and I: a Reading for Leanne Long John Kordupel,2018-07-06 How deep does the Second Creation go The Second Coming

and I A Reading for Leanne Long seeks to answer this question Book 1 seeks to prove reincarnation and in doing so reveal

the Second Creation It translates alphabetical names into numerical names permitting us to determine whether there is a

nonrandom energy between different people The greater the degree of nonrandomness the greater the probability that one is

a reincarnation of the other It also demonstrates that our reincarnation history takes us back to the first medicine wheel

Sirius Lemuria home to Adam who subsequently manifests as Jesus Finally author John Kordupel addresses the question of

how one cures an illness that had its genesis in a previous lifetime arising from negative energy built up over a lifetime and

continuing through death Kordupel sought out energy healer Leanne Long in an attempt to dissipate the negative energies

influencing his own life and now he shares his discoveries with the world This study the first volume in a series explores a

Hazem Kandil,2016-08-12 Revolution reform and resilience comprise the respective fortunes of modern Iran Turkey and

Egypt Although the countries all experienced coups with remarkably similar ambitions each followed a very different

trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and

Egypt turned into a police state In The Power Triangle Hazem Kandil attributes the different outcomes to the power struggle

between the political military and security institutions Coups establish a division of labor with one group of officers running

government another overseeing the military and a third handling security But their interests begin to vary as each group

identifies with its own institution Politicians wish to rule indefinitely military officers prefer to return to barracks after

implementing the needed reforms and security men scramble to maintain the privileges they acquired in the post coup

emergency Driven by conflicting agendas these partners in domination struggle over regime control Using comparative

historical sociology Kandil demonstrates how regimes are constantly shaped and reshaped through the recurrent clashes and

shifting alliances between the team of rivals in this power triangle The Power Triangle s realist approach to regime change

shows that a clear explanation of pivotal events in Iran Turkey and Egypt is impossible without a firm grasp of the power

relations within each country s ruling bloc **International Directory of Company Histories** ,1988 International
