Kitawa Literary Fragments Giancarlo M. G. Scoditti, 2025-03-31 The Nowau oral texts collected in this volume were recorded by Scoditti during the several years of fieldwork on Kitawa Island Papua New Guinea devoted mainly to understanding the mental mechanisms followed by the image creators that are the makers of the kula ceremonial canoes the poets the magicians the female and male singers who perform a poetic text orally written by a poet to an oral score composed by a musician With these early works Scoditti identifies within Kitawa culture a clear distinction between the author and the performer interpreter of a given oral text be it a verbal and a non verbal one a distinction that has called into question the hypothesis that in a culture that does not know or use any form of phonetic writing a text is composed at the time of its performance so that composition and performance would coincide A first result of his interpretation is Kitawa A linguistic and aesthetic analysis of visual art in Melanesia 1990 De Gruyter Mouton then by Kitawa oral poetry An example from Melanesia 1996 ANU Press Notes on the cognitive texture of an oral mind Kitawa a Melanesian culture 2012 Sean Kingston Publishing and now Kitawa Literary Fragments How Storytelling Shapes Spacetime in a Melanesian Matrilineal Culture **And He Will Take Your Daughters...** April D. Westbrook, 2015-04-23 April Westbrook explores the intentional inclusion of woman stories those displaying significant female presence within the David narrative in the books of Samuel These stories are made prominent by the surprisingly high number of their occurrences as well as the sequentially progressive literary pattern in which they occur in the larger narrative Westbrook shows that the dramatic and detailed accounts within the story repeatedly challenge the reader to consider the experiences of women and their contribution to the purpose of the larger narrative When viewed collectively these woman stories serve to stir the reader's responses in ways which systematically call into question the nature of the monarchy itself as a power system both its impact upon the nation and upon the kings who rule Although King David is often held up as a paragon of virtue the experiences of the women in his life frequently reveal a different side of his character and the reader must wrestle with the resultant ambiguity In the process the reader must also think deeply about the inevitably negative aspects of hierarchical social structures and why this biblical text is apparently designed to press the reader toward unavoidable and uncomfortable personal confrontation with these realities concerning the use of power within community life **Woman of Power**, 1989 **The Winner Woman** Dr. Lawrence Emwosa Osifo, This teaching is programmed to educate the girl child to have a positive attitude to life to believe in herself to be bold teach her not to be enticed by money and material gifts from man but rather earn them herself to teach her to resist early marriage to teach her strength of nature to teach her not to be intimidated by the opposite sex to teach her not to see herself as different from and inferior to the male child and to teach her strength ambition honesty faith love and patience **Narratives of Working Women in Early Modern London** Christi Spain-Savage, 2025-10-20 Narratives of Working Women in Early Modern London Gendering the City analyzes depictions of non elite working women in relation to

specific London neighborhoods and sites in early modern drama and culture from primarily the late sixteenth to the mid seventeenth century The women laborers explored in this book who worked on the fringes of masculinized commerce elicited anxious discursive responses to their ubiquitous public presence This book investigates these discursive strategies or gendered place narratives in dramatic works such as Ben Jonson s *Epicene* the unattributed play *The Fair Maid of the Exchange* Thomas Heywood s *The Wise woman of Hogsdon* and Shackerly Marmion s *Holland s Leaguer* as well as a variety of early modern pamphlets poems ballads and prose works By rhetorically associating working women with contested urban commercial neighborhoods and locales these works attempt to minimize control or delegitimize the agency of laboring women An examination of these narratives exposes underlying social and economic inequities in early modern London which affected the conditions of women s labor
