PREFACE THIS book is neither a chronicle intime nor a collection of anecdotes it is simply an endeavour to give both in letterpress and illustrations a brief review of the artists who have painted under the Pre Raphaelite inspiration and of the work which they have done It is somewhat remarkable that though ample and authoritative histories of the English Pre Raphaelite painters have been promised and though scattered notices critical and biographical have been published from time to time no epitome has been written to set forth succinctly and in a handy form the essential facts of the inception and rise of the movement and the work of the founders and followers of the school as a whole Though it would have been impossible in the space available to attempt a complete and elaborate history of a movement so vast and farreaching the
