The International Court of Justice and Municipal Courts Oktawian Kuc, 2022-04-28 Recent decades have brought international and municipal courts much closer together and induced meaningful cooperation This holds true also for the International Court of Justice and domestic judicial institutions as they engage actively in an inter judicial dialogue particularly on the normative level Due to the impact of globalisation and internationalisation the World Court has expanded its jurisprudence to also accommodate references and analysis of external judicial organs and their pronouncements Likewise ICJ decisions are referred to and consulted by municipal courts as authoritative statements of international norms or assistance in fact determination This monograph examines this inter judicial dialogue in a comprehensive manner by identifying and analysing all its aspects as evidenced in respective jurisprudence Surprisingly the mutual conversation in judicial decisions between the World Court and national judicial institutions has drawn little attention from international legal scholarship and the book is designed to fill this lacuna The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
