The Politics Of Nationhood Sovereignty Britishness And Conservative Politics:

The Politics of Nationhood P. Lynch, 1999-01-13 For over a century the Conservative Party has been identified as the patriotic party defending the nation state and British identity Thatcherism sought to rework the Conservative politics of nationhood in the light of changed circumstances but the Thatcher and Major Governments faced significant problems managing the Union European integration and a multicultural society Philip Lynch examines the key developments and statecraft problems in the conservative politics of nationhood during the Thatcher and Major period The British Conservative Party and One Nation Politics David Seawright, 2011-12-22 Won the 2011 Prize for best publication on Conservatives and Conservatism awarded by the specialist group Conservatives and Conservatism of the UK Political Studies Association **The politics of Englishness** Arthur Aughey, 2013-07-19 The politics of Englishness provides a digest of the debates about England and Englishness and a unique perspective on those debates Not only does the book provide readers with ready access to and interpretation of the significant literature on the English Question it also enables them to make sense of the political historical and cultural factors which constitute that question The book addresses the condition of England in three interrelated parts The first looks at traditional narratives of the English polity and reads them as variations of a legend of political Englishness of England as the exemplary exception exceptional in its constitutional tradition and exemplary in its political stability The second considers how the decay of that legend has encouraged anxieties about English political identity and about how English identity can be recognised within the new complexity of British governance The third revisits these narratives and anxieties examining them in terms of actual and metaphorical locations of Englishness the regional the European and the British **British Party Politics and Ideology after New Labour** S. Griffiths, K. Hickson, 2009-11-18 British Party Politics and Ideology after New Labour brings together academics and politicians to debate the intellectual roots of the ideas that currently drive the main UK political parties With major players responding to the arguments raised in each chapter the book will be a must read for anyone interested in or teaching British politics The Political Thought of the Conservative Party since 1945 K. Hickson, 2005-04-01 The Conservative Party is usually seen as being non ideological This book is the first comprehensive treatment of the political thought of the Conservative Party examining the major elements of Conservative thinking since 1945 cross cutting thematic issues and commentaries from leading politicians and journalists The book is essential for anyone interested in the history and future of the Party Enoch Powell Paul Corthorn, 2019 Best known for his notorious Rivers of Blood speech in 1968 and his outspoken opposition to immigration Enoch Powell was one of the most controversial figures in British political life in the second half of the twentieth century and a formative influence on what came to be known as Thatcherism Telling the story of Powell's political life from the 1950s onwards Paul Corthorn's intellectual biography goes beyond a fixation on the Rivers of Blood speech to bring us a man who thought deeply about and often took highly unusual and sometimes apparently contradictory positions on the central political

debates of the post 1945 era rejecting the Cold War emphasis on the Anglo American relationship and at one stage going so far as to advocate the idea of an alliance with the Soviet Union promoting free market economics long before it was fashionable while remaining a staunch defender of the National Health Service vehemently opposing British membership of the European Community arguing for the closer integration of Northern Ireland with the rest of the UK and in the 1980s supporting unilateral nuclear disarmament In the process Powell emerges as more than just a deeply divisive figure but as a seminal political intellectual of his time Paying particular attention to the revealing inconsistencies in Powell s thought and the significant ways in which his thinking changed over time Corthorn argues that Powell s diverse campaigns can nonetheless still be understood as a coherent whole if viewed as part of a long running and wide ranging debate set against the backdrop of the long term decline in Britain s international military and economic position in the decades after 1945

government The Making of English National Identity Krishan Kumar, 2003-03-13 Why is English national identity so enigmatic and so elusive Why unlike the Scots Welsh Irish and most of continental Europe do the English find it so difficult to say who they are The Making of English National Identity first published in 2003 is a fascinating exploration of Englishness and what it means to be English Drawing on historical sociological and literary theory Krishan Kumar examines the rise of English nationalism and issues of race and ethnicity from earliest times to the present day He argues that the long history of the English as an imperial people has as with other imperial people like the Russians and the Austrians developed a sense of missionary nationalism which in the interests of unity and empire has necessitated the repression of ordinary expressions of nationalism Professor Kumar's lively and provocative approach challenges readers to reconsider their pre conceptions about national identity and who the English really are Transcultural Identities in Contemporary Literature Irene Gilsenan Nordin, Julie Hansen, Carmen Zamorano Llana, 2013-10-01 In recent decades globalization has led to increased mobility and interconnectedness For a growing number of people contemporary life entails new local and transnational interdependencies which transform individual and collective allegiances Contemporary literature often reflects these changes through its exploration of migrant experiences and transcultural identities Calling into question traditional definitions of culture many recent works of poetry and prose fiction go beyond the spatial boundaries of a given state emphasizing instead the mixing and collision of languages cultures and identities In doing so they also challenge recent and contemporary discourses about cultural identities fostering a more nuanced understanding of the complexities of identity formation processes in diverse transcultural frameworks This volume analyses how traditional understandings of culture as well as literary representations of identity constructs can be reconceptualized from a transcultural perspective In four thematic sections focusing on migration cosmopolitanism multiculturalism and literary translingualism the twelve essays included in this volume explore various facets of transculturality in contemporary poetry and fiction from around the world Contributors Malin Lidström Brock Katherina Dodou Pilar Cuder Domínguez Stefan Helgesson Christoph Houswitschka Carly McLaughlin Kristin Rebien J B Rollins Karen L Ryan Eric Sellin Mats Tegmark Carmen Zamorano Llana Irene Gilsenan Nordin is Professor of English Literature at Dalarna University Sweden She is founder and director of DUCIS Dalarna University Centre for Irish Studies and leads Dalarna University's Transcultural Identities research group Julie Hansen is Research Fellow at the Uppsala Centre for Russian and Eurasian Studies and teaches Russian literature in the Department of Modern Languages at Uppsala University Sweden Carmen Zamorano Llana is Associate Professor of English Literature at Dalarna University Sweden and member of Dalarna University's Transcultural Identities research group *The Conservative Party and the nation* Arthur Aughey, 2018-04-03 This book re-examines the claim of the Conservative Party to be the national party and in its politics to express the enduring national interest It explores the historical character of the Conservative Party in particular the significance of the nation in its self understanding It addresses the political culture of the modern party one which proclaims

a Unionist vocation but rests mainly on English support and considers how the Englishness of the party is reconciled with the politics of British statecraft It considers the constitutional challenges which the Conservative Party faces in managing a changing Union in negotiating a changing Europe and in defining a changing national interest The book is essential reading not only for students and scholars of the Conservative Party but also for those who want to make sense of the transformations taking place in modern British politics *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author
