The Postmodern President The White House Meets The World

Richard J. Ellis

The Postmodern President The White House Meets The World:

The Postmodern President Richard Rose,1991 Richard Rose has produced an exceptional book not just about presidents but also about how they connect or fail to connect with Washington and the world His unique comparative approach blending process with politics and policy results in an insightful engaging treatment of the presidency and its place in the broader American system I M Destler University of Maryland White House Studies Compendium Robert W. Watson,2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index Preface *Modern Condtns Post Mod Contrv* Barry Smart,2006-04-14 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company The Presidential Dilemma Michael A. Genovese,2017-07-28 This brief thought provoking text evaluates the performance of recent presidents from Johnson to Bush finding that overall each has failed to live up to public expectations Written by one of the top presidency scholars today The Presidential Dilemma reflects on the idea that as our country s problems grow our politicians seem to shrink Arguing that American presidents of the last 40 years have largely failed to meet the needs expectations and responsibilities placed upon them the book discusses how presidents might better maximize their opportunities for leadership and suggests a distinctive theory of presidential politics presidents facing a system of multiple veto points seek to maximize power and influence The third edition of Genovese s stimulating book is thoroughly updated to reflect presidential development in recent years and a new introduction brings his arguments current As he demonstrates the emergence of democracy as a new social and political paradigm undermined traditional authority and legitimacy Subjects no longer automatically follow now citizens must be persuaded They may give to a leader their authority and power or not As Genovese notes in a world of mass consumerism those wishing to lead have precious little to offer by way of inducement Genovese s goal is to examine the reasons why the performance of recent presidents has been underwhelming discuss how they might maximize their opportunities for leadership and ask a key question Can presidents be both powerful and accountable The book follows a clear format and tries to show why America s officeholders have so rarely been leaders and how presidents can become leaders instead of mere officeholders **The Presidency in a Separated System** Charles O. Jones,2005-10-01 Popular interpretations of American government tend to center on the presidency Successes and failures of government are often attributed to presidents themselves But though the White House stands as a powerful symbol of government the United States has a separated system intentionally designed to distribute power not to concentrate it Charles O Jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works The role of the president varies widely depending on his resources advantages and strategic position Public expectations often far exceed the president s personal political institutional or constitutional capacities for achievement Jones explores how presidents find

their place in the permanent government and how they are fitted in by others most notably those on Capitol Hill This book shows how a separated system of government works under the circumstances created by the Constitution and encouraged by a two party system Jones examines the organizational challenges facing presidents their public standing and what it means presidential agendas and mandates and lawmaking how it works where the president fits in and how it varies from issue to issue He compares the post World War II presidents and identifies the strengths and weaknesses of each in working within the separated system Jones proposes a view of government as a legitimate even productive form of decisionmaking and emphasizes the varying strategies available to presidents for governing He concludes with a number of important lessons for presidents and advice on how to make the separated system work better

The Post-Heroic Presidency Michael A. Genovese, Todd L. Belt, 2016-06-13 This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad

Executive Leadership in Anglo-American Systems Colin Campbell, Margaret Jane Wyszomirski, 2010-11-23 Eighteen distinguished scholars and practicing officials address the problems of executive leadership in the United States Britain Canada and Australia Individual essays focus on cabinet government domestic military and economic advisers executive agencies and personal staff for presidents and prime ministers Provocative comparisons between and among systems make the discussions particularly insightful

Refounding Democratic Public Administration Gary L. Wamsley, James F. Wolf, 1996-05-29 The contributors to this volume contend that the North American political system is undergoing a serious governmental crisis political leaders know only how to campaign not how to gain consensus on goals or direct a course that is to the good of the nation Public administration is

therefore forced to compensate for the growing inadequacy of the leaders and with a normative based body of theorizing perform its key role of governance within a democratic system of polycentric power The book offers a revisualization of the relationship between public servants and the citizens they serve and a continuing discourse on how public administration can constructively balance forces of change and stability in order for democr

Ronald Reagan David Mervin,2014-09-11 First published in 1990 American as well as British students will find much that is interesting and illuminating in this British view of the Reagan presidency David Mervin writes as an experienced American politics specialist whose study includes first hand observation in the United States Putting aside policy substance and concentrating on effectiveness in using the political process Mervin portrays Reagan s presidential record more favorably than may be common in the British community

Executing the Constitution , *The Post-Cold War Presidency* Anthony J. Eksterowicz, Glenn P. Hastedt,1999 With the end of the Cold War U S presidential leadership has become both more important and more difficult Post war periods have historically posed challenges to leadership and this time around the long time image of the Oleader of the free worldO has declined in the face of globalization and increased interdependence among nations It is exactly this complex environment that makes Americans look ever more to their president for guidance This accessibly written volume discusses socio cultural political and economic changes during and after the Cold War period and how these have affected modern presidential leadership Prominent contributors cover key issues_image and character domestic and foreign policy distraction theory domestic and international economics executive legislative relations security intelligence executive dominance and activist government_and suggest strategies for helping to ensure a strong presidency in the future

Institutions And Democratic Statecraft Metin Heper,2018-10-08 This volume of fifteen original essays examines the role of political institutions in establishing democratic stability around the globe Leading scholars survey well established democracies such as the United States Great Britain Canada Australia and France relatively established democracies such as Germany Italy India and Israel and newly established democracies such as Turkey Poland and Spain The final chapter explores how political institutions may be connected to democracy for best performance of the political system

Bound to Lead Joseph S Nye Jr,2016-03-01 Is America still Number 1 A leading scholar of international politics and former State Department official takes issue with Paul Kennedy and others and clearly demonstrates that the United States is still the dominant world power with no challenger in sight But analogies about decline only divert policy makers from creating effective strategies for the future says Nye The nature of power has changed The real and unprecedented challenge is managing the transition to growing global interdependence

The Image Is Everything Presidency Gilbert St. Clair,2018-03-09 Image is everything Today our television and movie stars our athletes and our politicians carefully craft images for public consumption Even our country s Executive Chief is not immune to a bit of image manipulation If presidents can not always actually satisfy the public s excessive contradictory and unrealistic expectations they can at least present a compelling image of presidential leadership

and success When it comes to the modern presidency tennis star Andre Agassi was correct Image is everything Image creation is a serious business with critically important implications for the success of any politician But presidents must be careful in deciding how they craft the ways in which we perceive them If they are to succeed presidents must present an appropriate image of leadership to the American people an image that is appropriate for the particular needs of the time when the president governs and is appropriate to the personality of that president Their ultimate goal is to convince the public that they are actually providing leadership even if in reality they have only a limited ability to effect outcomes This book examines the way American presidents in the media age have shaped their public personas as a means of cultivating and advancing their political and ideological agendas Images play an important role in the perceived success or failure of our presidents Since public expectations are most often aimed directly at the White House and its central occupant it is more important than ever that a president control his image as well as presenting the right image to the American public Reality thus becomes secondary and image is everything

The Upcoming Insignificance of the American Presidency Wilbur C. Rich, 2023-12-15 This new text analyzes the development of the presidency as the dominant political institution in the United States and raises questions about its future relevance In this history of the U S executive branch from the framing of the Constitution to the Biden administration author Wilbur C Rich illuminates the transformation of the presidential role by a variety of extra constitutional non legal forces technology and social changes The book highlights how some presidents nevertheless have managed to maintain relevancy and dominance by adapting to these changes or by introducing changes of their own For undergraduate students and researchers of presidential history and American political development this expansive historical overview of the executive branch in America makes a strong case that the significance of the American presidency has declined dramatically and perhaps irrevocably in the modern presidency

The Development of the American Presidency Richard J. Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution The Development of the American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines

practice quizzes and key terms to help students master the book's lessons Controversial Issues in Presidential Selection

Gary L. Rose, 1994-01-01 The book is designed to stimulate lively debate and critical thinking about the modern process of presidential selection Eleven issues that impact directly on the selection of the president of the United States are examined in a scholarly and argumentative format Essays pro and con on each issue educate students in the dynamics of presidential selection and help them evaluate competing perspectives on today's pressing issues **Presidential Lightning Rods**

Richard J. Ellis, 2021-10-08 H R Haldeman President Nixon's former chief of staff is said to have boasted Every president needs a son of a bitch and I'm Nixon's I'm his buffer and I'm his bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it's assumed to be an essential item in every president's managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president's part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image Ellis's book is an essential primer for helping us understand this process *Encyclopedia of the American Presidency, Fourth Edition*

Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American

government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more The Powers of the Presidency CQ Press, 2012-10-19 Providing both a historical and contemporary perspective on presidential powers The Powers of the Presidency guides readers through the presidency as a constitutional office covering how it was shaped by design at the Constitutional Convention in 1787 and by later constitutional amendments Supreme Court decisions and custom and precedent It discusses the various roles of the chief executive including chief of state chief administrator legislative leader chief diplomat commander in chief and chief economist The fourth edition of this accessible and affordable work has been significantly updated and features Coverage of the final years of George W Bush and the first three years of Barack Obama s presidency Extensive coverage of the Obama Administration s efforts to curb economic decline Updates on the wars in Iraq and Afghanistan the killing of Osama bin Laden and on the treatment of detainees at Guantanamo Bay Coverage of the Arab Spring protests and U S involvement in the military intervention in Libya Barack Obama s health care reform legislation

The Postmodern President The White House Meets The World Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Postmodern President The White House Meets The World has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Postmodern President The White House Meets The World has opened up a world of possibilities. Downloading The Postmodern President The White House Meets The World provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Postmodern President The White House Meets The World has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Postmodern President The White House Meets The World. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Postmodern President The White House Meets The World. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Postmodern President The White House Meets The World, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Postmodern President The White House Meets The World has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Postmodern President The White House Meets The World Books

1. Where can I buy The Postmodern President The White House Meets The World books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Postmodern President The White House Meets The World book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
