

The Media and Politics

The Public Agenda

- The media play a very large role in shaping the **public agenda**, the societal problems that political leaders and citizens agree need government attention.
- It is not correct that the media tell the people *what* to think; but it is clear that they tell the people what to think *about*.

Electoral Politics

- Today, television allows candidates to appeal directly to the people, without the help of a party organization.
- Candidates regularly try to use media coverage to their advantage.
- Newscasts featuring candidates are usually short, sharply focused **sound bites**—snappy reports that can be aired in 30 to 45 seconds.
