Your Mind Is My Experience Nwokorie Matthew,2014-03-10 Your body is not your limitation as is generally believed by many Limitations in life are all a product of the mind Where you are today and where you will be tomorrow are a result of the functioning of your mind Many have been trained or indoctrinated to believe that they are limited in life because of their physical condition The truth is they are limited by their poor vision Their vision of the things they can accomplish can be so limited that they see goals as impossible Because they see things in these terms it makes them draw inspiration from only those things thereby limiting their physical aspect of life The human mind was created not to function with any form of limitation but because of religious traditional and societal beliefs not based on fact men and women are held back from making the most of their lives Do you want to live an unlimited life If so you need to have a vision that comes from God and not from men The author was motivated to write this book because so many are being limited in their life endeavors while only a very few are in control of the wealth of this world He states My dream is to reveal the truth to the world about the ability of what a mind can do
