The Powder Their Paper And Pools Of Blood:

The Powder, Their Paper and Pools of Blood Mark Hunter, 2001-06-08 Integrity is a word which was uttered on nightly newscasts for months after an anonymous but calculating White House intern introduced herself to the President. Integrity is a word emblazoned on the front page of every law enforcement manual in the country and it is a concept affirmed by every individual who ever accepts a position of public trust. It's also a notion which is the focus of *The Powder Their Paper and Pools of Blood*. This novel is a first person account of a DEA Agent, initially an honorable young man with noble intentions to pursue a vocation in federal law enforcement. As his career progresses, he permits himself to become seduced by the enviable lifestyles of those he investigates. He begins by pocketing purposeless trinkets and trivial amounts of money, rationalizing his behavior each and every time he consummates an act that he recognizes to be morally repugnant. The ease by which the Agent Mark Connors consummates his thefts nourishes his appetite for more lucrative and exciting acts of dishonesty until he is a witness to the most deplorable act one human being can do to another. *The Powder Their Paper and Pools of Blood* is a dark and captivating slice of fiction which includes accurate information about real tactics employed by the agents and offices of the Drug Enforcement Administration.

The Last Days of Old Beijing Michael

Meyer, 2010-07-23 Journalist Michael Meyer has spent his adult life in China, first in a small village as a Peace Corps volunteer, the last decade in Beijing where he has witnessed the extraordinary transformation the country has experienced in that time. For the past two years, he has been completely immersed in the ancient city, living on one of its famed hutongs in a century-old courtyard home he shares with several families, teaching English at a local elementary school while all around him, progress closes in as the neighborhood is methodically destroyed to make way for high-rise buildings, shopping malls, and other symbols of modern urban life. The city he shows has been demolished many times before, however, he writes the epitaph for Beijing will read: born 1280, died 2008. What emperors, warlords, Japanese invaders, and Communist planners couldn't eradicate, the market economy can. *The Last Days of Old Beijing* tells the story of this historic city from the inside out through the eyes of those whose lives are in the balance: the Widow who takes care of Meyer, his students, and fellow teachers; the first ever description of what goes on in a Chinese public school; the local historian who rallies against the government; the tension of preservation vs. modernization; the question of what in an ancient civilization counts as heritage and what happens when a billion people want to live the way Americans do. Suffuse Meyer's story.

Red Sorghum Mo Yan, 1994-04-01 The acclaimed novel of love and resistance during late 1930s China by Mo Yan, winner of the Nobel Prize in Literature. Spanning three generations, this novel of family and myth is told through a series of flashbacks that depict events of staggering horror set against a landscape of gemlike beauty as the Chinese battle both Japanese invaders and each other in the turbulent 1930s. A legend in China where it won major literary awards and inspired an Oscar-nominated film directed by Zhang Yimou. *Red Sorghum* is a book in which fable and history collide to produce fiction that is entirely new and unforgettable.
