Migration and Performance in

Contemporary Ireland Charlotte McIvor, 2016-10-10 This book investigates Ireland's translation of interculturalism as social policy into aesthetic practice and situates the wider implications of this new interculturalism for theatre and performance studies at large. Offering the first full-length post 1990s study of the effect of large-scale immigration and interculturalism as social policy on Irish theatre and performance, McIvor argues that inward migration changes most of what can be assumed about Irish theatre and performance and its relationship to national identity. By using case studies that include theatre, dance, photography and activist actions, this book works through major debates over aesthetic interculturalism in theatre and performance studies post 1970s and analyses Irish social interculturalism in a contemporary European social and cultural policy context. Drawing together the work of professional and community practitioners who frequently identify as both artists and activists, *Migration and Performance in Contemporary Ireland* proposes a new paradigm for the study of Irish theatre and performance while contributing to the wider investigation of migration and performance.

Theatre and Archival Memory Barry Houlihan, 2021-07-28 This book presents new insights into the production and reception of Irish drama, its internationalisation and political influences within a pivotal period of Irish cultural and social change. From the 1950s onwards, Irish theatre engaged audiences within new theatrical forms at venues from the Pike Theatre, the Project Arts Centre and the Gate Theatre, as well as at Ireland's national theatre, the Abbey. Drawing on newly released and digitised archival records, this book argues for an inclusive historiography reflective of the formative impacts upon modern Irish theatre as recorded within marginalised performance histories. This study examines these works' experimental dramaturgical impacts in terms of production, reception and archival legacies. The book, framed by the device of archival memory, serves as a means for scholars and theatre makers to inter-contextualise existing historiography and to challenge canon formation. It also presents a new social history of Irish theatre told from the fringes of history and reanimated through archival memory.

The Theatre of Martin McDonagh Lilian Chambers, Eamonn Jordan, 2006 With such plays as *The Beauty Queen* 1996, *The Cripple of Inishmaan* 1997, *The Lonesome West* 1997, *A Skull in Connemara* 1997, *The Lieutenant of Inishmore* 2001 and *The Pillowman* 2003, Martin McDonagh has made a huge reputation for himself, internationally winning multiple awards for his work and enjoying universal critical acclaim. Most recently, he won an Oscar for his short film *Six Shooter* 2006. This collection of essays is a vital and significant response to the many challenges set by McDonagh for those involved in the production and reception of his work. The volume brings together critics and commentators from around the world who assess the work from a diverse range of often provocative approaches. What is not surprising is the focus and commitment of the engagement, given the controversial and still whether for or against, this is an essential read for all who wish to enter the complex debate about the Theatre of Martin McDonagh.

Plays and Controversies Ben Barnes, 2008 In diaries covering the period of his artistic directorship of the Abbey, Ben Barnes offers a frank, honest and probing account of a much commented upon and controversial period in the history of the national theatre.

These diaries also provide fascinating personal insights into the day to day pressures joys and frustrations of running one of Ireland's most iconic institutions For over a century now the Abbey has conducted its love hate relationship with the Irish public and the wider international audience and in *Plays and Controversies* Ben Barnes illuminates his own eventful chapter in that absorbing story the impact of a fascinating still remembered chapter in the story of the Abbey Theatre related at first hand with a fire and a vigorous sense of commitment comparable to that of the founding fathers Christopher FitzSimons Barnes addresses a moment in Irish cultural history which stands as a many sided cautionary tale It is the tale of an embattled man a courageous man who dares to borrow Yeats's title because he found himself for a time in similar circumstances running the national theatre though in altogether different conditions Chris Murray We believe that this book is an important historical record of a recent tumultuous period in relation to the Abbey Theatre and anticipate that it will make a worthwhile contribution to lively cultural debate on theatre history and politics
