He makes the reader care even sympathize with perhaps the last subject worthy of such affection His book is big fun equal measures insightful and hysterical Karen Heller *The Washington Post* A witty and profound portrait of the most talked about English royal She made John Lennon blush and Marlon Brando tongue tied She iced out Princess Diana and humiliated Elizabeth Taylor Andy Warhol photographed her Jack Nicholson offered her cocaine Gore Vidal revered her Francis Bacon heckled her Peter Sellers was madly in love with her For Pablo Picasso she was the object of sexual fantasy Princess Margaret aroused passion and indignation in equal measures To her friends she was witty and regal To her enemies she was rude and demanding In her 1950s heyday she was seen as one of the most glamorous and desirable women in the world By the time of her death in 2002 she had come to personify disappointment One friend said he had never known an unhappier woman The tale of Princess Margaret is Cinderella in reverse hope dashed happiness mislaid life mishandled Such an enigmatic and divisive figure demands a reckoning that is far from the usual fare Combining interviews parodies dreams parallel lives diaries announcements lists catalogues and essays Craig Brown's *Ninety Nine Glimpses of Princess Margaret* is a kaleidoscopic experiment in biography and a witty meditation on fame and art snobbery and deference bohemia and high society **Hello Goodbye Hello** Craig Brown, 2013-08-20 A collection of whimsical true encounters between famous and infamous individuals describes the unlikely meetings of Marilyn Monroe with Frank Lloyd Wright Michael Jackson with Nancy Reagan and Sigmund Freud with Gustav Mahler **Our Times** A. N. Wilson, 2011-01-04 When Queen Elizabeth II was crowned in 1953 many proclaimed the start of a new Elizabethan Age Few had any inkling however of the stupendous changes that would occur over the next fifty years both in Britain and around the world In *Our Times* A. N. Wilson takes the reader on an exhilarating journey through postwar Britain With his acute eye not just for the broad social and cultural sweep but also for the telling detail he brilliantly distills half a century of unprecedented social and political change Here are the defining events and characters of the modern age from the Suez crisis to Vietnam from the Beatles to Princess Diana Here are the Angry Young Men the rise of pop culture and celebrity industrial unrest and the Winter of Discontent the Thatcher era and the eventual collapse of the Soviet Union This book propels the reader from postwar austerity to the end of the British

Empire and the emergence of America as a superpower to the multicultural Britain of today With Our Times Wilson triumphantly concludes the acclaimed trilogy that opened with The Victorians and was followed by After the Victorians Our Times makes compelling reading for anyone interested in the forces that have shaped our world **150 Glimpses of the Beatles** Craig Brown, 2024-03-26 Winner of the 2020 Baillie Gifford Prize for Non Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time If you want to know what it was like to live those extraordinary Beatles years in real time read this book Alan Johnson The Spectator Though fifty years have passed since the breakup of the Beatles the fab four continue to occupy an utterly unique place in popular culture Their influence extends far beyond music and into realms as diverse as fashion and fine art sexual politics and religion When they appeared on The Ed Sullivan Show in 1964 fresh off the plane from England they provoked an epidemic of hoarse throated fandom that continues to this day Who better then to capture the Beatles phenomenon than Craig Brown the inimitable author of Ninety Nine Glimpses of Princess Margaret and master chronicler of the foibles and foppishness of British high society This wide ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore When actress Eleanor Bron touched down at Heathrow with the Beatles she thought that a flock of starlings had alighted on the roof of the terminal only to discover that the birds were in fact young women screaming at the top of their lungs One journalist mistaken for Paul McCartney as he trailed the band in his car found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant s heartbeat so as to induce a hypnotic state in listeners And just how many people have employed the services of a Canadian dentist who bought John Lennon s tooth at auction extracted its DNA and now offers paternity tests to those hoping to sue his estate 150 Glimpses of the Beatles is above all a distinctively kaleidoscopic examination of the Beatles effect on the world around them and the world they helped bring into being Part anthropology and part memoir and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen this book is a humorous elegiac and at times madcap take on the Beatles role in the making of the sixties and of music as we know it Craig Brown's 'Imaginary Friends' Craig Brown, 2004-10 Private Eye is proud to present Craig Brown s Imaginary Friends In these increasingly uncouth days of intrusive journalism it has fallen to Private Eye to provide a sanctuary from the hurly burly of rumour and innuendo On the Diary page celebrities and literary giants have vied for an invitation from Craig Brown to contribute their words of wit and wisdom to tell us what they really think or what they would really think if only they had been given the chance Comprising the very best of the authors Private Eye diary column this collection has been lovingly compiled to guarantee a dose of intoxicating laughter on every page Mixing parody satire and social observation Craig Brown s Imaginary Friends is a hilarious selection of work by the writer recently named as Britain s foremost satirist The Spectator Book of Wit, Humour and Mischief Marcus Berkman, 2016-08-25 Approaching its 200th

birthday in the rudest of health the Spectator is known for the quality of its writing and the deep eccentricity of some of its writers Given the freedom to say what they want they take that freedom and more and the result is original provocative often very funny sometimes plain wrong From Jeffrey Bernard s reports from the Soho frontline and Auberon Waugh fulminating about hamburger gases in the early 1990s we encounter in turn the wild stream of consciousness of Deborah Ross s restaurant reviews the pinpoint etiquette advice of Mary Killen Rod Liddle s frothing but elegantly sculpted outrage and the magazine s secret weapon low life adventurer Jeremy Clarke This bumper selection which also includes eminent diarists mad letter writers and Boris Johnson amounts to a masterclass in comic writing lovingly compiled and edited by Marcus Berkman who still can t believe he wrote a monthly pop column for the magazine for twenty eight years without being fired

Q Craig Brown,2024-10-01 With equal measures of wit and wisdom the author of 99 Glimpses of Princess Margaret draws a deeply original hilarious and telling portrait of the Queen herself She was the most famous person on earth she first appeared on the cover of Time magazine at the age of three When she died few people were old enough to recall a time when she was not alive Her likeness has been reproduced in photographs on stamps on the notes and coins of thirty different currencies more than any since Jesus It is probable that over the course of her ninety six years she was introduced to a greater number of different people than anyone else who has ever lived likely well over half a million Yet this most closely observed of all women rarely left any real impression on those she encountered beyond vague notions of her radiance and sense of duty A high proportion of those she met can remember what they said to her but not a word of what she said to them Up until now the curious tactic employed by biographers of the Queen has been to ignore what is interesting and to concentrate on what is not Craig Brown the author of 150 Glimpses of the Beatles and Hello Goodbye Hello rejects this formula bringing his kaleidoscopic approach to the most famous and most guarded woman on earth examining the Queen through a succession of interlocking prisms With Q this fantastically funny marvelously insightful journalist gives us an unforgettable portrait of the omnipresent elusive Queen Elizabeth II **1966 and All That** Craig Brown,2006-06-29

Dream Factory Dominic Sandbrook, 2015-10-01 SPECTATOR BOOKS OF THE YEAR 2015 Britain's empire has gone Our manufacturing base is a shadow of its former self the Royal Navy has been reduced to a skeleton In military diplomatic and economic terms we no longer matter as we once did And yet there is still one area in which we can legitimately claim superpower status our popular culture It is extraordinary to think that one British writer J K Rowling has sold more than 400 million books that Doctor Who is watched in almost every developed country in the world that James Bond has been the central character in the longest running film series in history that The Lord of the Rings is the second best selling novel ever written behind only A Tale of Two Cities that the Beatles are still the best selling musical group of all time and that only Shakespeare and the Bible have sold more books than Agatha Christie To put it simply no country on earth relative to its size has contributed more to the modern imagination This is a book about the success and the meaning of Britain's modern popular culture from Bond and the Beatles to heavy metal and Coronation Street from the Angry Young Men to Harry Potter from Damien Hirst to The X Factor
