The Power of Conscious Dying Joy Tianyun Wu, 2018-05-09 This book starts with Dr Joy Tianyun Wu observing one of her patients dying in a deep coma as a result of morphine application That incident inspired her to search for answers to the question of Natural Conscious Dying Dr Wu's mother played a key role in her understanding of the value of cultural traditions where people gain so much wisdom and experience from life itself and not just from the medical system Dr Wu learned about the soul's existence through her life long immersion in Chinese traditional culture and story of her mother's childhood experience of soul calling tradition The most inspiring in this book however is the story of Dr Wu's great grandmother's natural conscious dying When Dr Wu's great grandmother sensing her time of dying had arrived refused enticements to eat food take medicine or get a doctor she simply told everyone she was ready to go In addition she asked people to forgive her if she had mistakenly accused them of misdeeds during her lifetime Dr Wu's great grandmother represented an excellent model of the deep tradition of good dying She also represented a revered role model as an elder who had lived a good life Living a healthy life with the ability to predict our time of transition and completely accepting it without any resistance is certainly a healthy life cycle and a good death which all of us need to consider in modern life In this book Dr Wu shares her experiences after observing cases using modern medical system protocols that appeared to create serious suffering for the dying individual and family members It is something that inspired Dr Wu to find alternative solutions reaching deep into the knowledge and wisdom of Traditional Chinese Medicine and cultural traditions It is these solutions that she brings in her Natural Conscious Dying NCD concepts The book shows you an amazing phenomena happening in these cases that the patients were received acupuncture and moxa at the last a few days or last hours Dr Wu gained a deeper level of understanding about the benefits of natural conscious dying for the soul Here in this book she wants to share all of it with you The Power of Conscious Dying contains very rich information gleaned from life stories clinical cases cultural traditions wisdom Traditional Chinese Medicine knowledge and spirituality Those who care about their soul's

journey should take a completely new approach to the inevitable event of dying And this is exactly what this book is offering to give you **Living Meaningfully, Dying Joyfully** Kelsang Gyatso,1999 Practicing Conscious Living and Dying Annamaria Hemingway,2007-12-20 An uplifting collection of spiritually illuminating texts and powerfully thought provoking real life stories showing death as an integral part of life Modern medical advances have resulted in death and dying becoming a taboo which leaves us feeling isolated when the inescapability of death touches our lives These touching observations of closeness to someone else who is dying and personal accounts of near death experiences and after death communication illustrate how coming to terms with the inevitability of death is actually a life affirming experience These emotionally powerful and inspirational experiences address timeless questions and show how each of the people has come to understand that death teaches us that the preciousness of life must be lived with a sense of purpose and meaning as a celebration of our existence **Conscious Dying** Marvin G Celestial,2025-07-31 Conscious Dying Overcoming the Stigma of Death was born from a longing to change how we see one of life s most certain yet most silenced experiences death For too long death has been treated as something to fear to avoid and to push into the shadows In modern culture we speak of it in hushed tones we hide it behind hospital curtains and we leave people to face it alone Yet across time and tradition there has always been another way to walk toward death with open eyes and an open heart This book invites a gentle revolution in how we accompany ourselves and others through the final threshold of life It explores death as a sacred passage rather than a catastrophic ending With a voice that is at once poetic lyrical and practical the author guides the reader into a space where dying becomes a conscious act of presence love and surrender Drawing from years of personal reflection spiritual teachings and the wisdom of those who have stood at the bedside of the dying Conscious Dying becomes a companion for anyone who has ever wondered How do I prepare for this How do I help someone I love prepare And can death like life be embraced as an art Within these pages the reader is offered Reflections on fear stigma and the hidden beauty within endings Practical guidance for supporting the dying and those in grief Practices for inner preparation ways to meet death with dignity clarity and peace A vision of how conscious dying transforms the living as much as the dying At its heart this book is a love letter to life through the doorway of death It reminds us that every goodbye is also a threshold to something vast and that by learning to speak openly about death we are also learning to live more fully In a world that has forgotten how to face its own impermanence Conscious Dying offers a lantern a tender brave guide for anyone ready to look at death not as the end of love but as one of its deepest expressions
