Etheridge Translation of the Western Peshitto John Wesley Etheridge, 2024-09-27 A complete English translation of the Western Aramaic Peshitta text Great for comparison with standard translations from Greek This translation of the Four Gospels has been made directly from the Syriac The text chiefly followed is that of Gutbir 1664 compared with the editions of Paris G F Boderiani 1584 Walton in the London Polyglot and Schaaf's of 1709 The rubrics for the lessons are from Walton The object of the translator having been to offer in English an accurate representation of these venerable eastern scriptures the version is as literal as the structure of the two languages seems to admit From a desire to preserve the air and manner as well as meaning of the original he has retained the Syrian orthography of the proper names and has left some of the peculiar denominatives of the gospel narrative untranslated Such are the titles of Pharisee the Pharisees Zadukoyee the Sadducees Sophree the Scribes Malphona Doctor c The name of the Divine Being ALOHA the ALOHA of the Hebrew revelation is also left unaltered In the expression of these names the method

of the Nestorians has been followed rather than that used by the Western Syrians because in the former the pronunciation more fully accords with the orthography
