wartime legacy *The Pope's Supremacy* Isaac Barrow,1845 *The Pope's Jews* Gordon Thomas,2012-10-02 A revelatory account of the Vatican s efforts to save thousands of Jewish people during World War II refutes beliefs about Pius XII s neutrality **All the Pope's Men** John L. Allen, Jr.,2007-12-18 A fascinating and enlightening look at the world s oldest and most mysterious institution written by an American journalist with unparalleled knowledge about the Vatican s past and present The sexual abuse scandals that shook American and British Catholicism in 2002 brought to light a long standing cultural gap between the English speaking Catholic world and the Vatican In Rome the crisis was often seen as an attack on the Church mounted by money hungry lawyers a hostile press and liberal activists who used it as a way to turn attention on such concerns as celibacy women s ordination and lay empowerment When the Vatican struck down the U S bishops draft for handling allegations of sexual abuse many saw it as an attempt to curb an independent American Catholic church Yet as time passed it became clear that the Vatican s well founded concerns about due process were shared by most liberal U S bishops and canon lawyers ALL THE POPE S MEN is a lucid in depth guide to the sometimes puzzling often incomprehensible inner workings of the Vatican It reveals how decisions are made how papal bureaucrats think and how careers in the Roman Curia are shaped It debunks the myths that have fed the distrust and suspicions many English speaking Catholics harbor about the way the Vatican conducts its business explains who really wields the power and offers entertaining profiles of the personalities historical and present day who have wielded that power for good and for bad A thoughtful analysis of the recent sexual abuse crisis sheds light on how the Vatican perceives the Church in the United States Balanced lively and filled with Vatican history and lore ALL THE POPE S MEN provides the general reader with an authoritative picture of the highly charged relationship between the Vatican and the richest most influential national Catholic church in the world today

years of his papacy Sex crimes and cover ups financial scandal declining membership and the unprecedented resignation of its chief executive Pope Benedict XVI These were the ingredients of a twenty first century crisis in the Vatican a crisis that might have anticipated the election of a steadily conservative pope a career bureaucrat and an insider An operator Instead they chose Francis Using his unparalleled access and knowledge of the inner workings of the Vatican BBC correspondent David Willey chronicles Francis s first two years as pope and analyzes what could happen in the years to come He tells the inside story of how this most unlikely man came from the end of the world to lead the world s largest corporation into the future stirring millions to interest and faith again through his frank speeches and benevolent beliefs In putting this all into context Willey seeks to further unravel the mysteries and conspiracies that continue to surround the worldwide headquarters of the Roman Catholic Church The world has never seen the Church in a greater state of flux as Francis s words and deeds have enchanted entertained and sometimes enraged the public In this comprehensive biography complete with full color photography David Willey explores the religious and personal background of the inspirational Pope Francis his stunning impact on the Catholic Church the hopes he has raised and the legacy he will leave behind *The Pope; Considered in His Relations With the Church...* J. M. comte de Maistre, 2023-07-18 Originally published in 1819 this influential work of Catholic political philosophy argues that the pope is the necessary and lawful ruler of the Christian world De Maistre s forceful defense of papal authority and the traditional order of the church challenged contemporary notions of liberalism and democracy and continues to spark debate on the relationship between religion and politics This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
