T. Headley,1852 The Power Game in Byzantium James Allan Evans,2011-10-20 This title presents an original portrayal of Justinian s reign its politics and theological disputes focusing on the lives of two extraordinary women who wielded power and influence A fascinating exploration of the corridors of power in Byzantium of the time of Justinian 527-565 the book reveals how Empress Theodora and Antonina both alumnae of the theatre were remarkable examples of social mobility moving into positions of power and influence becoming wives of key figures Theodora had three aims to protect those Christians who would not accept the Chalcedonian Creed to advance the careers of her family and friends and to defend the poor and assist the defenceless and in particular women a mission which she claimed publicly Finally there was the allure of power and though the exercise of power cannot be qualified as an aim there can be no doubt that Theodora loved authority she made and unmade marriage contracts and appointed men to office or destroyed them if they got in her way Antonina was both friend and agent and equally ruthless She managed her husband Belisarius and advanced his career though she was unfaithful to the marriage bed and would outlive the main players of the age of Justinian The Power of the Blood , **The Power of**

The Power of the Inner Judge Léon Wurmser,2000-03-01 This book describes in detail how to effectively treat severely ill but not psychotic patients by careful psychotherapeutic work on the defenses and the superego Diverging widely from Kernberg's and Kohut's work with the same broad spectrum of patients Léon Wurmser demonstrates his flexible and individualized method with clinical material taken directly from actual patient therapist interaction The core of the therapeutic work focuses on trauma forms of defense conflicts within the superego and the related affects of guilt shame depression and resentment Appreciating the complex and individual nature of each case the author uses the familiar concepts of masochism aggression narcissism and repetition compulsion as descriptions not explanations of clinical observations There are no shortcuts a genuine understanding that results in real change for the patient requires an in depth exploration of the material in a nonjudgmental atmosphere Observing that categories while necessary tend to be slowly transformed into words of devaluation Dr Wurmser addresses the implicit and often quite explicit judgmental spirit directed toward severely ill patients and cautions clinicians to avoid falling into the role of a judging authority This is an eloquent accounting of a master therapist's successes and failures valuable especially for offering effective and decisive interventions in treating traditionally untreatable patients
