Vaill, 2008-05-06 From the author of the acclaimed *Everybody Was So Young* the definitive and major biography of the great choreographer and Broadway legend Jerome Robbins To some Jerome Robbins was a demanding perfectionist a driven taskmaster a theatrical visionary to others he was a loyal friend a supportive mentor a generous and entertaining companion and colleague Born Jerome Rabinowitz in New York City in 1918 Jerome Robbins repudiated his Jewish roots along with his name only to reclaim them with his triumphant staging of *Fiddler on the Roof* A self proclaimed homosexual he had romances or relationships with both men and women some famous like Montgomery Clift and Natalie Wood some less so A resolutely unpolitical man he was forced to testify before Congress at the height of anti Communist hysteria A consummate entertainer he could be paralyzed by shyness nearly infallible professionally he was conflicted vulnerable and torn by self doubt Guarded and adamantly private he was an inveterate and painfully honest journal writer who confided his innermost thoughts and aspirations to a remarkable series of diaries and memoirs With ballets like *Dances at a Gathering* *Afternoon of a Faun* and *The Concert* he humanized neoclassical dance with musicals like *On the Town* *Gypsy* and *West Side Story* he changed the face of theater in America In the pages of this definitive biography Amanda Vaill takes full measure of the complicated contradictory genius who was Jerome Robbins She re creates his childhood as the only son of Russian Jewish immigrants his apprenticeship as a dancer and Broadway chorus gypsy his explosion into prominence at the age of twenty five with the ballet *Fancy Free* and its Broadway incarnation *On the Town* and his years of creative dominance in both theater and dance She brings to life his colleagues and friends from Leonard Bernstein and George Balanchine to Robert Wilson and Robert Graves and his loves and lovers And she tells the full story behind some of Robbins s most difficult episodes such as his

testimony before the House Un American Activities Committee and his firing from the film version of West Side Story Drawing on thousands of pages of documents from Robbins s personal and professional papers to which she was granted unfettered access as well as on other archives and hundreds of interviews Somewhere is a riveting narrative of a life lived onstage offstage and backstage It is also an accomplished work of criticism and social history that chronicles one man s phenomenal career and places it squarely in the cultural ferment of a time when New York City was truly a helluva town

God and Evolution: Creativity In Action Jock Abra, 2015-01-20 Atheism this book argues is unbelievable The universe s wonders couldn t have come about by chance Natural selection alone doesn t produce evolution Therefore since evolution resembles the creative process especially in using trial and error God s creative activity is responsible and human creators reveal much about him However that process is goal directed so evolution must be as well But the goal a Picasso or Darwin pursues is vague They don t know exactly where they re going and make mistakes and so therefore must God Thus Abra rejects the perfect God assumed by many religions and Intelligent Design Why bring back God To restore meaning and purpose to existence and faith s many benefits To better explain how the universe scientific laws and life itself came about and living things attractive but useless properties Other discussions clarify both creativity and the creative God Is there one kind of creativity or many A sex difference Are creators neurotic
