The Power Of Gods Character:

THE POWER OF GOD Edward D. Andrews, 2018-03-29 *The Character of God* Thomas E. Jenkins, 1997-12-04

Educated people have become bereft of sophisticated ways to develop their religious inclinations. A major reason for this is that theology has become vague and dull. In *The Character of God*, author Thomas E. Jenkins maintains that Protestant theology became boring by the late nineteenth century because the depictions of God as a character in theology became boring. He shows how in the early nineteenth century American Protestant theologians downplayed biblical depictions of God's emotional complexity and refashioned his character according to their own notions stressing emotional singularity. These notions came from many sources but the major influences were the neoclassical and sentimental literary styles of characterization dominant at the time. The serene benevolence of neoclassicism and the tender sympathy of sentimentalism may have made God appealing in the mid 1800s but by the end of the century these styles had lost much of their cultural power and increasingly came to seem flat and vague. Despite this both liberal and conservative theologians clung to these characterizations of God throughout the twentieth century. Jenkins argues that a way out of this impasse can be found in romanticism, the literary style of characterization that supplanted neoclassicism and sentimentalism and dominated American literary culture throughout the twentieth century. Romanticism emphasized emotional complexity and resonated with biblical depictions of God. A few maverick religious writers such as Harriet Beecher Stowe, W. G. T. Shedd, and Horace Bushnell did devise emotionally complex characterizations of God and in some cases drew directly from romanticism. But their strange and sometimes shocking depictions of God were largely forgotten in the twentieth century's use of theological as a pejorative term implying that an argument is needlessly theological. Jenkins urges a reassessment of their work and a greater understanding of the relationship between theology and literature. Recovering the lost literary power of American Protestantism, he claims, will make the character of God more compelling and help modern readers appreciate the peculiar power of the biblical characterization of God.

The Power of Character in Leadership Myles Munroe, 2014-01-01

How to Protect Your Leadership Influence and Power

You've worked hard to achieve your dreams and goals. Many others have done the same only to lose it all in the end. Every day we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership*

How Values Morals Ethics and Principles Affect Leaders you will discover what character is what it means to develop moral force and how to preserve your leadership influence so that it is both effective and enduring

Keller, 2013-05-28. Why do bad things happen even to good people? If there is a God, why aren't God's existence and God's will for humans more apparent? And if God really does miracles for some people, why not for others? This book examines these three problems of evil: suffering, divine hiddenness, and unfairness. If miracles happen as believers claim to explore how different ideas of God's power relate to the problem of evil. Keller argues that as long as God is believed to be all-powerful, there are no adequate answers to these problems, nor is it enough for theists simply to claim that human ignorance makes these problems insoluble. Arguing that there are no good grounds for the belief that God is all-powerful, Keller instead defends the understanding of God and God's power found in process theism and shows how it makes possible an adequate solution to the problems of evil while providing a concept of God that is religiously adequate. **When God the Son Became the Son**

of God Robert Fuller, 2008-03. Two baffling concepts have always confronted Christianity: the doctrine of the Trinity and the subject of Christology. Both subjects deal with the inexplicable mysteries of how God became incarnate in Jesus Christ and when did Jesus know He was God. The author believes the subject of the Trinity is actually simple and easily understood from a scriptural perspective. This book is for anyone who wants to know about the preexistence of Jesus Christ for believers who might be unsure about their personal salvation and for all Christians who want the entire message of how and why Jesus is the Son of God. Robert Fuller is an ordained minister having received his B.A. degree in the Biblical Field from Abilene

Christian University and a M Ed degree from the University of North Texas Mr Fuller states I was raised a Trinitarian as defined by the Nicene Counsel of 325 A D and was taught Chalcedonian Christology yet it was not until later in life that I have come to understand the scriptures concerning why and how God the Son emptied Himself not of divinity but of equality with Very God to become the Son of God and eventually the man Jesus Christ Jesus was the Son of God in human form and fulfilled God s perfect will so that God the Father gave Him the authoritative name of Jesus Jesus was aware of His divinity at His barmitzvah when He demonstrated to the temple priest His divine wisdom about the Torah Catholics have always been right about Mary being the Mother of God She knew Jesus was God in the flesh and no doubt informed Him early on about His miraculous conception Jesus virgin birth was something Mary just couldn t keep to herself Luke 1 46 56
